Animal Service information

State your position below

Neutral

Comments

Riverside County Animal Services has contracted with Outcomes Consulting , under Kristen Hassen to partner with county leaders and staff to address community cat crisis in county. How will this partnership be different than Best Friends Organization partnership ? Records reflect county received funding of \$90 thousand from ASPCA and in 2020/21 there's a grant from Best Friends Organization for \$190 thousand for cats specifically. What were funds used for and how will the new consultant be used to actually reduce the number of homeless cats in need of TNRV?

The "canine crisis" in Riverside County has national attention, yet very little action by Animal Services. Euthanasia doesn't prevent breeding, not enforcing laws and ordinances enables "backyard breeding" which is increasingly troubling and some areas Fish & Wildlife are reported to be considering used to assist in areas of Riverside County where land is prohibitively allowing capture of these domestic pack roaming dogs. Is Riverside County investing in more MASH units to spay/neuter in areas not being served appropriately?

What is Riverside County's plan of action to end reign as "euthanasia capital"?
