**BACKGROUND:**

**Summary**

The Juvenile Justice Crime Prevention Act (JJCPA) was created by the Crime Prevention Act of 2000 to provide a stable funding source for local juvenile justice programs anticipated to reduce crime and delinquency among at-risk youth; youth who have been released from a juvenile detention facility or who are under the supervision of the County of Riverside Probation Department, or any other youth as risk of becoming involved in juvenile delinquency.

The JJCPA funding has supported programs that resulted in lower crime rates among juveniles, including intense family interventions, after-school programs for at-risk teens, gang and truancy prevention, and job training and diversion programs. State law compels that counties provide programs that have been demonstrated to be effective in reducing delinquency.

In FY18/19, the Juvenile Justice Coordinating Council (JJCC) approved the Riverside County Probation Department to release a second round of Request for Proposals to expand services to community-based organizations to deliver services to youth who have been released from a juvenile detention facility, under supervision of the Riverside County Probation Department, or at risk of becoming involved in juvenile delinquency. Entities were asked to propose services known to reduce crime and recidivism to the identified population. To widen service options, the Riverside County Probation Department did not restrict the type of services eligible to be proposed which resulted in eleven awards.

Services for these agreements are due to expire June 30, 2024. In anticipation of the expiring contract the JJCC Ad Hoc committee has requested a robust change in the scope of work to incorporate respective services needed for specific regions of Riverside County. These defined services are still being identified by the JJCC Ad Hoc committee thus limiting the ability of the Purchasing Department to issue a formal Request for Proposal (RFP) for a July 1, 2024, start date for JJCPA program services on behalf of the Probation Department. Probation is requesting to extend the terms of the current agreement one year until June 30, 2025, while the RFP is finalized and a contract is executed to the awarded suppliers.

**Impact on Residents and Businesses**

Probation's mission is "Serving Courts, Protecting Our Community, and Changing Lives." The JJCPA program provides state funding for counties to implement programs that have proven effective in reducing crime and delinquency among at-risk youth and youthful offenders. The Riverside County Probation Department provides a collaborative and integrated multi-agency approach to early intervention services and programs which are effective in preventing and suppressing juvenile delinquency.

**Contract History and Price Reasonableness**

Riverside County Purchasing released a Request for Proposal (PRARC-RFP-000087) on behalf of the Probation Department. After the evaluation phase, contracts were awarded to Carolyn E. Wylie Center for Children, Student Nest, Riverside Art Museum, Raincross Boxing Academy, Play Vista (PV) Job, Living Advantage, Jay Cee Dee Children's Home, Inland SoCal 211+, Chavez Educational Services, Calicinto Ranch, and Big Brothers Big Sisters.

The original Professional Service Agreement became effective FY19/20 and was renewable in 1-year increments through written amendments for four (4) additional years. To avoid disruption of services for local juvenile justice programs we are seeking an 1-year extension as the as the RFP is being finalized. These amendments represent the final year for the period of performance.
