BACKGROUND:

Summary

By Minute Order dated July 2, 2024 (Agenda Item 3.22), the County of Riverside Board of Supervisors authorized the Clerk of the Board to advertise for the construction of the Indiana Avenue, Grant Street and Harlow Avenue Resurfacing Project, in the Community of Home Gardens of the County of Riverside.

The limits on Indiana Avenue are from Barker Lane to 150-feet east of Hillview Drive, the limits on Grant Street are from Harlow Avenue to Magnolia Avenue, and the limits on Harlow Avenue are from Grant Street to McKinley Street.

The projects are combined to bid as one project in order to gain cost efficiencies by eliminating multiple bidding and administrative procedures and to seek more favorable proposed costs associated with larger bid quantities.

Indiana Avenue is mostly a four-lane facility between 22 and 60-feet in width with mostly curb and gutter on both sides for the length of the project, except for the westerly and easterly ends where it is a two-lane facility and there are shoulders on one or both sides. Grant Street is a two-lane facility with a road width of 36-feet that travels in the northwest-southeast direction. Harlow Avenue is a two-lane facility with a road width of 34-feet that travels in the northeast-southwest direction. The circulation element of the County of Riverside General Plan classifies Indiana Avenue as a secondary highway and Grant Street and Harlow Avenue as local roads. The areas in the immediate vicinity include residential areas with single family dwellings and hilly open space areas.

Roadway resurfacing is needed due to the deteriorated pavement conditions. On Indiana Avenue, the resurfacing treatment consists of cold-in-place recycling the existing asphalt concrete pavement and overlaying with new rubberized hot mix asphalt. Additionally, the treatment for the approach portions of various intersecting streets will consist of removing the

STATE OF CALIFORNIA**

existing asphalt concrete pavement and underlying material and placing back new hot mix asphalt. On Grant Street and Harlow Avenue, the resurfacing treatment consists of grinding down a portion of the asphalt concrete pavement, sealing existing cracks, followed by overlaying with new hot mix asphalt. Additional improvements include reconstruction of concrete curb and gutter, sidewalk, driveways, curb ramps, and cross gutter and spandrels, placement of thermoplastic pavement markings, salvage/removal and installation of new roadside signs, and other associated work.

On March 11, 2021, President Biden signed the \$1.9 trillion American Rescue Plan Act (ARPA) of 2021 into law. To accelerate recovery from the economic and health impacts of the COVID-19 pandemic, the County of Riverside was provided approximately \$480 million. The Executive Office in conjunction with the Board Supervisors developed a plan to disburse these funds based on the principles of providing recovery funding to those sectors of our economy and society that are struggling most to recover from the pandemic; have a constituent and community based focus; provide a vehicle for transformational investment in our County's recovery from COVID-19; provide for countywide equity; and focus on one time investments, rather than funding ongoing operational costs. As a result of these principles, the Indiana Avenue Resurfacing project was selected as a recipient of \$2,000,000, and the Grant Street and Harlow Avenue Resurfacing project was selected as a recipient of \$800,000 of ARPA funds from District 2 per Minute Order dated February 27, 2024 (Agenda Item 3.2).

During the advertisement period, one addendum was issued to all registered plan holders as a supplement to the plans and specifications. Bidders were required to acknowledge and take into account the issued addenda on their contractor's Bid in order to be considered for award.

The addendum was issued to clarify and modify the approved contract documents; however, the modifications made did not increase the project costs. The addendum is attached and designated as Addendum No. 1.

A letter of bid protest was submitted by the sixth low bid of eight bidders for this project. The letter presented three issues or points of concern. The Transportation Department reviewed the protest and responded to those issues and points of concern. After being notified, the sixth low bidder stated their company accepts the Transportation Department's response and will not pursue the matter any further. Attached is a letter dated September 23, 2024 sent by Transportation Department responding to the sixth low bidder's letter.

The Contract includes the following schedules of work:

- Base Bid Schedule 1: Indiana Avenue Resurfacing
- Alternative Bid Schedule 1: Western Municipal Water District (WMWD) Facilities Adjustments
- Alternative Bid Schedule 2: Home Gardens Sanitary District (HGSD) Facilities Adjustments
- Base Bid Schedule 2: Grant Street and Harlow Avenue Resurfacing
- Alternative Bid Schedule 3: Home Gardens Sanitary District (HGSD) Facilities Adjustments

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

WMWD and HGSD have accepted the bid prices proposed by Hardy & Harper for Alternative Bid Schedule 1, Alternative Bid Schedule 2, and Alternative Bid Schedule 3 respectively, which include adjustments of three (3) utility covers, adjustments of seven (7) manholes to grade and converting one (1) square manhole to a round manhole on Indiana Avenue; and adjustment of six (6) manholes and converting six (6) square manholes to round manholes on Grant Street and Harlow Avenue, and the cost for the work will be reimbursed by WMWD and HGSD through reimbursement letter Agreements that will be executed by the Director of Transportation. The Director of Transportation has the authority to sign reimbursement Agreements up to \$100,000 per Minute Order dated November 19, 2019 (Agenda Item 3.25).

Project Nos. C6-0080 – Indiana Avenue Resurfacing
D2-0022 – Grant Street and Harlow Avenue Resurfacing

Impact on Residents and Businesses

The purpose of these projects is to replace existing deteriorated pavement with new rubberized hot mix asphalt for the approximate 1.4-mile segment of Indiana Avenue and with new hot mix asphalt for the combined 0.66-mile segment of Grant Street and Harlow Avenue in the Community of Home Gardens to provide the public with a smooth paved roadway that will improve the safety and efficiency of vehicular traffic.

The work is scheduled to begin in late fall 2024. The work will be phased to keep the roads open during construction as much as possible and will take approximately three months to complete.

