BACKGROUND:

Summary

On July 15, 2014, Item 9-4, the Board of Supervisors approved a revision to Ordinance 640, Department of Environmental Health (DEH) Service Fees. DEH has submitted its Fiscal Year 24/25 recommended budget to the Executive Office. The budget represents increases in employee salaries/benefits, an overall increase to ISF rates, and private commercial lease costs. The department has completed a cost study in accordance with Board of Supervisor's Policy B-4, *Rates Charged for Current Services*, to support the FY24/25 recommended budget.

DEH last raised fees in FY 22/23 by 4%; but not the full CPI of 8.6%. However, those increases were not universal amongst every program category and were limited to 4% due to continued challenging economic conditions related to COVID-19 and balancing increased departmental operating costs. Additionally, DEH did not increase its fees for FY 23/24 and absorbed increased costs.

Impact on Residents and Businesses

The proposed revised Environmental Health Service fees are necessary for the on-going operational costs to ensure effective and efficient delivery of environmental health programs for the benefit of Riverside County residents and businesses.

Additional Fiscal Information

DEH established a cost model to support its FY24/25 fees. The cost model allows the department to measure the level of effort of providing services, allocate indirect costs on an equitable basis, and ensure fees are fairly charged. The cost model also ensures passthrough revenues are properly applied to offset the department's operating costs.

As required by Ordinance 640, DEH certifies that (1) the updated required fees produce sufficient revenue to support the proposed costs of providing the services in the upcoming fiscal year for which required fees are being charged and (2) the new required fees will not produce revenue that exceeds the proposed costs of providing the services in the upcoming fiscal year for which the new required fees are charged. Due to increased operating costs, DEH is requesting an average fee adjustment of 3.0% but no more than 6.0% to categories shown in Attachment A. For reference, prior adopted rates and proposed rates with dollar increase are shown in Attachment B.

2 **RESOLUTION NO. 2024-094**

3 **A RESOLUTION OF THE COUNTY OF RIVERSIDE ESTABLISHING FEES FOR THE**
4 **DEPARTMENT OF ENVIRONMENTAL HEALTH (EFFECTIVE JULY 1, 2024)**

5 WHEREAS, California Health and Safety Code section 101325 authorizes the Board of Supervisors to
6 establish fees sufficient to offset the expenses of the Director in enforcing State statutes, orders, quarantines,
7 rules and regulations relating to public or environmental health, which expenses are found not to be met by the
8 fees prescribed by the State of California; and

9 WHEREAS, California Public Resources Code section 43213 authorizes the Board of Supervisors
10 prescribe, revise, and collect fees or other charges from each operator of a solid waste facility or from any person
11 who conducts solid waste handling; and

12 WHEREAS, Riverside County Ordinance 640 has established rates for services for the department to
13 cover its costs; and

14 WHEREAS, the Board of Supervisors acknowledges the need for increased rates to cover the increased
15 operating costs of the department as a result of multi-year personnel contract negotiations; and

16 BE IT RESOLVED AND ORDERED that the Board of Supervisors of the County of Riverside, State
17 of California, in regular session assembled on June 4, 2024 finds that the fees contained in Ordinance 640 for
18 the Department of Environmental Health shall receive an increase on average of 3% but no more than 6% for
19 fiscal year 2024-2025.
