**BACKGROUND:**

**Summary**

On July 26, 2011, Minute Order 3.1, the Board of Supervisors directed the Emergency Medical Services (EMS) Agency to review the County's medical dispatch procedures. In addition, a Board workshop was held on October 17, 2011, in which Electronic Medical Dispatch was discussed.

In response to this, on January 10, 2012, Minute Order 3.34 the Board of Supervisors approved the purchase of Emergency Medical Dispatch (EMD) software and associated maintenance and licensing, along with up to four (4) additional one (1) year periods of software licensing and maintenance from Priority Dispatch Corporation. This allowed the department to move forward with implementation of the Emergency Medical Dispatch software with Fire's CAD (Computer Aided Dispatch) software.

On July 2, 2019, Minute Order 3.13, the Board of Supervisors approved the purchase of six (6) additional one (1) year periods of software licensing and maintenance from Priority Dispatch Corporation.

Fire utilizes the Peraton (formerly Northrop Grumman) Altaris Computer-Aided Dispatch (CAD) system in accordance with our contract with the California Department of Forestry and Fire Protection (CALFire). The Priority Dispatch Corporation ProQA product is the only EMD package that will fully integrate with the Altaris CAD at no additional costs to the County. The ProQA product has been integrated with Fire's CAD at the Emergency Command Center since 2012.

This software package allows EMS providers to immediately identify the nature of the emergency call. The information gathered from the caller will be utilized to help initiate effective

STATE OF CALIFORNIA**

pre-hospital treatment prior to the first responder arrival. With the information gathered, the caller will be given precise guided instructions that will assist the caller with the medical emergency and give the first responders information that will help prepare them once they arrive on scene.

Subsequent to the end of this original Contract, Fire obtained Sole Source approval from the Purchasing Agent for software licensing and maintenance for an annual amount (based on current number of licenses and projected growth and expansion) not to exceed \$546,000 over a five (5) year period, based on available funding, and issued Purchase Orders annually until the expiration on December 31, 2028.

Based on forecasted personnel growth trends during the period beginning January 1, 2024, and ending December 31, 2028, there is a need to purchase additional software licenses and associated support and maintenance which exceeds the Purchasing Agent Authority for Sole Source approval. The annual maintenance cost of the purchased licenses includes licensing, system updates, security updates, and training aids.

**Impact on Citizens and Businesses**

This software package allows our first responders to more effectively respond to medical emergencies. The citizens and businesses of Riverside County will receive a direct benefit from the Fire Department utilizing this software.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

The Department will spend no more than \$546,000 in the five (5) year performance period through 2028.

<b>NEW TOTAL - Not to Exceed Annual Expenditure</b>	<b>\$82,000</b>	<b>\$110,000</b>	<b>\$114,000</b>	<b>\$118,000</b>	<b>\$122,000</b>

**Contract History and Price Reasonableness**

The Department has been contracting with Priority Dispatch Corporation since 2012. The County is receiving a 10% discount off the government price for combining both the medical and fire modules of the ProQA Software Program, which is consistent with historical purchases. The pricing presented represents fixed pricing for a five (5) year period. Taking into consideration the previous net annual increase of customization, staff training, and other associated expenses, the pricing is determined to be fair and reasonable. The per unit pricing will not be changing, only the annual approved not to exceed budget.

The pricing presented represents proposed annual not to exceed expenditures in the event

STATE OF CALIFORNIA**

additional licenses (which will require subsequent software maintenance fees) are necessary to support operational needs, based on contracted rates through the period of performance of this agreement. The software will continue to be utilized until it is determined it is no longer enhanced and/or supported, or there is a cost advantage in changing technologies as this industry evolves.

If any such alteration causes an increase or decrease in the cost of, or the time required for the performance under this Agreement, an equitable adjustment shall be made in the Agreement price or delivery schedule, or both, and the Agreement shall be modified by written amendment accordingly.

**4.2** Any claim by the CONTRACTOR for additional payment related to this Agreement shall be made in writing by the CONTRACTOR within 30 days of when the CONTRACTOR has or should have notice of any actual or claimed change in the work, which results in additional and unanticipated cost to the CONTRACTOR. **5.5** CONTRACTOR's rights under this Agreement shall terminate (except for fees accrued prior to the date of termination) upon dishonesty or a willful or material breach of this Agreement by CONTRACTOR; or in the event of CONTRACTOR's unwillingness or inability for any reason whatsoever to perform the terms of this Agreement. In such event, CONTRACTOR shall not be entitled to any further compensation under this Agreement.

All such books, documents and records shall be maintained by CONTRACTOR for at least five years following termination

of this Agreement and be available for audit by the COUNTY. CONTRACTOR shall provide to the COUNTY reports and information related to this Agreement as requested by COUNTY.

CONTRACTOR shall defend the Indemnitees at its sole expense including all costs and fees (including, but not limited, to attorney fees, cost of investigation, defense and settlements or awards) in any claim or action based upon such acts, omissions or services. It is understood that CONTRACTOR does not guarantee, nor indemnify, nor shall CONTRACTOR hold any licensed party harmless to any use of or reliance upon the dispatch protocols provided by CONTRACTOR under this Agreement.

**21.2** With respect to any action or claim subject to indemnification herein by CONTRACTOR, CONTRACTOR shall, at their sole cost, have the right to use counsel of their own choice and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of COUNTY; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes CONTRACTOR indemnification to Indemnitees as set forth herein.

**21.3** CONTRACTOR'S obligation hereunder shall be satisfied when CONTRACTOR has provided to COUNTY the appropriate form of dismissal relieving COUNTY from any liability for the action or claim involved.

**21.4** The specified insurance limits required in this Agreement shall in no way limit or circumscribe CONTRACTOR'S obligations to indemnify and hold harmless the Indemnitees herein from third party claims.

**22. Insurance**

**22.1** Without limiting or diminishing the CONTRACTOR'S obligation to indemnify or hold the COUNTY harmless, CONTRACTOR shall procure and maintain or cause to be maintained, at its sole cost and expense, the following insurance coverage's during the term of this Agreement. As respects to the insurance section only, the COUNTY herein refers to the County of Riverside, its Agencies, Districts, Special Districts, and Departments, their respective directors, officers, Board of Supervisors, employees, elected or appointed officials, agents, or representatives as Additional Insureds.

A. (Intentionally Left Blank)

**B. Commercial General Liability:**

Commercial General Liability insurance coverage, including but not limited to, premises liability, unmodified contractual liability, products and completed operations liability, personal and advertising injury, and cross liability coverage, covering claims which may arise from or out of CONTRACTOR'S performance of its obligations hereunder. Policy shall name the COUNTY as Additional Insured. Policy's limit of liability shall not be less than \$2,000,000 per occurrence combined single limit. If such insurance contains a general aggregate limit, it shall apply separately to this agreement or be no less than two (2) times the occurrence limit.

C. (Intentionally Left Blank)

D. (Intentionally Left Blank)

**E. Insurance Requirements for IT Contractor Services:**

1) CONTRACTOR shall procure and maintain for the duration of the contract insurance against claims for injuries to person or damages to property which may arise from or in connection with the performance of the work hereunder by the CONTRACTOR, its agents, representatives, or employees. CONTRACTOR shall procure and maintain for the duration of the contract insurance claims arising out of their services and including, but not limited to loss, damage, theft or other misuse of data, infringement of intellectual property, invasion of privacy and breach of data.

2) **Cyber Liability** Insurance, with limits not less than \$2,000,000 per occurrence or claim, \$2,000,000 aggregate. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by CONTRACTOR in this agreement and shall include, but not limited to, claims involving infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private coverage for breach response costs as well as regulatory fines and penalties as well as credit monitoring expenses with limits sufficient to respond to these obligations.

3) If the CONTRACTOR maintains broader coverage and/or higher limits than the minimums shown above, the COUNTY requires and shall be entitled to the broader coverage and/or higher limits maintained by the CONTRACTOR. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the COUNTY.

**F. General Insurance Provisions- All lines:**

1) Any insurance carrier providing insurance coverage hereunder shall be admitted to the State of California and have an A M BEST rating of not less than A: VIII (A:8) unless such requirements are waived, in writing, by the Count Risk Manager. If the County's Risk Manager waives a requirement for a particular insurer such waiver is only valid for that specific insurer and only for one policy term.

2) The CONTRACTOR must declare its insurance self-insured retention for each coverage required herein. If any such self-insured retention exceeds \$500,000 per occurrence each such retention shall have the prior written consent of the County Risk Manager before the commencement of operations under this Agreement. Upon notification of self-insured retention unacceptable to the COUNTY, and at the election of the County's Risk Manager, CONTRACTOR'S carriers shall either; 1) reduce or eliminate such self-insured retention as respects this Agreement with the COUNTY, or 2) procure a bond which guarantees payment of losses and related investigations, claims administration, and defense costs and expenses.