SUPPLEMENTAL:

Additional Fiscal Information

Construction is expected to be completed in Fiscal Year 2024/2025 and will be funded with Gas Tax/SB-1, American Rescue Plan Act (ARPA), Western Municipal Water District, and Home Gardens Sanitary District funds.

There are no General Funds used in this project.

Contract History and Price Reasonableness

A total of eight bids were received on Wednesday July 24, 2024 ranging from \$3,185,000 to \$4,521,000. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsive and responsible bid was submitted by Hardy & Harper in the amount of \$3,185,000 which is \$388,168 (11%) below the engineer's cost estimate.

The Transportation Department recommends the award of the contract to Hardy & Harper in the amount of \$3,185,000.

A. Paragraphs 2 and 3. of the Cancellation Common Policy Condition are replaced by the following:

2. All Policies In Effect For 60 Days Or Less

If this policy has been in effect for 60 days or less, and is not a renewal of a policy we have previously issued, we may cancel this policy by mailing or delivering to the first Named Insured, at the mailing address shown in the policy, and to the producer of record, advance written notice of cancellation, stating the reason for cancellation, at least:

- a.** 10 days before the effective date of cancellation if we cancel for:
 - (1)** Nonpayment of premium; or
 - (2)** Discovery of fraud by:
 - (a)** Any insured or his or her representative in obtaining this insurance; or
 - (b)** You or your representative in pursuing a claim under this policy.
- b.** 30 days before the effective date of cancellation if we cancel for any other reason.

3. All Policies In Effect For More Than 60 Days

- a.** If this policy has been in effect for more than 60 days, or is a renewal of a policy we issued, we may cancel this policy only upon the occurrence, after the effective date of the policy, of one or more of the following:
 - (1)** Nonpayment of premium, including payment due on a prior policy we issued and due during the current policy term covering the same risks.
 - (2)** Discovery of fraud or material misrepresentation by:
 - (a)** Any insured or his or her representative in obtaining this insurance; or
 - (b)** You or your representative in pursuing a claim under this policy.
 - (3)** A judgment by a court or an administrative tribunal that you have violated a California or Federal law, having as one of its necessary elements an act which materially increases any of the risks insured against.

- (4) Discovery of willful or grossly negligent acts or omissions, or of any violations of state laws or regulations establishing safety standards, by you or your representative, which materially increase any of the risks insured against.
- (5) Failure by you or your representative to implement reasonable loss control requirements, agreed to by you as a condition of policy issuance, or which were conditions precedent to our use of a particular rate or rating plan, if that failure materially increases any of the risks insured against.
- (6) A determination by the Commissioner of Insurance that the:
- (a) Loss of, or changes in, our reinsurance covering all or part of the risk would threaten our financial integrity or solvency; or
 - (b) Continuation of the policy coverage would:
 - (i) Place us in violation of California law or the laws of the state where we are domiciled; or
 - (ii) Threaten our solvency.
- (7) A change by you or your representative in the activities or property of the commercial or industrial enterprise, which results in a materially added, increased or changed risk, unless the added, increased or changed risk is included in the policy.
- b. We will mail or deliver advance written notice of cancellation, stating the reason for cancellation, to the first Named Insured, at the mailing address shown in the policy, and to the producer of record, at least:
- (1) 10 days before the effective date of cancellation if we cancel for nonpayment of premium or discovery of fraud; or
 - (2) 30 days before the effective date of cancellation if we cancel for any other reason listed in Paragraph 3.a.
- B. The following provision is added to the **Cancellation Common Policy Condition**:
- 7. Residential Property**
- This provision applies to coverage on real property which is used predominantly for residential purposes and consisting of not more than four dwelling units, and to coverage on tenants' household personal property in a residential unit, if such coverage is written under one of the following:
- Commercial Property Coverage Part
Farm Coverage Part – Farm Property – Farm Dwellings, Appurtenant Structures And Household Personal Property Coverage Form
- a. If such coverage has been in effect for 60 days or less, and is not a renewal of coverage we previously issued, we may cancel this coverage for any reason, except as provided in b. and c. below.
 - b. We may not cancel this policy solely because the first Named Insured has:
 - (1) Accepted an offer of earthquake coverage; or
 - (2) Cancelled or did not renew a policy issued by the California Earthquake Authority (CEA) that included an earthquake policy premium surcharge.

However, we shall cancel this policy if the first Named Insured has accepted a new or renewal policy issued by the CEA that includes an earthquake policy premium surcharge but fails to pay the earthquake policy premium surcharge authorized by the CEA.
 - c. We may not cancel such coverage solely because corrosive soil conditions exist on the premises. This restriction (c.) applies only if coverage is subject to one of the following, which exclude loss or damage caused by or resulting from corrosive soil conditions:
 - (1) Commercial Property Coverage Part – Causes Of Loss – Special Form; or
 - (2) Farm Coverage Part – Causes Of Loss Form – Farm Property, Paragraph D. Covered Causes Of Loss – Special.

d. If a state of emergency under California Law is declared and the residential property is located in any ZIP Code within or adjacent to the fire perimeter, as determined by California Law, we may not cancel this policy for one year, beginning from the date the state of emergency is declared, solely because the dwelling or other structure is located in an area in which a wildfire has occurred. However, we may cancel:

- (1) When you have not paid the premium, at any time by letting you know at least 10 days before the date cancellation takes effect;
- (2) If willful or grossly negligent acts or omissions by the Named Insured, or his or her representatives, are discovered that materially increase any of the risks insured against; or
- (3) If there are physical changes in the property insured against, beyond the catastrophe-damaged condition of the structures and surface landscape, which result in the property becoming uninsurable.

C. The following is added and supersedes any provisions to the contrary:

Nonrenewal

1. Subject to the provisions of Paragraphs **C.2.** and **C.3.** below, if we elect not to renew this policy, we will mail or deliver written notice, stating the reason for nonrenewal, to the first Named Insured shown in the Declarations, and to the producer of record, at least 60 days, but not more than 120 days, before the expiration or anniversary date.

