**BACKGROUND:**

**Summary**

On August 1, 2023, the Board of Supervisors approved initiation of Ordinance No. 580.8 that amends Ordinance No. 580.7 in its entirety. On February 6, 2024, the Board of Supervisors introduced Ordinance No. 580.8 that amends Ordinance 580.7 in its entirety relating to mobile food facilities and street food vending. A Summary of Ordinance No. 580.8 has been published.

An amendment to Ordinance 580.7, relating to Mobile Food Facilities and street food vending, is needed to comply with Senate Bill 972. Senate Bill 972 became effective January 1, 2023. This revision proposes the following changes:

- Modify existing mobile food categories and include the Compact Mobile Food Operation (CMFO) category mandated by Senate Bill 972.
- Expand the definition of limited food preparation in California Retail Food Code (CRFC) to include cooking of raw proteins and chopping of produce.
- Allow expansion of private residences and other non-food facilities to serve as commissary facilities as outlined in California Retail Food Code for Cottage Food (Class B) and other prepackaged mobile food facilities.
- Prohibit expansion of Microenterprise Home Kitchens Operations (MeHKO) to act as a commissary for CMFOs. Residential settings are not designed or intended to manage the potential for grease, trash and vermin likely if not prohibited.
- Allow standard plans to be approved to streamline permitting and reduce cost to applicant.
- Define minimum fees for updated mobile food categories. (Comparison fees of surrounding counties are included as an attachment).

**Impact on Residents and Businesses**

A potential positive impact on residents would be expected as it promotes a wider selection of mobile food facilities offering a broader menu of food that may be offered by mobile food operators. This may also have a positive impact on public health by reducing unregulated food vending. This revision provides additional mobile food vending options, streamlines the permitting process, and reduces permit costs to facilitate greater access for food vendors to get the required Environmental Health permit. Expanding commissary options will alleviate the historical lack of adequate options to support mobile food facilities in Riverside County. Educational materials have been produced and are included as attachments. In-person

workshops were also offered to educate the public on the changes. Modifications to permitting procedures for external agencies or incorporated cities are not anticipated.

SUMMARY OF ORDINANCE NO. 580.8  
AN ORDINANCE OF THE COUNTY OF RIVERSIDE AMENDING ORDINANCE NO 580  
RELATING TO MOBILE FOOD FACILITIES AND STREET FOOD VENDING

This summary is presented pursuant to California Government Code Section 25124(b): a certified copy of the full text of Ordinance No. 580.8 may be examined at the Office of the Clerk of the Board of Supervisors of the County of Riverside, located at 4080 Lemon Street, 1st Floor, Riverside, California.

Ordinance 580.8, amends Ordinance 580 in its entirety, keeping much of the original language and regulations but also adding or updating terminology and definitions to reflect current state law and provide clarity. The revision is needed to comply with Senate Bill 972 which became effective January 1, 2023. This revision proposes the following changes:

1. Modify existing mobile food categories and include the Compact Mobile Food Operation (CMFO) category mandated by Senate Bill 972.
2. Expand the definition of limited food preparation in California Retail Food Code (CRFC) to include cooking of raw proteins and chopping of produce.
3. Allow expansion of private residences and other non-food facilities to serve as commissary facilities as outlined in California Retail Food Code for Cottage Food (Class B) and other prepackaged mobile food facilities.
4. Prohibits expansion of Microenterprise Home Kitchens Operations (MeHKO) to act as a commissary for CMFOs. Residential settings are not designed or intended to manage the potential for grease, trash, and vermin likely if not prohibited.
5. Allow standard plans to be approved to streamline permitting and reduce costs to applicants.
6. Define minimum fees for updated mobile food categories. (Comparison fees of surrounding counties are included as an attachment).

**Impact on Residents and Businesses**

A potential positive impact on residents would be expected as it promotes a wider selection of mobile food facilities offering a broader menu of food that may be offered by mobile food operators. This may also have a positive impact on public health by reducing unregulated food vending. This revision provides additional mobile food vending options, streamlines the permitting process, and reduces permit costs to facilitate greater access for food vendors to get the required Environmental Health permit. Expanding commissary options will alleviate the historical lack of adequate options to support mobile food facilities in Riverside County. Educational materials have been produced and are included as attachments. In-person workshops were also offered to educate the public on the changes. Modifications to permitting procedures for external agencies or incorporated cities are not anticipated. Ordinance 580.8 would take effect 30 days after its adoption.