3) CONTRACTOR shall cause CONTRACTOR'S insurance carrier(s) to furnish the County of Riverside with either 1) a properly executed original Certificate(s) of Insurance and certified original copies of Endorsements effecting coverage as required herein, and 2) if requested to do so orally or in writing by the County Risk Manager, provide original Certified copies of policies including all Endorsements and all attachments thereto, showing such insurance is in full force and effect. Further, said Certificate(s) and policies of insurance shall contain the covenant of the insurance carrier(s) that thirty (30) days written notice shall be given to the County of Riverside prior to any material modification, cancellation, expiration or reduction in coverage of insurance. In the event of a material modification, cancellation, expiration, or reduction in coverage, this Agreement shall terminate forthwith, unless the County of Riverside receives, prior to such effective date, another properly executed original Certificate of Insurance and original copies of endorsements or certified original policies, including all endorsements and attachments thereto evidencing coverage's set forth herein and the insurance required herein is in full force and effect. CONTRACTOR shall not commence operations until the COUNTY has been furnished original Certificate (s) of Insurance and certified original copies of endorsements and if requested, certified original policies of insurance including all endorsements and any and all other attachments as required in this Section. An individual authorized by the insurance carrier shall sign the original endorsements for each policy and the Certificate of Insurance.

4) It is understood and agreed to by the parties hereto that the CONTRACTOR'S insurance shall be construed as primary insurance, and the COUNTY'S insurance and/or deductibles and/or self-insured retention's or self-insured programs shall not be construed as contributory.

5) If, during the term of this Agreement or any extension thereof, there is a material change in the scope of services; or, there is a material change in the equipment to be used in the performance of the scope of work; or, the term of this Agreement, including any extensions thereof, exceeds five (5) years; the COUNTY reserves the right to adjust the types of insurance and the monetary limits of liability required under this Agreement, if in the County Risk Manager's reasonable judgment, the amount or type of insurance carried by the CONTRACTOR has become inadequate.

6) CONTRACTOR shall pass down the insurance obligations contained herein to all tiers of subcontractors working under this Agreement.

7) The insurance requirements contained in this Agreement may be met with a program(s) of self-insurance acceptable to the COUNTY.

8) CONTRACTOR agrees to notify COUNTY of any claim by a third party or any incident or event that may give rise to a claim arising from the performance of this Agreement.

**23. General**

**23.1** CONTRACTOR shall not delegate or assign any interest in this Agreement, whether by operation of law or otherwise, without the prior written consent of COUNTY. Any attempt to delegate or assign any interest herein shall be deemed void and of no force or effect.

**23.2** Any waiver by COUNTY of any breach of any one or more of the terms of this Agreement shall not be construed to be a waiver of any subsequent or other breach of the same or of any other term of this Agreement. Failure on the part of COUNTY to require exact, full, and complete compliance with any terms of this Agreement shall not be construed as in any manner changing the terms or preventing COUNTY from enforcement of the terms of this Agreement.

**23.3** In the event the CONTRACTOR receives payment under this Agreement, which is later disallowed by COUNTY for nonconformance with the terms of the Agreement, the CONTRACTOR shall promptly refund the disallowed amount to the COUNTY on request; or at its option the COUNTY may offset the amount disallowed from any payment due to the CONTRACTOR.

**23.4** CONTRACTOR shall not provide partial delivery or shipment of services or products unless specifically stated in the Agreement.

**23.5** CONTRACTOR shall not provide any services or products subject to any chattel mortgage or under a conditional sales contract or other agreement by which an interest is retained by a third party. The CONTRACTOR warrants that it has good title to all materials or products used by CONTRACTOR or provided to COUNTY pursuant to this Agreement, free from all liens, claims, or encumbrances.

**23.6** Nothing in this Agreement shall prohibit the COUNTY from acquiring the same type or equivalent equipment, products, materials or services from other sources, when deemed by the COUNTY to be in its best interest. The COUNTY reserves the right to purchase more or less than the quantities specified in this Agreement.

**23.7** The COUNTY agrees to cooperate with the CONTRACTOR in the CONTRACTOR's performance under this Agreement, including, if stated in the Agreement, providing the CONTRACTOR with reasonable facilities and timely access to COUNTY data, information, and personnel.

**23.8** CONTRACTOR shall comply with all applicable Federal, State and local laws and regulations. CONTRACTOR will comply with all applicable COUNTY policies and procedures. In the event that there is a conflict between the various laws or regulations that may apply, the CONTRACTOR shall comply with the more restrictive law or regulation.

**23.9** CONTRACTOR shall comply with all air pollution control, water pollution, safety and health ordinances, statutes, or regulations, which apply to performance under this Agreement.

**23.10** CONTRACTOR shall comply with all requirements of the Occupational Safety and Health Administration (OSHA) standards and codes as set forth by the U.S. Department of Labor and the State of California (Cal/OSHA).

**23.11 Governing Law.** COUNTY, CONTRACTOR, and this Agreement are subject to the laws of the State of California and the United States of America, and any regulations promulgated thereto. Any provision required to be in this Agreement by any of applicable Federal or State laws and regulations thereto shall bind COUNTY and CONTRACTOR, whether or not expressly provided in this Agreement.

**23.12 Venue.** All actions and proceedings arising in connection with this Agreement shall be tried and litigated exclusively in the State and Federal (if permitted by law and a Party elects to file an action in federal court) courts located in the County of Riverside, State of California.

**23.13 Severability.** If any provision, clause, sentence or paragraph of this Agreement shall be held invalid by any court of competent authority, such invalidity shall not affect the other provisions of this Agreement which can be given effect without the invalid provision of application, and to this end, the provisions of this Agreement are severable.

**23.14 Counterparts.** This Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

**23.15 Interpretation.** The parties to this Agreement and their counsel have reviewed and revised this Agreement, and the normal rule of construction to the effect that any ambiguities in an agreement are to be resolved against the drafting parties shall not be employed in the interpretation of this Agreement.

**23.16** This Agreement, including any attachments or exhibits, constitutes the entire Agreement of the parties with respect to its subject matter and supersedes all prior and contemporaneous representations, proposals, discussions and communications, whether oral or in writing. In the event of any conflict between this Agreement and its exhibits, the terms of this agreement shall govern and control the rights and obligations of the parties. This Agreement may be changed or modified only by a written amendment signed by authorized representatives of both parties.

**23.17** Each party of this Agreement agrees to the use of electronic signatures, such as digital signatures that meet the requirements of the California Uniform Electronic Transactions Act (“CUETA”) Cal. Civ. Code §§ 1633.1 to 1633.17), for executing this Agreement. The parties further agree that the electronic signatures of the parties included in this Agreement are intended to authenticate this writing and to have the same force and effect as manual signatures. Electronic signature means an electronic sound, symbol, or process attached to or logically associated with an electronic record and executed or adopted by a person with the intent to sign the electronic record pursuant to the CUETA as amended from time to time. The CUETA authorizes use of an electronic signature for transactions and contracts among parties in

California, including a government agency. Digital signature means an electronic identifier, created by computer, intended by the party using it to have the same force and effect as the use of a manual signature, and shall be reasonably relied upon by the parties. For purposes of this section, a digital signature is a type of "electronic signature" as defined in subdivision (i) of Section 1633.2 of the Civil Code.

**23.18** If there is a conflict between this Agreement and the End User License Agreement, attached hereto and incorporated herein as Exhibit B, this Agreement shall control.

**1. *Software*** means the Priority Dispatch System (“PDS”) software, content, and manual flip cards that you receive from PDC in connection with this Agreement and as further identified in Customer’s invoice or quote from PDC, regardless of the medium on which it is stored. Documentation means any and all manuals, instructions and other documents and materials that PDC provides or makes available to Customer in any form or medium in relation to the Software. Whenever the context reasonably permits, any reference in this Agreement to “Software” shall also apply to the PDS and to the Documentation, which together comprise the Licensed Product. Except as provided below, in the section entitled “Limited Software Warranty,” any Updates to the Software received by you from PDC shall be included in this definition of Software and covered by this Agreement. User rights to the Software are obtained only from PDC, by license agreement with PDC.

**2. *A PDC Product.*** The Software (including its content) and any and all copies thereof and derivatives therefrom are owned by PDC or its Licensor(s) (altogether “PDC”). You acknowledge that PDC owns the copyrights, patent rights, trade secrets, trademarks and other intellectual property rights in and to the Software. License fees purchase only the limited License provided in this Agreement. You agree not to infringe upon any of these exclusive intellectual property rights of PDC and that you will not attempt to record or register any of

them for any party. Copies of the Software are loaned to you by PDC for the duration of the License only, and only for the purpose of enabling you to exercise your License rights (see also, section entitled "Termination").

**3. Stations, Licensed Stations, Number of Licensed Stations.** "Stations" are computers, terminals, nodes, computer aided dispatch stations, or workstations in your possession and/or control. "Licensed Stations" are your Stations that have access to the Software and for which you have paid the applicable License Fee to PDC for this License to use the Software. The "Number of Licensed Stations" is specified in your License Fee invoice or quote from PDC. You may not use the Software in connection with any Stations (or any other computers, terminals, nodes or workstations) other than the Licensed Stations, and the number of Stations using or having access to the Software shall at no time exceed the Number of Licensed Stations. "Training Stations" are Stations that have access to the Software but are dedicated to the purpose of training personnel on the use of computerized functions in the call-center and may not be used to take real or live calls. "Backup Stations" are Stations that have access to the Software but have been designated as backup stations for emergency contingency use only. Backup Stations are separate and independent from the Licensed Stations and shall not run concurrent functions with the Licensed Stations. Backup Stations are only licensed to be used in circumstances when the Licensed Stations are rendered inoperable.