We will mail or deliver our notice to the first Named Insured, and to the producer of record, at the mailing address shown in the policy.

2. Residential Property

This provision applies to coverage on real property used predominantly for residential purposes and consisting of not more than four dwelling units, and to coverage on tenants' household property contained in a residential unit, if such coverage is written under one of the following:

Commercial Property Coverage Part
Farm Coverage Part – Farm Property – Farm Dwellings, Appurtenant Structures And Household Personal Property Coverage Form

a. If this policy provides coverage as described in the preceding paragraph, and we elect not to renew this policy, we will mail or deliver written notice, stating the reason for nonrenewal, to the first Named Insured shown in the Declarations, and to the producer of record, at the mailing address shown in the policy, at least 75 days, but not more than 120 days, before the expiration or anniversary date.

If we fail to give the first Named Insured shown in the Declarations notice of nonrenewal at least 75 days prior to the policy expiration, as required in the paragraph above, this policy, with no change in its terms and conditions, shall remain in effect for 75 days from the date that the notice of nonrenewal is delivered or mailed to the Named Insured. A notice to this effect shall be provided by us to the first Named Insured with the notice of nonrenewal.

b. We may elect not to renew such coverage for any reason, except as provided in Paragraphs **c.**, **d.** and **e.** below.

c. We will not refuse to renew such coverage solely because the first Named Insured has accepted an offer of earthquake coverage.

However, the following applies only to insurers who are associate participating insurers as established by Cal. Ins. Code Section 10089.16. We may elect not to renew such coverage after the first Named Insured has accepted an offer of earthquake coverage, if one or more of the following reasons applies:

- (1) The nonrenewal is based on sound underwriting principles that relate to the coverages provided by this policy and that are consistent with the approved rating plan and related documents filed with the Department of Insurance as required by existing law;

- (2) The Commissioner of Insurance finds that the exposure to potential losses will threaten our solvency or place us in a hazardous condition. A hazardous condition includes, but is not limited to, a condition in which we make claims payments for losses resulting from an earthquake that occurred within the preceding two years and that required a reduction in policyholder surplus of at least 25% for payment of those claims; or
- (3) We have:
- (a) Lost or experienced a substantial reduction in the availability or scope of reinsurance coverage; or
 - (b) Experienced a substantial increase in the premium charged for reinsurance coverage of our residential property insurance policies; and
- the Commissioner has approved a plan for the nonrenewals that is fair and equitable, and that is responsive to the changes in our reinsurance position.
- d. We will not refuse to renew such coverage solely because the first Named Insured has cancelled or did not renew a policy, issued by the California Earthquake Authority, that included an earthquake policy premium surcharge.
- e. We will not refuse to renew such coverage solely because corrosive soil conditions exist on the premises. This restriction (e.) applies only if coverage is subject to one of the following, which exclude loss or damage caused by or resulting from corrosive soil conditions:
- (1) Commercial Property Coverage Part – Causes Of Loss – Special Form; or
 - (2) Farm Coverage Part – Causes Of Loss Form – Farm Property, Paragraph D. Covered Causes Of Loss – Special.
- f. If a state of emergency under California Law is declared and the residential property is located in any ZIP Code within or adjacent to the fire perimeter, as determined by California Law, we may not nonrenew this policy for one year, beginning from the date the state of emergency is declared, solely because the dwelling or other structure is located in an area in which a wildfire has occurred.

However, we may nonrenew.

- (1) If willful or grossly negligent acts or omissions by the Named Insured, or his or her representatives, are discovered that materially increase any of the risks insured against;
 - (2) If losses unrelated to the postdisaster loss condition of the property have occurred that would collectively render the risk ineligible for renewal; or
 - (3) If there are physical changes in the property insured against, beyond the catastrophe-damaged condition of the structures and surface landscape, which result in the property becoming uninsurable.
3. We are not required to send notice of nonrenewal in the following situations:
- a. If the transfer or renewal of a policy, without any changes in terms, conditions or rates, is between us and a member of our insurance group.
 - b. If the policy has been extended for 90 days or less, provided that notice has been given in accordance with Paragraph C.1.
 - c. If you have obtained replacement coverage, or if the first Named Insured has agreed, in writing, within 60 days of the termination of the policy, to obtain that coverage.
 - d. If the policy is for a period of no more than 60 days and you are notified at the time of issuance that it will not be renewed.
 - e. If the first Named Insured requests a change in the terms or conditions or risks covered by the policy within 60 days of the end of the policy period.
 - f. If we have made a written offer to the first Named Insured, in accordance with the timeframes shown in Paragraph C.1., to renew the policy under changed terms or conditions or at an increased premium rate, when the increase exceeds 25%.

A. PARTNERSHIP AND JOINT VENTURE EXTENSION

The following provision is added to **SECTION II - WHO IS AN INSURED** :

The last full paragraph which reads as follows:

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

is deleted and replaced with the following:

With respect to the conduct of any past or present joint venture or partnership not shown as a Named Insured in the Declarations and of which you are or were a partner or member, you are an insured, but only with respect to liability arising out of "your work" on behalf of any partnership or joint venture not shown as a Named Insured in the Declarations, provided no other similar liability insurance is available to you for "your work" in connection with your interest in such partnership or joint venture.

B. CONTRACTORS AUTOMATIC ADDITIONAL INSURED COVERAGE – ONGOING OPERATIONS

SECTION II – WHO IS AN INSURED is amended to include as an additional insured any person or organization who is required by written contract to be an additional insured on your policy, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the project(s) designated in the written contract.

