1 Veterinary Assistant
1 Animal Services Representative

Health Equity Mobile 2-Cats + Dogs

1 Vet Surgeon
1 Registered Veterinary Technician
1 Veterinary Assistant
1 Animal Services Representative

Increasing Access to Spay/Neuter Needed

DAS continues to work to provide more opportunities for public spay/neuter surgeries

- Lack of affordable spay/neuter surgery has led to an increase in underage dogs and cats in the shelter system.
- DAS Ordered two busses to do mobile spay/neuter surgeries in the field, and closer to residents' homes
- DAS built new surgery suite at the Coachella Valley Animal Campus.

11,170 spay/neuter surgeries in 2023, highest number since before pandemic. Yet more is needed to address community need.

Veterinarian Statistics