**4. License of Software.** PDC grants to Customer a nonexclusive, non-transferable limited license (the "License") to use the Software on the Number of Licensed Stations. This License also authorizes you to use the Documentation, but only in connection with your licensed use of the Software. The Term of the License begins on the date you receive the Software and accept this Agreement. Rights not expressly granted to you under this Agreement are reserved by PDC.

**5. License Fee.** You shall pay PDC the License Fee specified in your invoice from PDC when the License is purchased, and the ESP fee annually thereafter. Any increase in the Number of Licensed Stations will require the payment of additional license fees to PDC at its then-current rate for incremental Licensed Stations for the Software.

**6. Copies & Use.** You may only copy Software for reasonable archival or back-up purposes. All trademark, copyright and proprietary rights notices must be reproduced by you and included on all copies. U.S. law, international law and treaties, and this Agreement all prohibit you from making any other copies; or from making any derivatives of the Software, system protocols, or anything in the PDS; or from making any use of the Software in any manner not licensed by this Agreement.

**7. Use and Protection of the Licensed Product(s) and PDS.** You are not entitled to receive any source code for the Software. Without PDC's express, prior written permission, you shall not: (a) *decompile, disassemble, reverse engineer, or otherwise attempt to discover the source code or trade secrets of the Software, or alter the Software or create any derivative work or product based upon, or derived from the PDS, Software or Documentation; or (b) transfer, disclose, rent, lease, loan, publicly display, adapt, timeshare, sublicense, duplicate, distribute, translate, modify, or alter the Software or any copy thereof, including, without limitation, any deletion from or addition to the Software, or allow third party access to or use of the Software or any copy thereof in any manner; or (c) use the Software in any way not specifically provided under this license.* Modification of the Software by implementing Updates provided by PDC under this Agreement, and by the addition of local response configurations to PDS dispatch codes (as provided for elsewhere in this Agreement) are not in breach of this section. You acknowledge that your material breach of this Agreement would provide PDC the option to terminate this License and/or withhold Service and Support and would also cause irreparable harm to PDC that could not be adequately compensated by damages alone. Consequently, PDC may seek and obtain, without posting any bond or providing any other security, immediate preliminary and permanent injunctions against your breach or threatened breach of the Agreement, in addition to any and all other legal and equitable remedies available, and you hereby consent to the obtaining of such injunctive relief. In addition to other remedies that may be available to PDC, PDC shall be entitled to recover any profits made by you as a result of the breach of this Agreement or the infringement of its intellectual property. Any derivative product, whether created knowingly or unknowingly, shall be the property of PDC.

## 8. Cloud Services.

a. Cloud Services. PDC may make the Software or certain other products, or services purchased by Customer from PDC (collectively, "**Cloud Services**") and made available to Customer online or through another hosted environment pursuant to a purchase order or other agreement between PDC and Customer.  
Access and Use.

(i) *Provision of Access.* Subject to the terms and conditions of this EULA, PDC hereby grants Customer a revocable, non-exclusive, non-transferable, non-sublicensable, limited right to access and use the Cloud Services during the term (the "**Term**") set out in the applicable agreement between Customer and PDC (the "**Customer Agreement**") solely for Customer's internal business operations by Authorized Users in accordance with the terms and conditions herein. PDC shall provide you the necessary passwords and access credentials to allow you to access the Cloud Services. "**Authorized User**" means Customer and Customer's employees, consultants, contractors, or agents who are authorized by Customer to access and use the Cloud Services under the rights granted to Customer pursuant to this EULA and any underlying agreement between Customer and PDC.

(ii) *Documentation License.* Subject to the terms and conditions contained in this Agreement, PDC hereby grants Customer a non-exclusive, non-sublicensable, non-transferable license for Authorized Users to use PDC's user manuals, handbooks, guides relating to the Cloud Services provided by PDC to Customer either electronically or in hard copy form, and end-user documentation relating to the Cloud Services during the Term solely for Customer's internal business purposes in connection with use of the Cloud Services.

(iii) *Use Restrictions.* Customer shall not, and shall not permit any Authorized Users to, use the Cloud Services, any software component of the Cloud Services, or Documentation for any purposes beyond the scope of the access granted in this EULA or the applicable Customer Agreement. Customer shall not at any time, directly or indirectly, and shall not permit any Authorized Users to: (i) copy, modify, or create derivative works of the Cloud Services, any software component of the Cloud Services, or Documentation, in whole or in part; (ii) rent, lease, lend, sell, license, sublicense, assign, distribute, publish, transfer, or otherwise make available the Cloud Services or Documentation except as expressly permitted under this Agreement; (iii) reverse engineer, disassemble, decompile, decode, adapt, or otherwise attempt to derive or gain access to any software component of the Cloud Services, in whole or in part; (iv) remove any proprietary notices from the Cloud Services or Documentation; or (v) use the Cloud Services or Documentation in any manner or for any purpose that infringes, misappropriates, or otherwise violates any intellectual property right or other right of any person, or that violates any applicable law, regulation, or rule.

(iv) *Aggregated Statistics.* Notwithstanding anything to the contrary in this Agreement, PDC may monitor Customer's use of the Cloud Services and collect, compile, use, and analyze data and information related to Customer's use of the Cloud Services to be used by PDC in an aggregated and anonymized manner, including to compile statistical and performance information related to the provision and operation of the Cloud Services ("**Aggregated Statistics**"). As between PDC and Customer, all right, title, and interest in Aggregated Statistics, and all intellectual property rights therein, belong to and are retained solely by PDC. You acknowledge that PDC may compile Aggregated Statistics based on Customer Data input into the Cloud Services. You agree that PDC may (i) make Aggregated Statistics publicly available in compliance with applicable law, and (ii) use Aggregated Statistics to the extent and in the manner permitted under applicable law; provided that such Aggregated Statistics do not identify Customer or Customer's Confidential Information.

(v) *Reservation of Rights.* PDC reserves all rights not expressly granted to Customer in this EULA or the applicable Customer Agreement. Except for the limited rights and licenses expressly granted under this Agreement or the applicable Customer Agreement nothing in this Agreement grants, by implication, waiver, estoppel, or otherwise, to Customer or any third party any intellectual property rights or other right, title, or interest in or to the Cloud Services, the Documentation, and all intellectual property provided to Customer or any other Authorized User in connection with the foregoing (the "**PDC IP**"). For the avoidance of doubt, PDC IP includes Aggregated Statistics and any information, data, or other content derived from PDC's monitoring of

Customer's access to or use of the Cloud Services but does not include Customer Data. "**Customer Data**" means, other than Aggregated Statistics, information, data, and other content, in any form or medium, that is submitted, posted, or otherwise transmitted by or on behalf of Customer or any other Authorized User through the Cloud Services. (vi) *Suspension*. Notwithstanding anything to the contrary in this Agreement, PDC may temporarily suspend Customer's and any other Authorized User's access to any portion or all of the Cloud Services if: (i) PDC reasonably determines that (A) there is a threat or attack on any of the PDC IP; (B) Customer's or any other Authorized User's use of the PDC IP disrupts or poses a security risk to the PDC IP or to any other customer or vendor of PDC; (C) Customer or any other Authorized User is using the PDC IP for fraudulent or illegal activities; (D) subject to applicable law, Customer has ceased to continue its business in the ordinary course, made an assignment for the benefit of creditors or similar disposition of its assets, or become the subject of any bankruptcy, reorganization, liquidation, dissolution, or similar proceeding; or (E) PDC's provision of the Cloud Services to Customer or any other Authorized User is prohibited by applicable law; (ii) any vendor of PDC has suspended or terminated PDC's access to or use of any third-party services or products required to enable Customer to access the Cloud Services; or (iii) in accordance with Section 5 (any such suspension described in subclause (i), (ii), or (iii), a "**Service Suspension**"). PDC shall use commercially reasonable efforts to provide written notice of any Service Suspension to Customer and to provide updates regarding resumption of access to the Cloud Services following any Service Suspension. PDC shall use commercially reasonable efforts to resume providing access to the Cloud Services as soon as reasonably possible after the event giving rise to the Cloud Services Suspension is cured. PDC will have no liability for any damage, liabilities, losses (including any loss of or profits), or any other consequences that Customer or any other Authorized User may incur as a result of a Service Suspension.

c. Customer Responsibilities.

(i) *Account Use*. Customer is responsible and liable for all uses of the Cloud Services and Documentation resulting from access provided by Customer, directly or indirectly, whether such access or use is permitted by or in violation of this Agreement. Without limiting the generality of the foregoing, Customer is responsible for all acts and omissions of Authorized Users, and any act or omission by an Authorized User that would constitute a breach of this Agreement if taken by Customer will be deemed a breach of this Agreement by Customer. Customer shall use reasonable efforts to make all Authorized Users aware of this Agreement's provisions as applicable to such Authorized User's use of the Cloud Services and shall cause Authorized Users to comply with such provisions.

(ii) *Customer Data*. Customer hereby grants to PDC a non-exclusive, royalty-free, worldwide license to reproduce, distribute, and otherwise use and display the Customer Data and perform all acts with respect to the Customer Data as may be necessary for PDC to provide the Cloud Services to Customer, and a non-exclusive, perpetual, irrevocable, royalty-free, worldwide license to reproduce, distribute, modify, and otherwise use and display Customer Data incorporated within the Aggregated Statistics. Customer will ensure that Customer Data and any Authorized User's use of Customer Data will not violate any policy or terms referenced in or incorporated into this Agreement or any applicable law. Customer is solely responsible for the development, content, operation, maintenance, and use of Customer Data.