With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

This insurance is excess of all other insurance available to the additional insured, whether primary, excess, contingent or on any other basis, unless the written contract requires this insurance to be primary. In that event, this insurance will be primary relative to insurance policy(s) which designate the additional insured as a Named Insured in the Declarations and we will not require contribution from such insurance if the written contract also requires that this insurance be non-contributory. But with respect to all other insurance under which the additional insured qualifies as an insured or additional insured, this insurance will be excess.

C. AUTOMATIC WAIVER OF SUBROGATION

Item 8. of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS**, is deleted and replaced with the following:

- 8. Transfer of Rights of Recovery Against Others to Us and Automatic Waiver of Subrogation.**
 - a. If the insured has rights to recover all or part of any payment we have made under this Coverage Form, those rights are transferred to us. The insured must do nothing after loss to impair those rights. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.
 - b. If required by a written contract executed prior to loss, we waive any right of recovery we may have against any person or organization because of payments we make for injury or damage arising out of "your work" for that person or organization.

D. EXTENDED NOTICE OF CANCELLATION, NONRENEWAL

Item **A.2.b.** of the **COMMON POLICY CONDITIONS** , is deleted and replaced with the following:

A.2.b. 60 days before the effective date of the cancellation if we cancel for any other reason.

Item **9.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** , is deleted and replaced with the following:

9. WHEN WE DO NOT RENEW

- a.** If we choose to nonrenew this policy, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 60 days before the expiration date.
- b.** If we do not give notice of our intent to nonrenew as prescribed in **a.** above, it is agreed that you may extend the period of this policy for a maximum additional sixty (60) days from its scheduled expiration date. Where not otherwise prohibited by law, the existing terms, conditions and rates will remain in effect during that extension period. It is further agreed that so long as it is not otherwise prohibited by law, this one time sixty day extension is the sole remedy and liquidated damages available to the insured as a result of our failure to give the notice as prescribed in **9.** **a.** above.

E. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

Although we relied on your representations as to existing and past hazards, if unintentionally you should fail to disclose all such hazards at the inception date of your policy, we will not deny coverage under this Coverage Form because of such failure.

J. BROADENED CONDITIONS

Items **2.a.** and **2.b.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** , are deleted and replaced with the following:

2. Duties In The Event Of Occurrence, Offense, Claim Or Suit:

a. You must see to it that we are notified of an "occurrence" or an offense which may result in a claim as soon as practicable after the "occurrence" has been reported to you, one of your officers or an "employee" designated to give notice to us. Notice should include:

- (1) How, when and where the "occurrence" or offense took place;
- (2) The names and addresses of any injured persons and witnesses; and
- (3) The nature and location of any injury or damage arising out of the "occurrence" or offense.

b. If a claim is made or "suit" is brought against any insured, you must:

- (1) Record the specifics of the claim or "suit" and the date received as soon as you, one of your officers, or an "employee" designated to record such information is notified of it; and
- (2) Notify us in writing as soon as practicable after you, one of your officers, your legal department or an "employee" you designate to give us such notice learns of the claims or "suit."

Item **2.e.** is added to **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** :

2.e. If you report an "occurrence" to your workers compensation insurer which develops into a liability claim for which coverage is provided by the Coverage Form, failure to report such "occurrence" to us at the time of "occurrence" shall not be deemed in violation of paragraphs **2.a.**, **2.b.**, and **2.c.** However, you shall give written notice of this "occurrence" to us as soon as you are made aware of the fact that this "occurrence" may be a liability claim rather than a workers compensation claim.

K. AUTOMATIC ADDITIONAL INSUREDS - EQUIPMENT LEASES

SECTION II - WHO IS AN INSURED is amended to include any person or organization with whom you agree in a written equipment lease or rental agreement to name as an additional insured with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, at least in part, by your maintenance, operation, or use by you of the equipment leased to you by such person or organization, subject to the following additional exclusions.

The insurance provided to the additional insured does not apply to:

1. "Bodily injury" or "property damage" occurring after you cease leasing the equipment.
2. "Bodily injury" or "property damage" arising out of the sole negligence of the additional insured.
3. "Property damage" to:
 - a. Property owned, used or occupied by or rented to the additional insured; or
 - b. Property in the care, custody or control of the additional insured or over which the additional insured is for any purpose exercising physical control.

This insurance is excess of all other insurance available to the additional insured, whether primary, excess, contingent or on any other basis, unless the written contract requires this insurance to be primary. In that event, this insurance will be primary relative to insurance policy(s) which designate the additional insured as a Named Insured in the Declarations and we will not require contribution from such insurance if the written contract also requires that this insurance be non-contributory. But with respect to all other insurance under which the additional insured qualifies as an insured or additional insured, this insurance will be excess.

L. SUITS AGAINST DREDGES AND BARGES

We agree that any "suit" in rem against any dredge or barge owned, operated by or for you, and used in your operations, shall in all respects be treated in the same manner as though the "suit" were against you.

This coverage is excess over and above any specific insurance on any dredge or barge owned, operated by or for you, and used in your operations.

M. INSURED CONTRACT EXTENSION - RAILROAD PROPERTY AND CONSTRUCTION CONTRACTS

Item 9. of **SECTION V - DEFINITIONS** , is deleted and replaced with the following.

9. "Insured Contract" means:
 - a. A contract for a lease of premises. However, that portion of the contract for a lease of premises that indemnifies any person or organization for damage by fire to premises while rented to you or temporarily occupied by you with permission of the owner is not an "insured contract";
 - b. A sidetrack agreement;
 - c. Any easement or license agreement;
 - d. An obligation, as required by ordinance, to indemnify a municipality, except in connection with work for a municipality;
 - e. An elevator maintenance agreement;

- f. That part of any other contract or agreement pertaining to your business (including an indemnification of a municipality in connection with work performed for a municipality) under which you assume the tort liability of another party to pay for "bodily injury" or "property damage" to a third person or organization. Tort liability means a liability that would be imposed by law in the absence of any contract or agreement.

