BACKGROUND:

Summary

By Minute Order dated August 27, 2024 (Agenda Item 3.90), the County of Riverside Board of Supervisors authorized the Clerk of the Board to advertise for the construction of the Clark Street Resurfacing and Sidewalk Improvements Project in the Community of Mead Valley of Riverside County. The resurfacing of Clark Street is a 1.5-mile segment between Martin Street and Nandina Avenue. The curb, gutter, and sidewalk improvements are located along a 1-mile segment on the east side of Clark Street between Martin Street and Oleander Avenue.

The two projects were combined to bid as one project to gain cost efficiencies by eliminating multiple bidding and administrative procedures and to seek more favorable proposed costs associated with larger bid quantities.

Roadway resurfacing is needed due to the deteriorated pavement conditions, generally associated with age and traffic loading. Mainly, the resurfacing of the segment of Clark Street between Martin Street and Oleander Avenue will consist of removing the existing asphalt concrete and underlying material and placing new hot mix asphalt (HMA); the resurfacing of the segment of Clark Street between Oleander Avenue and Nandina Avenue will consist of pulverizing the existing asphalt concrete pavement in place and placing new HMA pavement.

The sidewalk improvements will provide a fully American with Disabilities Act (ADA) compliant accessible all-weather pathway for pedestrians.

Additional improvements include the construction of an asphalt concrete dike and, the placement of safety edge and shoulder backing to protect the outside edge of the pavement. Drainage improvements include the construction of a catch basin and connecting storm drain culverts to concrete a headwall. Safety features include placing roadside signs, traffic stripes, thermoplastic crosswalks and pavement markings, and other associated work.

On March 11, 2021, President Biden signed the \$1.9 trillion American Rescue Plan Act (ARPA) of 2021 into law. To accelerate recovery from the economic and health impacts of the COVID-19 pandemic, the County of Riverside was provided approximately \$480 million. The Executive Office in conjunction with the Board of Supervisors developed a plan to disburse these funds based on the principles of providing recovery funding to those sectors of our economy and society that are struggling most to recover from the pandemic; have a constituent and community based focus; provide a vehicle for transformational investment in our County's recovery from COVID-19; provide for countywide equity; and focus on one time investments, rather than funding ongoing operational costs. As a result of these principles, the Clark Street Sidewalk Improvements Project, from Martin Street to Oleander Avenue, was selected as a recipient of \$5,000,000 of ARPA funds from District 1 per Minute Order dated December 13, 2022 (Agenda Item 3.2).

During the advertisement period, two addenda were issued to all registered plan holders as a supplement to the plans and specifications. Bidders were required to acknowledge and take into account the issued addenda on their contractor's Bid in order to be considered for award.

The addenda were issued to clarify and modify the approved contract documents, the modifications slightly increased the project costs as originally advertised; however, the contract cost submitted for award, per AAA bid, is lower than the approved estimated amount for advertisement. The addenda are attached and designated as Addendum No. 1 and Addendum No. 2.

The Contract includes the following schedules of work:

- Base Bid Schedule 1: Clark Street, Martin Street to Oleander Avenue, D3-0111
- Base Bid Schedule 2: Clark Street, Oleander Avenue to Nandina Avenue, C9-0026
- Alternative Bid Schedule 1: Not Selected for Award, Frontier Communications (Frontier) Facilities Adjustment
- Alternative Bid Schedule 2: Not Selected for Award, Eastern Municipal Water District (EMWD) Facilities Relocations

Frontier and EMWD have rejected the bid prices proposed by AAA for alternative bid schedules 1 and 2 respectively.

The contractor, AAA, is qualified to perform the work as outlined in the bid, has executed the contract, and has provided bonds and insurance documents that meet the requirements of the contract documents.

Impact on Residents and Businesses

The purpose of the resurfacing project is to rehabilitate a 1.5-mile segment of Clark Street between Martin Street and Nandina Avenue, to provide the public with a smooth paved roadway that will improve the safety and efficiency of vehicular traffic. The sidewalk improvements on the east side of Clark Street between Martin Street and Oleander Avenue will improve pedestrian safety and provide an Americans with Disabilities Act (ADA) compliant path.

The work is scheduled to begin in January 2025. The work will be phased to keep the road open during construction as much as possible and will take approximately five months to complete.

SUPPLEMENTAL:

Additional Fiscal Information

Construction is expected to be completed in Fiscal Year 2024/2025 and will be funded with Gas Tax/SB-1 and ARPA funds.

The proposed budget as shown in Attachment "A" includes the Contract award amount and other associated costs.

There are no General Funds used in this project.

Contract History and Price Reasonableness

A total of eight bids were received on Wednesday, September 25 2024 ranging from \$4,392,497 to \$6,975,789. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsive and responsible bid was submitted by AAA in the amount of \$4,392,497 which is \$197,396 (4.3%) below the engineer's cost estimate.

The Transportation Department recommends the award of the contract to AAA in the amount of \$4,368,797. The contract amount (\$4,368,797) varies from the submitted bid amount \$4,392,497 because Alternative Bid Schedule 1 and Alternative Bid Schedule 2 in the amount of \$5,300 and \$18,400 respectively were not selected for award.

There are provisions in this policy that restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

Words and phrases in quotation marks have special meaning and can be found in the **Definitions** Section or the specific policy provision where they appear.

In consideration of the payment of the premium and in reliance upon the statements in the Declarations we agree with you to provide coverage as follows:

INSURING AGREEMENTS

I. COVERAGE

We will pay on behalf of the Insured "loss" in excess of the Underlying Limits of Insurance shown in Item 5. of the Declarations, but only up to an amount not exceeding the Company's Limits of Insurance as shown in Item 4. of the Declarations. The inclusion or addition hereunder of more than one Insured shall not operate to increase the Company's Limits of Insurance beyond that set forth in Item 4. of the Declarations.

We will be furnished a complete copy of the First Underlying Insurance Policy described in Item 5. of the Declarations.

2. The aggregate limit shown in Item 4. of the Declarations is the most we will pay for all "loss" that is subject to an aggregate limit provided by the First Underlying Insurance Policy. The aggregate limit applies separately and in the same manner as the aggregate limits provided by the First Underlying Insurance Policy.
3. Subject to B.2., the occurrence limit stated in Item 4. of the Declarations is the most we will pay for all "loss" arising out of any one occurrence to which this policy applies.
4. Subject to Paragraphs B.2. and B.3. above, if the underlying Limits of Insurance stated in Item 5. of the Declarations are reduced or exhausted solely by payment of "loss," such insurance provided by this policy will apply in excess of the reduced Underlying Limits or, if all Underlying Limits are exhausted, will apply as underlying insurance subject to the same terms, conditions, definitions and exclusions of the First Underlying Insurance Policy, except for the terms, conditions, definitions and exclusions of this policy.