(iii) *Passwords and Access Credentials*. Customer is responsible for keeping your passwords and access credentials associated with the Cloud Services confidential. Customer will not sell or transfer them to any other person or entity. Customer will promptly notify us about any unauthorized access to your passwords or access credentials.

(iv) *Third-Party Products*. The Cloud Services may permit access to Third-Party Products. For purposes of this Agreement, such Third-Party Products are subject to their own terms and conditions presented to Customer for acceptance within the Cloud Services by website link or otherwise. If Customer does not agree to abide by the applicable terms for any such Third-Party Products, then Customer should not install, access, or use such Third-Party Products.

d. Intellectual Property Ownership; Feedback. As between the Parties, (a) PDC owns all right, title, and interest, including all intellectual property rights, in and to the Cloud Services and (b) Customer owns all right, title, and interest, including all intellectual property rights, in and to Customer Data. If Customer or any of its employees, contractors, or agents sends or transmits any communications or materials to PDC by mail, email, telephone, or otherwise, suggesting or recommending changes to the Cloud Services, including without limitation, new features or functionality relating thereto, or any comments, questions, suggestions, or the like ("**Feedback**"), PDC is free to use such Feedback irrespective of any other obligation or limitation between the Parties governing such Feedback. All Feedback is and will be treated as non-confidential. Customer hereby assigns to PDC on its behalf, and shall cause Customer's employees, contractors, and agents to assign, all right, title, and interest in, and PDC is free to use, without any attribution or compensation to Customer or any third party, any ideas, know-how, concepts, techniques, or other intellectual property rights contained in the Feedback, for any purpose whatsoever, although PDC is not required to use any Feedback.

(i) Limited Warranty and Warranty Disclaimer. PDC warrants that it provides Cloud Services using a commercially reasonable level of care and skill. THE FOREGOING WARRANTY DOES NOT APPLY TO, AND PDC STRICTLY DISCLAIMS, ALL WARRANTIES, WITH RESPECT TO ANY THIRD-PARTY PRODUCTS.

(ii) Customer Warranty. Customer warrants that it owns all right, title, and interest, including all intellectual property rights, in and to Customer Data.

(iii) EXCEPT FOR THE LIMITED WARRANTY SET FORTH IN SUBPART (i) ABOVE THE CLOUD SERVICES ARE PROVIDED "AS IS" AND PDC SPECIFICALLY DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE. PDC SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT, AND ALL WARRANTIES ARISING FROM COURSE OF DEALING, USAGE, OR TRADE PRACTICE. PDC MAKES NO WARRANTY OF ANY KIND THAT THE CLOUD SERVICES, OR ANY PRODUCTS OR RESULTS OF THE USE THEREOF, WILL MEET YOUR OR ANY OTHER PERSON'S OR ENTITY'S REQUIREMENTS, OPERATE WITHOUT INTERRUPTION, ACHIEVE ANY INTENDED RESULT, BE COMPATIBLE OR WORK WITH ANY OF YOUR OR ANY THIRD PARTY'S SOFTWARE, SYSTEM, OR OTHER SERVICES, OR BE SECURE, ACCURATE, COMPLETE, FREE OF HARMFUL CODE, OR ERROR-FREE, OR THAT ANY ERRORS OR DEFECTS CAN OR WILL BE CORRECTED.

**9. Extended Service Plan.** This Agreement includes and incorporates the accompanying Extended Service Plan (ESP) agreement as set forth below.

**10. Taxes.** Any sales, use, withholding and other taxes, duties or government assessments relating to this Agreement or the License, or to the payments or transactions hereunder, shall be paid by you, in addition to all other specific payments required to be made by you under this Agreement. If any taxes or amounts are withheld or deducted by any government or authority from any license fees or payments to PDC, you shall be obligated to pay the taxes or amounts withheld or deducted so that the license fees and payments received by PDC are the full amounts contemplated by this Agreement before such withholding or deduction. If necessary, the license fees and amounts shall be increased ("grossed up") so that the license fees and payments actually received by PDC after such withholding and deductions are the full amounts. This section does not apply to U.S. federal or state taxes that may be imposed upon PDC based on net corporate income.

**11. Use of Software; Updates.** You may only use the Software in compliance with this Agreement and the Documentation. PDC may issue Updates or revisions to the Software and bulletins or advisories concerning use of the Software (see also, "Updates" in the ESP). Your failure to implement such PDC-provided Updates or revisions within 90-days of PDC providing same to you will constitute a material breach of this Agreement, giving PDC the right to terminate the License for cause and/or to withhold further Service and Support, and you hereby agree to indemnify and hold PDC and the IAED harmless from and against any damages and liabilities that may arise from failure on your part to implement such Updates (see also, ESP Section titled "Unsafe

Practices”). Updates to the Software received by you from PDC shall be covered as “Software” under this Agreement, as provided above, in the section of this Agreement entitled “Software.” An exception to this general rule is provided immediately below with respect to refunds, in the section entitled “Limited Software Warranty.”

**12. Limited Software Warranty.** PDC warrants that if the Software does not materially conform with its descriptions in the Documentation and PDC’s published specifications, and if you report in writing to PDC within 30 days after delivery of the Software to you any material failure of the Software to so conform with the Documentation or specifications, then PDC will, at its sole option, and at no cost to you, either: (a) *remedy the failure or provide a reasonable work-around solution; or (b) offer to refund License Fees and any pre-paid fees for ESP that have been received by PDC for the non-conforming Software.* The refund offer does not apply to free Software Updates provided by PDC under this Agreement. If a refund is offered, you will have 20 days from the date of the offer to either accept the refund or accept the Software “as-is.” If you elect to accept the Software as-is, then PDC’s warranties will be deemed satisfied, and this Agreement will not terminate. If you accept the refund offer, you must return the Software to PDC within 20 days of the date of the offer; the License will terminate; and you must certify in writing to PDC that you have not retained in your possession or control, any copies of the Software and that you have not transferred or disclosed any Software to any third party. Then PDC will refund the License Fee and any prepaid ESP Fees received by PDC from you hereunder. THIS SHALL BE YOUR SOLE AND EXCLUSIVE REMEDY AND PDC’S SOLE AND EXCLUSIVE LIABILITY WITH RESPECT TO ANY BREACH OF THIS WARRANTY.

**13. Inspection.** PDC may, from time to time and at its own expense and option, inspect your facilities and records to audit your compliance with this Agreement. Although not obligated to do so, PDC may inform you of any improper, unauthorized or unsafe usage of the Software. If you are informed of any such misuse of the Software and fail to correct it to PDC’s reasonable satisfaction within 30 days of written notice from PDC, then PDC may terminate the License. In addition, if you develop, market, or otherwise use a competing or alternative dispatch product, you expressly authorize PDC to enter your facilities to inspect and evaluate the competing or alternative product to determine if any of PDC’s intellectual property or intellectual property rights are being violated.

**14. DISCLAIMER OF OTHER PDC WARRANTIES.** PDC MAKES NO WARRANTY, REPRESENTATION OR PROMISE NOT EXPRESSLY SET FORTH IN THIS AGREEMENT. EXCEPT FOR THE LIMITED WARRANTY, SOFTWARE IS PROVIDED “AS IS” WITHOUT WARRANTY OF ANY KIND. PDC DISCLAIMS AND EXCLUDES ANY AND ALL IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. PDC DOES NOT WARRANT THAT THE SOFTWARE OR DOCUMENTATION WILL SATISFY YOUR REQUIREMENTS OR THAT THEY ARE WITHOUT ERROR, OMISSION, DEFECT OR DEFICIENCY, OR THAT THE OPERATION OF SOFTWARE WILL BE UNINTERRUPTED OR ERROR FREE.

**15. LIMITATION ON PDC LIABILITY.** THE AGGREGATE LIABILITY OF PDC ARISING FROM OR RELATING TO THIS AGREEMENT OR THE SOFTWARE, REGARDLESS OF THE FORM OF ACTION OR CLAIM, WHETHER CONTRACT, WARRANTY, TORT, STRICT LIABILITY, MALPRACTICE, INDEMNITY, AND/OR OTHERWISE, AND WHETHER OR NOT ARISING IN WHOLE OR IN PART FROM PDC’S FAULT, NEGLIGENCE, STRICT LIABILITY, OR PRODUCT LIABILITY, SHALL NOT EXCEED THE AMOUNT OF THE SOFTWARE LICENSE FEE PAID BY YOU TO PDC DURING THE TWELVE MONTH PERIOD IMMEDIATELY PRECEDING SUCH CLAIM. PDC SHALL NOT IN ANY CASE BE LIABLE FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, INDIRECT OR PUNITIVE DAMAGES, EVEN IF PDC HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. PDC SHALL NOT BE LIABLE TO ANY THIRD PARTY FOR ANY CLAIM, LIABILITY OR DAMAGES RESULTING FROM OR RELATING TO YOUR USE OF THE SOFTWARE OR ANY RELIANCE THEREON. PDC IS NOT RESPONSIBLE FOR LOST PROFITS OR REVENUE, LOSS OF USE OF THE SOFTWARE OR OTHER

COMPUTER PROGRAMS, FAILURE OF THE SOFTWARE TO OPERATE WITHOUT INTERRUPTION, LOSS OF DATA, COSTS OF RE-CREATING LOST DATA, OR THE COST OF ANY SUBSTITUTE EQUIPMENT OR PROGRAM. THE OFFICERS, DIRECTORS, EMPLOYEES AND REPRESENTATIVES OF PDC ARE NOT PARTIES TO THIS AGREEMENT AND SHALL HAVE NO LIABILITY RELATING TO THIS AGREEMENT OR ITS SUBJECT MATTER. EXCEPT FOR THE LIMITED WARRANTY, PDC MAKES NO WARRANTY CONCERNING THE SOFTWARE, AND PDC SHALL NOT OTHERWISE BE LIABLE FOR ANY NONCONFORMITY IN THE SOFTWARE OR IN THE PDS. FOR THE SAKE OF CLARIFICATION, IT IS UNDERSTOOD BY YOU THAT PDC DOES NOT GUARANTEE, NOR INDEMNIFY, NOR SHALL PDC HOLD ANY PARTY HARMLESS TO ANY USE OF OR RELIANCE UPON THE DISPATCH PROTOCOLS CONTAINED IN THE SOFTWARE.