Paragraph f. does not include that part of any contract or agreement:

- (1) That indemnifies an architect, engineer or surveyor for injury or damage arising out of:
 - (a) Preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
 - (b) Giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage; or
- (2) Under which the insured, if an architect, engineer or surveyor, assumes liability for an injury or damage arising out of the insured's rendering or failure to render professional services, including those listed in (1) above and supervisory, inspection, architectural or engineering activities.

N. CONSTRUCTION PROJECT GENERAL AGGREGATE LIMITS

This modifies **SECTION III - LIMITS OF INSURANCE** .

- A.** For all sums which can be attributed only to ongoing operations at a single construction project for which the insured becomes legally obligated to pay as damages caused by an "occurrence" under **SECTION I - COVERAGE A**, and for all medical expenses caused by accidents under **SECTION I - COVERAGE C** :
1. A separate Construction Project General Aggregate Limit applies to each construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
 2. The Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits."
 3. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Construction Project General Aggregate Limit for that construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Construction Project General Aggregate Limit for any other construction project.
 4. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Construction Project General Aggregate Limit.

- B.** For all sums which cannot be attributed only to ongoing operations at a single construction project for which the insured becomes legally obligated to pay as damages caused by an "occurrence" under **SECTION I - COVERAGE A**, and for all medical expenses caused by accidents under **SECTION I - COVERAGE C** :
- 1.** Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and
 - 2.** Such payments shall not reduce any Construction Project General Aggregate Limit.
- C.** Payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Construction Project General Aggregate Limit.
- D.** If a construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.
- E.** The provisions of **SECTION III - LIMITS OF INSURANCE** not otherwise modified by this endorsement shall continue to be applicable.

O. FELLOW EMPLOYEE COVERAGE

Exclusion 2e. Employers Liability of **SECTION I, COVERAGE A**, is deleted and replaced with the following:

2e. "Bodily injury" to

- (1)** An "employee" of the insured arising out of and in the course of:
 - (a)** Employment by the insured; or
 - (b)** Performing duties related to the conduct of the insured's business; or
- (2)** The spouse, child, parent, brother or sister of that "employee" as a consequence of paragraph **(1)** above.

This exclusion applies:

- (1)** Whether the insured may be liable as an employer or in any other capacity; and
- (2)** To any obligation to share damages with or repay someone else who must pay damages because of the injury.

This exclusion does not apply to:

- (1)** Liability assumed by the insured under an "insured contract"; or
- (2)** Liability arising from any action or omission of a co-"employee" while that co-"employee" is either in the course of his or her employment or performing duties related to the conduct of your business.

Item **2a. (1)(a)** of **SECTION II - WHO IS AN INSURED** , is deleted and replaced with the following:

2a. (1)(a) To you, to your partners or members (if you are a partnership or joint venture) or to your members (if you are a limited liability company), or to your "volunteer workers" while performing duties related to the conduct of your business.

P. PROPERTY DAMAGE LIABILITY - ELEVATORS

"Property damage" liability is changed as follows:

1. **Exclusions 2.j.(3) and 2.j.(4) of SECTION I, COVERAGE A** , do not apply to the use of elevators.
2. The insurance afforded by reason of this provision is excess over any valid and collectible property insurance (including any deductible portion thereof) available to the insured whether primary, excess, contingent or on any other basis, and the **OTHER INSURANCE** condition is changed accordingly.

Q. CARE, CUSTODY OR CONTROL

Exclusion 2.j.4 of SECTION I, COVERAGE A is deleted and replaced with the following:

2.j.4 Personal property in the care, custody or control of the insured. However, for personal property in the care, custody or control of you or your "employees," this exclusion applies only to that portion of any loss in excess of \$25,000 per occurrence, subject to the following terms and conditions;

- (a) The most that we will pay under this provision as an annual aggregate is \$100,000, regardless of the number of occurrences.
- (b) This provision does not apply to "employee" owned property or any property that is missing where there is not physical evidence to show what happened to the property.
- (c) The aggregate limit for this coverage provision is part of the General Aggregate Limit and **SECTION III - LIMITS OF INSURANCE** is changed accordingly.
- (d) In the event of damage to or destruction of property covered by this exception, you shall, if requested by us, replace the property or furnish the labor and materials necessary for repairs thereto, at actual cost to you, exclusive of prospective profit or overhead charges of any nature.
- (e) \$2,500 shall be deducted from the total amount of all sums you became obligated to pay as damages on account of damage to or destruction of all property of each person or organization, including the loss of use of that property, as a result of each "occurrence." Our limit of liability under the endorsement as being applicable to each "occurrence" shall be reduced by the amount of the deductible indicated above; however, our aggregate limit of liability under this provision shall not be reduced by the amount of such deductible. The conditions of the policy, including those with respect to duties in the event of "occurrence," claims or "suit" apply irrespective of the application of the deductible amount. We may pay any part or all of the deductible amount to effect settlement of any claim or "suit" and, upon notification of the action taken, you shall promptly reimburse us for such part of the deductible amount as has been paid by us.

R. ELECTRONIC DATA LIABILITY COVERAGE

A. Exclusion 2.p. of COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY in SECTION I – COVERAGES is replaced by the following:

2. Exclusions

This insurance does not apply to:

p. Access Or Disclosure Of Confidential Or Personal Information And Data-Related Liability

Damages arising out of:

- (1) Any access to or disclosure of any person's or organization's confidential or personal information, including patents, trade secrets, processing methods, customer lists, financial information, credit card information, health information or any other type of nonpublic information; or
- (2) The loss of, loss of use of, damage to, corruption of, inability to access, or inability to manipulate "electronic data" that does not result from physical injury to tangible property

This exclusion applies even if damages are claimed for notification costs, credit monitoring expenses, forensic expenses, public relations expenses or any other loss, cost or expense incurred by you or others arising out of that which is described in Paragraph (1) or (2) above.