BOARD OF SUPERVISORS OF THE COUNTY OF RIVERSIDE, STATE OF CALIFORNIA SUMMARY OF ORDINANCE NO. 580.8 AN ORDINANCE OF THE COUNTY OF RIVERSIDE AMMENDING ORDINANCE NO 580 RELATING TO MOBILE FOOD FACILITES AND STREET FOOD VENDING This summary is presented pursuant to California Government Code Section 25124(b): a certified copy of the full text of Ordinance No. 580.8 may be examined at the Office of the Clerk of the Board of Supervisors of the County of Riverside, located at 4080 Lemon Street, 1st Floor, Riverside, California. Ordinance 580.8, amends Ordinance 580 in its entirety, keeping much of the original language and regulations but also adding or updating terminology and definitions to reflect current state law and provide clarity. The revision is needed to comply with Senate Bill 972 which became effective January 1, 2023. This revision proposes the following changes: Impact on Residents and Businesses A potential positive impact on residents would be expected as it promotes a wider selection of mobile food facilities offering a broader menu of food that may be offered by mobile food operators. This may also have a positive impact on public health by reducing unregulated food vending. This revision provides additional mobile food vending options, streamlines the permitting process, and reduces permit costs to facilitate greater access for food vendors to get the required Environmental Health permit. Expanding commissary options will alleviate the historical lack of adequate options to support mobile food facilities in Riverside County. Educational materials have been produced and are included as attachments. In-person workshops were also offered to educate the public on the changes.

NOTICE OF PUBLIC HEARING BEFORE THE BOARD OF SUPERVISORS OF RIVERSIDE COUNTY ON AN ORDINANCE, ALL DISTRICTS  
NOTICE IS HEREBY GIVEN that a public hearing at which all interested persons will be heard, will be held before the Board of Supervisors of Riverside County, California, on the 1st Floor Board Chambers, County Administrative Center, 4080 Lemon Street, Riverside, on Tuesday, March 12, 2023 at 9:30 A.M. or as soon as possible thereafter, to consider the following: Introduction of Ordinance No. 580.8, an ordinance of the county of riverside amending ordinance no 580 relating to mobile food facilities, commissary requirements, and street vending. All Districts.

**SUMMARY OF ORDINANCE NO. 580.8  
AN ORDINANCE OF THE COUNTY OF RIVERSIDE  
AMENDING ORDINANCE NO 580 RELATING TO  
MOBILE FOOD FACILITIES AND STREET FOOD  
VENDING**

This summary is presented pursuant to California Government Code Section 25124(b): a certified copy of the full text of Ordinance No. 580.8 may be examined at the Office of the Clerk of the Board of Supervisors of the County of Riverside, located at 4080 Lemon Street, 1st Floor, Riverside, California. Ordinance 580.8, amends Ordinance 580 in its entirety, keeping much of the original language and regulations but also adding or updating terminology and definitions to reflect current state law and provide clarity. The revision is needed to comply with Senate Bill 972 which became effective January 1, 2023. This revision proposes the following changes:

1. Modify existing mobile food categories and include the Compact Mobile Food Operation (CMFO) category mandated by Senate Bill 972.
2. Expand the definition of limited food preparation in California Retail Food Code (CRFC) to include cooking of raw proteins and chopping of produce.
3. Allow expansion of private residences and other non-food facilities to serve as commissary facilities as outlined in California Retail Food Code for Cottage Food (Class B) and other prepackaged mobile food facilities.
4. Prohibits expansion of Microenterprise Home Kitchens Operations (MeHKO) to act as a commissary for CMFOs. Residential settings are not designed or intended to manage the potential for grease, trash, and vermin likely if not prohibited.
5. Allow standard plans to be approved to streamline permitting and reduce costs to applicants.
6. Define minimum fees for updated mobile food categories. (Comparison fees of surrounding counties are included as an attachment).

**Impact on Residents and Businesses**  
A potential positive impact on residents would be expected as it promotes a wider selection of mobile food facilities offering a broader menu of food that may be offered by mobile food operators. This may also have a positive impact on public health by reducing unregulated food vending. This revision provides additional mobile food vending options, streamlines the permitting process, and reduces permit costs to facilitate greater access for food vendors to get the required Environmental Health permit. Expanding commissary options will alleviate the historical lack of adequate options to support mobile food facilities in Riverside County. Educational materials have been produced and are included as attachments. In-person workshops were also offered to educate the public on the changes. Modifications to permitting procedures for external agencies or incorporated cities are not anticipated. Ordinance 580.8 would take effect 30 days after its adoption.