**16. RESPONSIBILITY.** IT IS YOUR RESPONSIBILITY TO EXAMINE AND TEST THE SOFTWARE AFTER IT IS DELIVERED TO YOU TO DETERMINE IF IT IS ACCEPTABLE TO YOU AND ADEQUATE AND SAFE FOR YOUR NEEDS AND USES. YOU ARE SOLELY RESPONSIBLE AND LIABLE FOR YOUR USE OF AND RELIANCE ON THE SOFTWARE. YOU ACKNOWLEDGE THAT YOU HAVE READ AND UNDERSTAND THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, THE ESP, AND THAT THE LICENSE IS CONDITIONED ON YOUR REPRESENTATION TO PDC THAT YOU HAVE ACCEPTED AND AGREE TO BE BOUND BY THIS AGREEMENT AND THESE PROVISIONS AND DISCLAIMERS.

**17. ALLOCATION OF RISK.** THIS AGREEMENT DEFINES A MUTUALLY AGREED-UPON ALLOCATION OF RISK, AND THE FEES PAYABLE HEREUNDER REFLECT SUCH ALLOCATION OF RISK.

**18. Termination.** Either party may terminate this Agreement as set forth elsewhere herein or based upon a breach of this Agreement by the other Party which is not cured within 30 days of written notice thereof. This Section 17 shall not limit the relief, remedies, and damages to which the non-breaching party may be entitled. You may also terminate the Agreement by returning the Software to PDC at any time, subject to the decommission process below. No later than 15 days from any termination of the Agreement, you must cease using the Software and return it to PDC, together with any Software-related products provided to you by PDC hereunder and any copies created by you, and a written certificate that you have not retained or destroyed, and no longer control access to, any copies of any of the Software, and that you have not transferred or disclosed any of the same to any third party.

(a) Decommission Process. Decommissioning of the PDS can be very extensive. Customer must contact PDC at least 90 days before Customer plans to use an alternative dispatch product. At that point, PDC shall provide Customer with more detailed information regarding the decommission process. Part of the Decommission process will involve collecting all PDC intellectual Property and exporting PDS data in a format that will give Customer access to historical records. In order to successfully decommission the PDS, Customer understands that PDC will come on site at their location and Customer must provide a dedicated person (generally an I.T. person) to PDC to allow for the successful decommissioning of the PDS. After the decommission process, any PDC products, intellectual property, or materials found shall be immediately forwarded to PDC.

**19. Disputes.**

(a) United States. This Agreement shall be governed by and construed in accordance with the laws of the State of Utah, without regard to the conflict of law's provisions thereof. This Agreement will not be governed by the United Nations Convention of Contracts for the International Sale of Goods, the application of which is hereby expressly excluded. Venue for all disputes arising out of or relating to this Agreement shall lie exclusively with the state and federal courts sitting in Salt Lake County, Utah, and Customer hereby consents and waives any objection to the jurisdiction of such courts for such disputes and waives personal service of any summons, complaint or other process and agrees that the service thereof may be made by certified or registered mail directed to it at the address listed in the Quote. The Party that prevails in any claim or any dispute arising out of

or relating to this Agreement will be entitled to receive all reasonable costs and expenses associated with the prevailing claim, litigation or dispute, including, without limitation, attorneys' fees.

(b) Outside of United States. If Customer is located outside the United States of America (including territories), this Agreement shall be construed in accordance with the laws of the State of Utah, United States of America. Any dispute or difference of any kind whatsoever arising out of or in connection with this Agreement, including any questions in connection with the existence, construction, interpretation, validity, termination, or implementation of this Agreement, shall be referred to and finally settled in accordance with the Rules of Conciliation and Arbitration of the International Chamber of Commerce then in effect. The arbitration shall occur in the United States of America. The arbitration tribunal shall be composed of three (3) arbitrators. The Parties each hereto shall be entitled to appoint one (1) arbitrator and the third arbitrator shall be selected by the other two arbitrators. The place of arbitration shall be in the United States of America, and the arbitrators shall apply the law of the State of Utah, United States of America to all issues in the dispute. The language to be used in any arbitration proceedings shall be English. Any award made by the arbitration tribunal shall be final and binding on the Parties and shall be enforceable in any country which is a signatory to the 1958 New York Convention. No arbitration of any dispute or difference shall commence unless the Parties have attempted in good faith to settle the same amicably within sixty (60) days after the date of a written notice of arbitration by one Party hereto to the other Party, which notice shall describe generally the nature of the dispute. The costs of arbitration shall be borne by the losing Party. The prevailing Party in any dispute arising out of or relating to this Agreement will be entitled to receive all reasonable expenses of litigation or dispute, including, without limitation, attorney fees. When any dispute occurs and when any dispute is under arbitration except for the matters under dispute, the Parties shall continue to fulfill their respective obligations (and shall be entitled to exercise their rights) under this Agreement.

**20. Export Controls.** You warrant and certify the Software will not be exported, re-exported, or otherwise made available by you to any country, entity, or individual in violation of any U.S. laws or regulations.

**21. Assignment.** You may not assign or in any way transfer the License, this Agreement, or your rights hereunder without the prior, written consent of PDC. PDC may assign or transfer this Agreement to any third party who acquires substantially all of its intellectual property in the Software.

**22. Severability.** In the event that any provision in the Agreement is invalid, unenforceable, or in conflict with applicable law, then such provision shall be construed, limited, and narrowed to the extent necessary to make the provision valid, enforceable, and in compliance with applicable law. This may include the incorporation of exceptions into the provision, if necessary. Other provisions of this Agreement shall not be affected thereby.

**23. Government End Users.** A "U.S. Government End User" shall mean any agency or entity of the government of the United States. The following shall apply if Licensee is a U.S. Government End User. The Software is a "commercial item," as that term is defined in 48 C.F.R. 2.101 (Oct. 1995), consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212 (Sept. 1995). Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4 (June 1995), all U.S. Government End Users acquire the Software with only those rights set forth herein. The Software (including related documentation) is provided to U.S. Government End Users: *(a) only as a commercial end item; and (b) only pursuant to this Agreement.* With respect to end-users that are of any other government, similar conditions are likewise agreed upon between the parties, to the effect that Licensee hereby acknowledges that the Software constitutes a pre-existing commercial product developed at private expense and provided to Licensee only in accordance with the terms and conditions of this Agreement and that Customer has no rights not explicitly granted by PDC under this Agreement.

**24. Force Majeure.** Except for obligations to make payment, neither Party shall be liable to the other for any failure to perform its obligations due to any cause beyond its reasonable control.

**25. Entire Agreement.** This EULA *(a) represents the entire agreement between the Parties concerning its subject matter; (b) supersedes all prior communications, agreements, understandings, representations, and warranties relating to the subject matter of this Agreement; and (c) shall only be amended, cancelled, or*

*rescinded by a writing signed by both Parties.* No one is authorized to modify this Agreement or make any warranty or representation or promise which is different than, or in addition to, the provisions, limited warranties, representations and promises specified in this Agreement. Any terms or conditions of any purchase order or other document submitted by you in connection with the Software or Documentation which are in addition to, different from or inconsistent with the terms and conditions of this Agreement are not binding on PDC and are ineffective and non-binding.

**26. Construction.** This Agreement represents the wording selected by the Parties to define their agreement and no rule of strict construction shall apply against either Party. Whenever the context reasonably permits, the singular shall include the plural, the plural shall include the singular, and the whole shall include any part thereof.

**27. Confidentiality.** A party during the course of this Agreement may have access to or receive information regarding personnel, materials, data, systems, proprietary information/products, software programs, trade secrets, concepts, know-how, and other information which may not be accessible or generally known to the public. Subject to applicable laws related to public records, any confidential or proprietary information/products received by one party from the other party shall be kept confidential and shall not be used, published, divulged, and distributed by the receiving party to any other person or entity without the prior written approval of the disclosing party.