However, unless Paragraph (1) above applies, this exclusion does not apply to damages because of "bodily injury".

B. The following is added to Paragraph 2. EXCLUSIONS of SECTION I – COVERAGE B – PERSONAL AND ADVERTISING INJURY LIABILITY:

2. Exclusions

This insurance does not apply to:

Access Or Disclosure Of Confidential Or Personal Information

"Personal and advertising injury" arising out of any access to or disclosure of any person's or organization's confidential or personal information, including patents, trade secrets, processing methods, customer lists, financial information, credit card information, health information or any other type of nonpublic information.

This exclusion applies even if damages are claimed for notification costs, credit monitoring expenses, forensic expenses, public relations expenses or any other loss, cost or expense incurred by you or others arising out of any access to or disclosure of any person's or organization's confidential or personal information.

C. The following definition is added to Section V – DEFINITIONS :

"Electronic data" means information, facts or programs stored as or on, created or used on, or transmitted to or from computer software (including systems and applications software), hard or floppy disks, CD-ROMS, tapes, drives, cells, data processing devices or any other media which are used with electronically controlled equipment.

D. For the purposes of this coverage, the definition of "property damage" in SECTION V – DEFINITIONS is replaced by the following:

"Property damage" means:

- a. Physical injury to tangible property, including all resulting loss of use of that property. All such loss of use shall be deemed to occur at the time of the physical injury that caused it;
- b. Loss of use of tangible property that is not physically injured. All such loss of use shall be deemed to occur at the time of the "occurrence" that caused it; or
- c. Loss of, loss of use of, damage to, corruption of, inability to access, or inability to properly manipulate "electronic data", resulting from physical injury to tangible property. All such loss of "electronic data" shall be deemed to occur at the time of the "occurrence" that caused it.

For the purposes of this insurance, "electronic data" is not tangible property.

S. CONSOLIDATED INSURANCE PROGRAM RESIDUAL LIABILITY COVERAGE

With respect to "bodily injury", "property damage", or "personal and advertising injury" arising out of your ongoing operations; or operations included within the "products-completed operations hazard", the policy to which this coverage is attached shall apply as excess insurance over coverage available to "you" under a Consolidated Insurance Program (such as an Owner Controlled Insurance Program or Contractors Controlled Insurance Program).

Coverage afforded by this endorsement does not apply to any Consolidated Insurance Program involving a "residential project" or any deductible or insured retention, specified in the Consolidated Insurance Program.

The following is added to **Section V – Definitions**

"Residential project" means any project where 30% or more of the total square foot area of the structures on the project is used or is intended to be used for human residency. This includes but is not limited to single or multifamily housing, apartments, condominiums, townhouses, co-operatives or planned unit developments and appurtenant structures (including pools, hot tubs, detached garages, guest houses or any similar structures). A "residential project" does not include military owned housing, college/university owned housing or dormitories, long term care facilities, hotels, motels, hospitals or prisons.

All other terms, provisions, exclusions and limitations of this policy apply.

This insurance does not apply to:

1. Any "occurrence" which takes place after you cease to be a tenant in that premises.
2. Structural alterations, new construction or demolition operations performed by or on behalf of the additional insured listed in the written contract or written agreement.

This insurance is excess of all other insurance available to the additional insured, whether primary, excess, contingent or on any other basis, unless the written contract requires this insurance to be primary. In that event, this insurance will be primary relative to insurance policy(s) which designate the additional insured as a Named Insured in the Declarations and we will not require contribution from such insurance if the written contract also requires that this insurance be non-contributory. But with respect to all other insurance under which the additional insured qualifies as an insured or additional insured, this insurance will be excess.

U. AUTOMATIC ADDITIONAL INSURED – STATE OR GOVERNMENTAL AGENCY OR POLITICAL SUBDIVISIONS – PERMITS OR AUTHORIZATIONS

SECTION II – WHO IS AN INSURED is amended to include any state or governmental agency or subdivision or political subdivision with whom you are required by written contract, ordinance, law or building code to name as an additional insured subject to the following provisions:

This insurance does not apply to:

1. "Bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the federal government, state or municipality; or
2. "Bodily injury" or "property damage" included within the "products-completed operations hazard".

This insurance is excess of all other insurance available to the additional insured, whether primary, excess, contingent or on any other basis, unless the written contract requires this insurance to be primary. In that event, this insurance will be primary relative to insurance policy(s) which designate the additional insured as a Named Insured in the Declarations and we will not require contribution from such insurance if the written contract also requires that this insurance be non-contributory. But with respect to all other insurance under which the additional insured qualifies as an insured or additional insured, this insurance will be excess.

V. CONTRACTORS AUTOMATIC ADDITIONAL INSURED COVERAGE – COMPLETED OPERATIONS

SECTION II – WHO IS AN INSURED is amended to include as an additional insured any person or organization who is required by written contract to be an additional insured on your policy for completed operations, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the project designated in the contract, performed for that additional insured and included in the "products-completed operations hazard".

This insurance is excess of all other insurance available to the additional insured, whether primary, excess, contingent or on any other basis, unless the written contract requires this insurance to be primary. In that event, this insurance will be primary relative to insurance policy(s) which designate the additional insured as a Named Insured in the Declarations and we will not require contribution from such insurance if the written contract also requires that this insurance be non-contributory. But with respect to all other insurance under which the additional insured qualifies as an insured or additional insured, this insurance will be excess.

W. ADDITIONAL INSURED – ENGINEERS, ARCHITECTS OR SURVEYORS

SECTION II – WHO IS AN INSURED is amended to include as an additional insured any architect, engineer or surveyor who is required by written contract to be an additional insured on your policy, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations performed by you or on your behalf.

2. Supervisory, inspection or engineering services.

This insurance is excess of all other insurance available to the additional insured, whether primary, excess, contingent or on any other basis, unless the written contract requires this insurance to be primary. In that event, this insurance will be primary relative to insurance policy(s) which designate the additional insured as a Named Insured in the Declarations and we will not require contribution from such insurance if the written contract also requires that this insurance be non-contributory. Item 2: Clarification - Manholes Owned by Home Gardens Sewer District (HGSD).

Refer to Alternative Bid Schedules 2 and 3 in “Revised Proposal” for HGSD items of work.

Regarding HGSD, HGSD is the sewer service provider within the limits of the Indiana Avenue, Grant Street and Harlow Avenue Resurfacing Project (Project). There are thirteen (13) manholes affected within the limits of the Project.

The existing HGSD manholes were built using an older County of Riverside Standard (Std. No. 35) specifying brick manholes with square lids. Some of the existing manholes were retrofitted in the past by removing the square lids and replacing with round lids.

The table below details locations of manholes within the Project limits with information about manhole lid type, manhole diameter, and depth from the top of the brick manhole shaft to existing finished surface (FS):

	Location	Manhole Diameter (inches)	Depth Brick to FS (inches)	Notes	Contractor is required to
1	McKinley St at Harlow Ave	28	9	Square	Remove and replace with round frame and lid
2	McKinley St at Harlow Ave	26	8.25	Square	Remove and replace with round frame and lid
3	Grant St at Harlow Ave	24.5	15.5	Square	Remove and replace with round frame and lid

12	Windsong St at Harlow Ave	24	8	Round	Adjust to grade
13	Indiana Ave at approx. Sta 15+02	18	10	Square	Remove and replace with round frame and lid

Item 3: Work - Manholes Owned by Home Gardens Sewer District (HGSD).

Refer to Section 71-5.03B, "Frames, Covers, Grates and Manholes", on pages 67 and 68 of the Special Provisions for adjustment of manholes to grade.

The following provisions are added and made a part hereby:

Adjust Manhole to Grade (Sewer - HGSD)

For the HGSD sewer manholes within the project limits having existing round frames and lids, the Contractor shall:

1. Save and reuse the existing frames and lids
2. Reinstall (if necessary) the existing frames and lids at the adjusted finished surface consistent with grades shown on the plans.
3. All work to adjust the HGSD manhole lids shall be done consistent with WMWD Std. Dwg. No. W-1100 (attached herewith as **Attachment "B"**) and WMWD Technical Specification No. 153430 (attached herewith as **Attachment "C"**).
4. Contractor is responsible to prohibit foreign objects from entering the manhole, to remove any debris from HGSDs manhole or sewer pipelines that may enter during the construction process.

Convert Square Manhole To Round Manhole And Adjust To Grade (Sewer - HGSD)

For the HGSD sewer manholes within the project limits with existing square manhole frames and lids, the Contractor shall:

1. Save and deliver to HGSD's office at 13538 Magnolia Avenue, Corona, CA all square lids.
2. Remove square lid frame and haul off with debris.
3. Expose and remove all material between the existing finished surface to the top brick ring of the existing manhole shaft.
4. Place new precast concrete adjusting rings from the top ring of the brick manhole to the proposed finished surface, allowing sufficient room for a new round manhole frame and lid. Contractor is to use mortar as needed to level the first new precast concrete adjusting ring with the existing brick ring of the manhole and seal off any gaps between the bricks and new adjusting ring. The Contractor is to use care to not damage the brick manhole shaft. If damage occurs the Contractor is to replace the damaged bricks and/or mortar in place.
5. Install new frames and lids at the adjusted finished surface consistent with grades shown on the County plans.
6. The Contractor is responsible to verify in field prior to starting work on adjustment of HGSD manholes the diameter of the manholes and depth from the top of the existing brick manhole to the proposed finished surface. The Contractor is also responsible for ordering and providing the necessary new precast concrete adjusting rings in diameters and thickness to match the existing brick manholes and depths from the top brick ring and proposed finished surface.
7. All work to adjust the HGSD manhole lids shall be done consistent with WMWD Std. Dwg. No. W-1100 (attached herewith as **Attachment "B"**) and WMWD Technical Specification No. 153430 (attached herewith as **Attachment "C"**).

RE: Response to Bid Protest Letter
Indiana Avenue Resurfacing

Community of Home Gardens
Project No. C6-0080; and
Grant Street and Harlow Avenue Resurfacing
Grant Street from Harlow Avenue to Magnolia Avenue
Harlow Avenue from Grant Street to McKinley Street
Community of Home Gardens
Project No. D2-0022

Dear Mr. Ritarita:

We received your letter on behalf of your company sent to the County of Riverside Transportation Department (County) e-mailed August 1, 2024 regarding the above referenced project (letter dated July 31, 2024 with two attached exhibits). With regard to your letter and the bid, the County has reviewed the issues you presented. The County provides the following response to the grounds of protest noted in your company's letter.

On July 24, 2024, eight (8) bids were received by the County for the above referenced project. See attached bid summary for information regarding all eight (8) bids received.

A request was made to review and amend the specifications regarding cold in-place asphalt recycling (CIR). Bid book specifications for this project cannot be changed since an addendum is not allowed to be issued after bids have been received and opened.

Cold In-Place Recycling (CIR), Cold Central Plant Recycling (CCPR), and Full Depth Reclamation (FDR) are all recognized and standardized processes for reclaiming pavements. These methods are not proprietary and are well-documented in industry standards. Specifically, Section 30 RECLAIMED PAVEMENTS of the Caltrans Standard Specifications (added and updated since 2010 Standard Specifications revised 04-20-2012) and Part 10 ASPHALT CONCRETE RECYCLING of the Greenbook Specifications provide provisions for utilizing these sustainable practices. The processes use conventional equipment and materials, and their application is available to any contractor willing to invest in the necessary machinery and expertise.