#### **Extended Service Plan (“ESP”)**

##### **1. Extended Service Plans.**

- a. **Silver ESP:** Includes 24x7x365 technical support and Updates to the Software within the current version.
- b. **Gold ESP:** Includes everything in the Silver package plus Upgrades to the Software and an annual subscription to the Continuing Dispatch Education Series/Advancement Series.
- c. **Platinum ESP:** Includes everything in the Gold package plus updated QAGs (Quality Assurance Guides), updated FRGs (Field Responder Guides), Card sets, and a number of annual site visits. Site visits can be IT, CDE, software training, QA support, ACE application support, or implementation help (the number of site visits is based on the number of Licensed Stations).
- d. **NEMA or EMA** (National Enterprise Maintenance Agreement or Enterprise Maintenance Agreement). NEMA or EMA is available for countries, provinces, states, or organizations with multiple call-taking and dispatch centers. Please speak to your PDC representative for more information.
- e. **ESP Miscellaneous.**
  - i. Client must register as described in Section 2 below.
  - ii. The annual ESP fees must be fully paid in advance. The ESP period is for one year and is renewed annually upon continued use of the Licensed Products.
  - iii. All Licensed Products must have the same ESP.
  - iv. PDC may modify and replace this ESP from time to time and any prior ESP is superseded. The new ESP then becomes the current ESP and is part of this EULA.
  - v. PDC reserves the right to terminate this Agreement if You are not current on your financial obligations to PDC.
- f. **Customer Obligations:**
  - i. Customer’s hardware and operating systems must meet the minimum system requirements provided by PDC.
  - ii. Customer is solely responsible for any required adjustments or updates to its hardware or operating system software required to accommodate Updates or Upgrades of the Software.

iii. Customer shall ensure availability of its own technical support personnel so PDC can fulfill its service obligations.

iv. When reporting a problem to PDC’s technical support, Customer shall provide a complete problem description, along with all necessary documents and information that is available to the Customer and required

by PDC to diagnose and resolve the problem. Customer agrees to grant all necessary access to all applicable systems so that PDC can provide appropriate support.

v. Customer shall carry out any instructions on troubleshooting or circumvention as provided by PDC.

vi. Customer is solely responsible for ensuring the compatibility of non-PDC products with PDC products.

vii. Customer is solely responsible for ensuring its systems, software, and data are adequately backed up. PDC shall not be liable for any lost data.

viii. Customer shall provide for any other requirements reasonably specified by PDC that relate to the rendition of the services to be met.

ix. As necessary, Customer will permit PDC with remote access to its systems to provide any required or necessary support.

x. If Customer fails to fulfill its obligations outlined in this Section, PDC is entitled to bill its time and effort made necessary by Customer's failure(s) at PDC's currently stated hourly rates.

xi. Computer-Aided Dispatch ("CAD") Integration. Any costs relating to the integration of PDC's Licensed Products and the Customer's CAD system or CRM, or the like, software shall be the responsibility of the Customer. The integration of PDC's Licensed Products and Customer's CAD system must be inspected, tested, and certified by PDC before taking live calls.

**2. Updates & New Versions.** An important part of PDC's on-going research and development to optimize the effectiveness of the Software is its regular evaluation of the experience, findings, and recommendations of licensed Software users in the field; the College of Fellows of the International Academies of Emergency Dispatch ("IAED"); Quality Assurance programs; and of its own, internal research and studies. Consequent to these and other research and development activities, PDC may, from time to time, prepare and release Updates and/or New Versions of the Software. Notifications for Updates and/or New Versions of the Software are sent electronically (via email). In order to ensure receipt of the Software notifications, Client must register at [https://support.prioritydispatch.net/int\\_notification.php](https://support.prioritydispatch.net/int_notification.php). You acknowledge that failure to register may result in You not receiving urgent and vital communications about the Licensed Products. As part of its registration obligation, Client agrees to keep all its registration information current and up-to-date and understands it is solely responsible for ensuring it receives Software notifications.

**a. Updates** When PDC determines that particular improvements, modifications, or enhancements may be useful as an Update to the current Version, PDC may issue an Update to licensees who have maintained their online Software notification registration and ESP current as provided herein. Client shall, within 90 days of an Update release from PDC, implement such Update. Client's failure to register for Software notifications and implement Updates, as provided here, would constitute a Breach of the EULA, giving cause for PDC to terminate this Agreement or withhold further Service and Support. Such Updates may be accompanied by instructions for updating the Software. Installation of an Update in accordance with such instructions is not a modification prohibited by the section of the Agreement titled "Use and Protection of the Licensed Product(s) and PDS."

**b. New Versions** When PDC determines that substantial revisions to the Software (among other factors) may justify it, PDC may issue a new Version of the Software ("New Version"). PDC may thereafter cease issuing Updates for versions and editions preceding the New Version. Said New Version then becomes the current version and edition of the Software, but is not licensed to you, unless it is part of your ESP plan. In the event New Versions are part of your ESP plan, the New Version shall be governed by PDC's then-current license Agreement. If New Version are not part of your ESP plan, then the New Version constitutes a new product that can only be obtained through the purchase of a new license from PDC that is licensed under a new agreement with PDC. During an introductory period, licensees who are current in their registration and service plan with the preceding version may be offered, for a reduced fee, a license to use the New Version. The New Version will be governed by PDC's then-current license agreement.

*Extended Service will not be available indefinitely after a New Version of the Software is released to replace a prior version. Customers that continue to use prior versions after a New Version has been released are solely*

*responsible for their continued use, and for the results obtained from such continued use, of any prior version. You hereby agree to indemnify and hold PDC and the IAED harmless from and against any damages and liabilities that may arise from your election not to implement any New Version after it has been released.*

**3. Responsibility.** Client assumes full responsibility for ascertaining the suitability of, and for its selection of, the Software, as well as for its installation, implementation, and use, and for the results obtained from it. You are responsible for decisions made and actions taken based on the Software. The Software is designed and intended for use by emergency dispatch professionals trained and experienced in the uses and limitations of computer software in general, and more specifically, of the emergency dispatch system(s) the Software is designed for as a quality management tool.

**4. Research Data Sharing.** In the interests of advancing the state-of-the-art in emergency dispatching through effective use of and improvements to the Software, Client shall, in timely response to PDC's reasonable written requests, provide PDC with copies, on disk or tape, of the data associated with the functioning of the Software. PDC shall use such data in compliance with applicable government regulations and restrictions (including, without limitation, HIPAA in the U.S.), and may use such data for research and development purposes. It will not make any external, public use or release of such research data without the prior written consent of Client. Furthermore, PDC will not request data in a manner that includes any names or personal identifying information or that indicates Client as the source of the data. Additionally, by sharing data with PDC, you allow PDC to share the data with the IAED for the purpose of improving and advancing dispatching.

**5. Expert System Disclosure.** This expert system is designed for use by Emergency Dispatchers or call-takers (EDs) who have been trained and certified in the use of the PDS and who function in a prescribed PDS quality assurance environment. It is not a novice system. The system design envisions occasions when even the trained ED will have to make a subjective decision regarding a caller's response and make the most correct selection from the list of choices presented. The design of this system incorporates current professional and logic accuracy. Of necessity, however, it also reflects some subjective opinions of professional experts and programmers with which others may reasonably disagree. The system and its necessary maintenance components must be considered and approved by local control entities and ED agency administration, prior to implementation and on-line use by trained EDs. The system also envisions that, when appropriate, trained EDs will have the option of "overriding" a system-recommended choice for enhanced patient safety and that they will choose the "most appropriate" telephone treatment options from available menus. New information may change the complexion of the emergency during the call as EDs validate caller responses or treatment. This system allows the trained ED to "reconfigure" response levels based on new information. With the foregoing in mind, this system cannot reasonably be expected to predict exact outcomes or unerring ED performance in all cases. The designers recommend that quality assurance mechanisms be put in place that include review of each of these "special choice" situations for ED correctness and consistency. This system cannot, under this license, ever be used by non-IAED-certified individuals. Failure to maintain an adequate number of certified personnel will void this license and all materials covered hereunder must be immediately returned.

**6. Modification of Software, Cards, or PDS.** Other than as specifically provided in this ESP, you shall not modify, change, or alter the PDS Protocols or anything on the Software, Cards, or PDS without the prior, express, written consent of PDC. This ESP outlines the scientific process of protocol modification, which is performed by the College of Fellows of the IAED (see sections titled "Changing the PDS" and "Accepted Process for PDS Modification" in this ESP). Implementation of Updates, as provided in the section of this ESP titled "Updates & New Versions," qualifies as a modification, change, or alteration with PDC's express, written, prior consent. Any unauthorized change made, and/or implemented in the Software, Cards, or PDS by the Client is a material Breach of this EULA, giving cause for PDC to terminate this Agreement or withhold further Service and Support.

**7. Derivative Products.** In the event any PDS client creates, knowingly or unknowingly, any derivative product of the PDS, such derivative product shall be owned by PDC and its use must be discontinued and the derivative (including all copies or drafts of such work) sent to PDC within 10 days of PDC's written request to do so.

**8. Customization of Responses.** Authorized customization of the PDS consists of matching Priority Dispatch Determinant levels (A, B, C, D) with locally determined response capabilities of equipment and professional personnel. This is limited to additions to the blank "Response" section (bottom right) of all protocols. The responses to be inserted in said "Response" section are determined solely by the licensed client. Local ED authorities are authorized and within their license rights to so add responses to the specified bottom right section of the relevant cards, without any requirements to either notify PDC or to coordinate these particulars with PDC (unless required to do so by separate consulting agreement), and PDC bears no responsibility or liability for actual local responses selected or used. Additionally, the IAED allows the designated local law enforcement administrator, or their designee, to edit current Critical EPD Information (CEI) text to better address locally defined performance expectations. Adding CEI text shall preserve the intent of the original CEI and vary only by providing more specific instructions for actions EPD's should take. CEI text shall meet or exceed the standard of practice in law enforcement and neither PDC nor the IAED bears any responsibility or liability for CEI text used and relied upon.

a. **Documentation.** The approval and customizations above are generally finalized and documented through Dispatch Review Committee and Dispatch Steering meetings. It is your responsibility to ensure sign off signatures and authorizations are obtained on record in writing, and that all ED personnel are training in their proper use.