The County has utilized the CIR method intermittently on various projects in the last several years as an alternative cost effective rehabilitation measure. CIR is not a proprietary product and can be placed by any contractor. It is important to emphasize that the competitive advertisement of this project is not restricted by the specified methods themselves but rather by the willingness of a company to commit to acquiring the advanced equipment required and to develop the expertise in these sustainable methods. The bid specifications are designed to ensure high-quality and durable results, and the processes required are widely accepted in the industry for achieving these goals.

Regarding the concerns about pricing practices, we believe that market dynamics, including a contractor's experience, availability and investment in specialized equipment influence pricing. However, no requirement(s) within the bid specifications has created an unfair advantage for any particular contractor or subcontractor.

Currently, there are few contractors that can provide CIR services within the state of California. For this project, we verified that Pavement Recycling Systems, Inc. (PRS) was included as the only listed subcontractor among all eight (8) bidding prime contractors. Subcontractor lists identify PRS to perform 3-6 different proposal items of work (copy of Subcontractor Lists attached).

Preparing a bid by each contractor is expected to be different and for this project PRS was listed for subcontracted work, identified to be partial work, and averaged a cost of \$721,891 among all eight bids. Due to competitive bidding methods, there is no single approach to provide a cost due to various resources and needs that a bidding contractor may have at the time of providing a bid. We also understand that even though PRS may provide a cost based on terms and conditions negotiated between PRS and any one of the bidding contractors that a bidding contractor may prepare a bid in a manner they prefer to submit.

For example, your company (Vance) obtained a PRS cost estimate for six items of work; however, Vance only listed three items of work in your company's Subcontractor List. We do not see a need to scrutinize each cost estimate submitted by PRS to each of the eight bidding contractors for this project and to obtain reasons for each specific cost listed for different items of work listed for each bidding contractor's items of work proposed to be subcontracted to PRS.

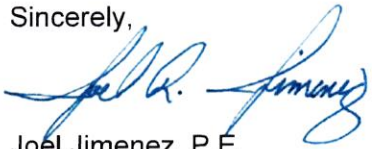

Furthermore, we accept each individual bidding contractor's non-collusion declaration (attached). A non-collusion declaration (affidavit) is a legal document that ensures fairness in the bidding process by requiring bidders to promise that their bids were made independently.

The specified processes in the bid documents are generic and align with industry standards allowing for comparable and competitive bidding among qualified contractors. The County remains committed to upholding a transparent and unbiased bidding process and we appreciate your attention to these matters.

The County intends to award the construction contract to Hardy & Harper, Inc, who has been deemed the lowest responsive and responsible bidder, for this project.

The County thanks Vance for its interest in this project. Vance is currently the apparent low bidder on two projects since this project bid was submitted and we encourage Vance to continue to seek bidding opportunities with the County. If you have any questions or need additional information, please contact me at your convenience at (951) 955-1537 (jrjimenez@rivco.org).

Sincerely,

Joel Jimenez, P.E.

To Whom it May Concern,

Subject: Protest of Bid Specifications and Pricing for Indiana Avenue Resurfacing Project

I am writing on behalf of Vance Corporation, a general contractor who recently submitted a bid for the Indiana Avenue Resurfacing Barker Lane to 150 feet east of Hillview Drive Project No C6-0080. We appreciate the opportunity to participate in the bidding process and recognize the importance of fair and transparent procurement practices. However, we wish to formally protest the specifications and conditions of this bid due to concerns regarding the specified practice of cold in-place asphalt recycling (CIR) and the pricing provided by the sole company capable of completing this work.

The bid documents mandated the use of a specific CIR practice, for which only one contractor, Pavement Recycling Inc., is known to have the required expertise and equipment. While this practice may be technically justified, it has effectively restricted competition. This limitation has led to a monopolistic situation where only one company can provide the necessary services, giving them undue control over pricing. As a result, Pavement Recycling Inc quoted our firm a significantly higher price for the CIR scope than other bidders, placing us at a competitive disadvantage and effectively pricing us out of the market.

We understand that certain technical specifications are necessary to ensure project quality and adherence to standards. However, the current situation raises several concerns:

1. **Lack of Competition:** The requirement for a specific CIR practice limited the pool of qualified subcontractors to one. This lack of competition potentially results in inflated pricing and reduced value for the project.
2. **Unfair Pricing Practices:** The higher price quoted to our firm compared to other bidders suggests discriminatory pricing. This practice undermines the principles of fair competition and may have been influenced by factors unrelated to the project's technical requirements.
3. **Market Distortion:** The current bid specifications distort the market by favoring certain contractors over others. This situation could discourage future participation in public projects, reducing the pool of qualified contractors and ultimately impacting project quality and cost-efficiency.

In light of these concerns, we respectfully request the following:

1. **Review and Amendment of Specifications:** We urge the agency to review the technical specifications, particularly the exclusive requirement for a specific CIR practice. Consideration should be given to alternative methods that could allow for broader participation while still meeting project quality and safety standards.
2. **Investigation of Pricing Practices:** We request an investigation into the pricing practices of the sole CIR contractor to ensure that all bidders are treated fairly and equitably.
3. **Reevaluation of Bids:** In the interest of fairness, we ask that the agency reevaluates the bids in light of any adjustments to the specifications or pricing practices that may arise from this protest.

We believe that addressing these issues will not only ensure a more competitive and fair bidding process but also result in better value for the public. We are committed to providing high-quality work and competitive pricing and look forward to the opportunity to participate in a fair and open bidding process.

Thank you for your attention to this matter. We appreciate your prompt response and are available to discuss our concerns further.

Sincerely,

Richard Kesner