**9. Changing the PDS.** All written text and printed materials in the PDS, including, without limitation, Interrogation Questions, Dispatch Determinants, Pre-Arrival Instructions, Post-Dispatch Instructions and Additional Information are integral to the PDS. Licensed clients are NOT AUTHORIZED TO MAKE CHANGES TO THE PDS. Changes are made only by the Accepted Process specified in the section of this ESP titled "Accepted Process for PDS Modification." This is based on the following:

a. **Implementation and Familiarity with the PDS.** The PDS has been in continuous field use since 1978, during which time it has been regularly enhanced through more than 13 major revisions for New Versions. It is not prudent for any client to consider recommending system changes prior to gaining the practical experience and perspective of implementing the PDS and running it "as is" at a demonstrated rate of high dispatcher compliance.

b. **Total Quality Management.** A Quality Improvement and Management Program is required. Key elements shall include:

i. As with other aspects of a sound emergency dispatch program, a qualified emergency service professional must be engaged as ED Director. Depending upon the requirements and resources of the professional emergency service system, this may be a part-time or a full-time position. In either case, the ED Director must be empowered with control over professional policies, procedures and decisions in the system. The ED Director must be regularly involved at all levels, particularly at the "front line" level where the EDs handle the calls for ED help. This helps even an experienced ED professional to become functionally "dispatch literate." The ED Director should also attend activities of the Quality Assurance committees and personnel, and evaluate and guide their performance. It is highly recommended that any ED Director who has not already participated in an IAED Executive Certification Course, do so before the end of the 6-month implementation period. This is required for eventual IAED Dispatch Center accreditation.

ii. **PRIORITY DISPATCH SYSTEM STEERING and REVIEW COMMITTEE(S):** One or more committees shall be established to set policy and review performance of ED operations with the PDS. The ED Director must participate in all material decisions by these committees and must be included as a signatory on any policy or procedural determinations made by such committees. A PDS Steering and Review Committee must be established and meet at least quarterly to review, evaluate, and approve the application of policies or procedures affecting PDS operations.

iii. **CERTIFICATION:** It is required that all EDs utilizing the PDS be certified by the IAED and strongly recommended that all system administrators, managers, and supervisors be certified in the IAED 1-day National

Executive Certification Course. The PDS shall not under any circumstances be used by untrained or uncertified individuals. The PDS is not intended to be quality assured or supervised by untrained or uncertified individuals.

iv. **CONTINUING DISPATCH EDUCATION (“CDE”)**: All EDs utilizing the PDS must participate in a structured CDE program that provides necessary relearning, familiarization, and updating with the evolving science of the PDS. At a minimum 12 hours per year must be devoted to CDE to ensure proper recertification by IAED.

v. **DISPATCHER PERFORMANCE EVALUATION AND PROTOCOL COMPLIANCE**: It is required that EDs closely comply with the PDS interrogation, prioritization coding, and scripts. To this purpose, the Quality Improvement and Management Program must include continuous case review and evaluation according to the IAED’s Center of Excellence minimum performance requirements, which are available on its website. EDs not complying must be officially notified of the findings, retrained, and, if necessary eventually disciplined. Non-compliance to the PDS has been demonstrated to significantly decrease its effectiveness and safety and shall not be tolerated by managers and employers. In the interest of public safety, the protocol must be followed.

vi. **ACCREDITATION**: It is strongly recommended that all dispatch agencies utilizing the PDS achieve the operating performance standards required for Accreditation by the IAED.

**10. Accepted Process for PDS Modification.** In 1988, the IAED was formed as a scientific professional organization for Emergency Dispatching. Within the Academy’s structure exists the College of Fellows — a select group of professional dispatch, public safety and emergency experts that has adopted the following mission statement: “To conduct an on-going review of the current standards of care and practice in Emergency Dispatch and evaluate the tools and mechanisms used to meet or exceed those standards.”

THROUGH A DEFINED PROCESS, THE FELLOWS REVIEW RECOMMENDED REVISIONS AND IMPROVEMENTS TO THE PDS IN A TIMELY, ORGANIZED WAY. THE ONLY AUTHORIZED METHOD OF PDS PROTOCOL CHANGE IS BY THIS ESTABLISHED SCIENTIFIC METHOD OF THE COLLEGE OF FELLOWS.

Individual licensed clients are not allowed to change or modify any pre-printed text or color-coded portion of Cards or Software unless authorized to do so by PDC, as agent of the IAED College of Fellows. All licensed clients are encouraged to share their significant recommendations, discoveries, and data with the College in writing (see section titled “Research Data Sharing” in this BSP). By this scientific method, knowledge of the PDS can be unified and new improvements shared by all licensed clients.

**11. Unsafe Practices.** Unlike the authorized modifications specified above, no other modification or customization of the Software, Cards or PDS is authorized or allowed under this License. Any modification or misuse of the Licensed Product(s) – i.e., a use not specifically authorized in this written Agreement – must be considered unsafe unless and until it has been formally approved through the Academy’s scientific process referred to above. Unauthorized modifications to or changes of or misuse of the Licensed Product(s) would constitute material breaches of this Agreement and give cause for PDC to terminate it and to discontinue support hereunder. Because unauthorized modification, change and/or misuse of the Licensed Product(s) are expressly not allowed, you are solely responsible for any and all results of any such unauthorized modification, change or misuse, and you hereby agree to indemnify and hold PDC and the IAED harmless from and against any damages and/or liabilities that may arise from any such breach of this Agreement by you. An example of an unsafe practice would include (but not be limited to) the following: The modification or responses to incorporate a “no-send” or “referral” option is not authorized by this License. Such practices may only be authorized under a special “Omega” Software License from the IAED. Any implementation of any such modifications without such an Omega License is an unsafe practice and must not be undertaken. Interested Licensees should contact the IAED to pursue any contemplated modification. In addition, the use of the software, protocols, and training materials by non-IAED-certified individuals is considered to be an Unsafe Practice and is not allowed under this license agreement.

a. **CLIENT NOTIFICATION OF ANY UNSAFE PRACTICE(S) AND ITS REMEDIES.** The Licensor may at any time for any activity it deems as an Unsafe Practice, notify the Client to cease and desist such practices(s),

and may, at the Licensor's sole discretion, grant a timeframe for such remedies to occur. Reasonable consideration of sincere proposed processes or attempts by a client so notified to effect remedies will not be unreasonably withheld. It is the sole right of the Licensor to invoke an immediate revocation of this license and the return of all licensed products if the Unsafe Practice is egregious enough to pose a risk to the public safety. Additionally, this EULA authorizes PDC or the IAED to contact applicable city, county, state, or national leaders or officials to inform them of any performance issues, threats to the safety of the public, or the like.

**12. International Dispatch Coding System.** The Determinant (and sub-determinant) codes represent the only widely accepted dispatch coding system in the world. A unified coding system provides for uniform training, use, data collection, data sharing, and comparative scientific study. This coding system may not be modified in any way not authorized in this EULA. As provided above, in the section of this ESP titled "Customization of Responses," however, it is the licensed client that selects the type of response, whatever it may be, to be generated by any particular code ( e.g.,10-D-1). In this way, the coding system remains intact while allowing the client full discretion in establishing the local responses "attached" in parallel to these codes.

**13. Standard of Care and Practice.** Since 1978, PDC and its originators, have been the principal contributors to the establishment of safe professional standards for Emergency Medical Dispatch (and subsequently, Police and Fire Dispatch) care and training. PDC's Priority Dispatch Systems, as well as its ED training and certification programs, meet or exceed every applicable standard known to PDC. Through substantial commitments of expertise and other valuable resources to basic and applied research, development, quality improvement, dispatch liability, and risk management, PDC is dedicated and determined to continue setting the standard in ED. In the opinion of some medical-legal experts, when the current Version of the PDS is properly used by IAED-Certified ED professionals, the current standard for emergency dispatch has been met, and the most reasonable actions for both callers and responders have been taken by the ED center.

**14. Dedicated Legal and Consultative Support.** Priority Dispatch Corp. is available for ED system evaluations, ED case reviews, and expert opinion and witness services to currently registered licensed clients of the PDS who have are using the Newest Version, and to their professional staff of EDs and ED instructors who have been trained, then certified through the IAED and maintained their IAED certifications current. PDC's professional staff will vigorously defend proper use of the PDS by professionally trained EDs against charges of dispatch negligence that may arise. All such services are available at PDC's then-current fee schedule for such licensed client services.

**15. National Q Services.** National Q is a quality assurance service provided by PDC. In the event Customer utilizes National Q, the following shall apply:

a. **Pre-National Q:** Customer understands that they and PDC shall have the following meetings before starting the QA services:

- i. Stakeholders Meeting – overview of the system and process for directors, chiefs, and upper administration.
- ii. QA/QI Meeting – Analysis of current system with current Customer QA staff
- iii. Protocol Refresher Meeting – overview of Protocol and QA for dispatch staff

b. **National Q Technical Process:**

- i. Customer will allow PDC to have remote server access using SecureLink® software to a dedicated physical or virtual workstation configured with AQUA®, ProQA® Admin Utility, XLerator®, and the Customer's audio logger/recorder.
- ii. CAD (Computer Aided Dispatch), RMS (Record Management System), JMS (Jail Management System), and NCIC (National Crime Information Center) should not be accessible on this dedicated physical or virtual workstation.
- iii. PDC will audit calls remotely using SecureLink. An additional AQUA® software License per discipline will be provided by PDC for the National Q Reviewer's access for the term of contract, along with an accompanying voice logger integration license.
- iv. Customer understands that they must always update to the latest version of AQUA.

v. If there is a customer related issue (technical or otherwise) that prevents the National Q Reviewer from reviewing cases, including providing the associated reporting, PDC will only be responsible for two weeks of case review volume from the date the issue is resolved looking backward, and case review going forward.

**c. Quality Assurance Process:**

i. QA shall be done according to the IAED standards for Accreditation

[http://www.emergencydispatch.org/standards\\_for\\_accreditation](http://www.emergencydispatch.org/standards_for_accreditation)).

ii. Customer will receive weekly completed QA cases in AQUA based on the National Q timeline established by the parties. This will allow Customer to give appropriate and timely feedback.

iii. Customer must identify an individual to provide case review feedback to dispatchers as provided to them by the National Q reviewer. This individual must be certified by the IAED as an ED-Q. Customer's contact person (ED-Q) will work directly with the National Q representative. The Customer's ED-Q will provide any quality improvement feedback and training to Customer's dispatchers/call takers based on the feedback they receive from the National Q Reviewer. In other words, the customer ED-Q will work with Customer's dispatchers/call takers to help them understand structured protocol utilization, address protocol compliance and performance improvement requirements to become a more effective dispatcher/call taker.

iv. In order to ensure the integrity of the QA Service, any feedback provided by the Customer's ED-Q to its dispatchers/call takers shall not be contrary or inconsistent with the National Q Reviewer's audit and comments. If the ED-Q does not understand or agree with the National Q review of the call or believes a mistake or miscommunication has occurred the ED-Q should inform the dispatcher/call taker that they will research the issue and contact the National Q representative, so a resolution can be made through the appeals process. Once it has gone through the appeals process the decision is final.

**16. Definitions.** This section contains more detailed definitions of certain terms used in this EULA  
*"Cards"*

The manual version of a PDS in the form of printed reference cards or in the form of electronic tablets provided by PDC to Client under this EULA.

*"Client," "Customer", "Agency," "Licensee", "You", "you" or "your"*

The end user licensed to use the licensed Software under the Agreement. This is the end user who enters into the Agreement with PDC.

*"certification" and "recertification"*

When used in this agreement, certification and recertification mean specifically by the IAED.

*"ED", Emergency Dispatch and/or Emergency Dispatcher.*

These terms are basic to expanded definitions of Police, Fire and Medical Dispatch and/or Dispatcher, by adding the letters "P", "F" and/or "M", respectively; as in "EPD", "EFD" and/or "EMD", respectively.

*"PDS", Priority Dispatch System.*

These terms are basic to expanded definitions of Police, Fire and Medical Priority Dispatch Systems, by adding the letters "P", "F" and/or "M", respectively; as in "PPDS", "FPDS" and/or "MPDS", respectively. For purposes of this EULA, a reference to PDS also includes a reference to MPDS, FPDS, and/or PPDS.

*"Update"*

An Update represents a collection of improvements, modifications, or enhancements to the Cards, Software or PDS within a Version (as this latter term is defined below). Generally, Updates are provided to all currently licensed and registered licensees under a n Extended Service Plan with PDC. An Update is designated by the number to the right of the decimal point in the release number of a Software release (e.g., Release 12.2 would an Update from Release 212.1). A Version may include a plurality of Updates (e.g., 11.1, 11.2 and 11.3 would be separate Updates within Version 11).

*"Version"*

A version of the Software constitutes the combination of the Software and/or Cards for a particular PDS. A Version is designated by the version number assigned by PDC to the left of the decimal point in the release number of a Software release (e.g., Version 11 of the Software is designated by 11.x; and the next new Version

would be designated with 12.x). A New Version means, for example, going from 12.2 to 13.0 or in other words increasing the number to the left of the decimal point.

**17. Additional PDC Products.** Beyond the products and services discussed in this EULA, PDC also provides additional products/services to the Customer including, but not limited to, Field Responder Guides, Quality Assurance Guides, and Send Cards. As applicable, terms of this EULA also apply to the additional products and services provided by PDC to the Customer.

Subject: Sole or Single Source Procurement; Request for Priority Dispatch Maintenance Renewal

The below information is provided in support of my Department requesting approval for a sole or single source. (*Outside of a duly declared emergency, the time to develop a statement of work or specifications is not in itself justification for sole or single source.*) **Note:** Once signed by the Department Head and PCS (Signature Line below) Email completed SSJ to: [psourcesource@rivco.org](mailto:psourcesource@rivco.org).

1. **Supplier being requested:** Medical Priority Consultants, Inc., dba Priority Dispatch Corp

**4a. Was the request approved for a different project?**

**Yes**     **No**

**5. Supply/Service being requested:**

*(If this request is for professional services, attach the service agreement to this sole source request. The Purchasing Agent, or designee, is the signing authority for agreements unless the service is exempted by Ordinance 459, Board delegated authority or by State law. All insurance requirements must be met prior to work commencement. See the Risk Management website for vendor insurance requirements.)*

Annual Maintenance and Extended Service Plan, up to a total of five (5) years of Platinum Level (includes software updates and upgrades, continuing dispatch education (CDE) for Emergency Management Department Advancement online training, associated guides and on-site visits) software support, maintenance, and licensing of Priority Dispatch ProQA (emergency dispatcher call-taking software), Aqua (quality assurance and data software), and associated Cardsets (hard-copy resources in the event of manual operations). The software is required for continued usage of Emergency Medical Dispatching of pre-hospital/pre-arrival instruction to persons calling 911 for medical emergencies.

**6. Unique features of the supply/service being requested from this supplier.** *(If this sole source request is due to proprietary software or machinery, or hardware, provide a supporting letter from the manufacturer. If this is a single source request provide an explanation of how this provides the best value for the County by selecting this vendor.)*

Priority Dispatch is the intellectual property owner and sole provider of the stated software products currently integrated into the customized Computer Aided Dispatch (CAD) system used by Fire. This software has been installed and utilized since 2012 which required customization and enhancements incorporated into the departments CAD system. The CAD system and internal workflow process have been developed around this industry standard software application; to change the application would require additional hardware, software, and personnel costs.

**7. Reasons why my department requires these unique features from the vendor and what benefit will accrue to the county:**

This software is required for Emergency Medical Dispatching and critical to the emergency services provided to the citizens of Riverside County.

**8. Period of Performance:** From: FY 23/24 to FY 27/28  
(total number of years)

Is this an annually renewable contract?       No                       Yes  
Is this a fixed-term agreement:                       No                       Yes

*(A fixed-term agreement is set for a specific amount of time; it is not renewed annually. Ensure multi-year fixed-term agreements include a cancellation, non-appropriation of funds, or refund clause. If there is no clause(s) to that effect, then the agreement must be submitted to the Board for approval. No exemptions shall apply.)*

**9. Identify all costs for this requested purchase. In addition, please include any single or sole source amounts previously approved and related to this project and vendor in the section designated below for current and future fiscal years. You do not need to include previous fiscal year amounts. If approval is for multiple years, ongoing costs must be**

identified below. If annual increases apply to ongoing costs such as CPI or other contract increases, provide the estimated annual cost for each consecutive year. If the annual increase may exceed the Purchasing Agent's authority, Board approval must be obtained. (Note: ongoing costs may include but are not limited to subscriptions, licenses, maintenance, support, etc.)

<b>Total Costs</b>	<b>\$82,000</b>	<b>\$110,000</b>	<b>\$114,000</b>	<b>\$118,000</b>	<b>\$122,000</b>	<b>\$546,000</b>

Note: Insert additional rows as needed

**10. Price Reasonableness:** (Explain why this price is reasonable or cost effective – were you provided government discounted pricing? Is this rate/fee comparable to industry standards?)

We have been contracting with priority Dispatch Corporation since 2012. The County is receiving a 10% discount off the government price for combining both the medical and fire modules of the proQA Software program; which is consistent with historical purchases. The pricing presented represents fixed pricing for a five (5) year period. Taking into consideration the previous net annual increase of customization, staff training, and other associated expenses, the pricing is determined to be fair and reasonable. The per unit pricing will not be changing, only the annual approved not to exceed budget.

The pricing presented represents proposed annual not to exceed expenditures in the event additional licenses (which will require subsequent Software Maintenance fees) are necessary to support operational needs, based on Contracted rates through the period of performance of this Agreement. The software will continue to be utilized until it is determined it is no longer enhanced and/or supported, or there is a cost advantage in changing technologies as this industry evolves.

**11. Projected Board of Supervisor Date (if applicable):** April 2, 2024

(Draft Form 11s, service agreement and or quotes must accompany the sole source request for Purchasing Agent approval.)
