BACKGROUND:

Summary

The Transportation Improvement Program (TIP) provides for the construction of the Limonite Avenue Interchange Fencing Project, in the City of Eastvale. The Project consists of constructing approximately 1,260 feet of wire mesh fence and 1,360 feet of earthen swale to improve localized drainage needed for the Limonite Avenue / I-15 Interchange project in the City of Eastvale (Project).

The bid documents include the following bid schedule of work:

Base Bid Schedule: Interchange Fencing Project

The submitted plans and specifications have been approved as to form by County Counsel.

The Transportation Department will select the contractor based upon the lowest responsive and responsible bid.

Project No.: A3-0393

Environmental Findings

The project proposes to construct wire mesh fencing and earthen swale to improve localized drainage needed adjacent to the Swan Lake Mobile Home Park. This drainage improvement is exempt from CEQA under Section 15301 (c) – Existing Facilities exemption because it does not create additional automobile lanes and involves negligible or no expansion of existing or former use of the existing roadway and associated facilities.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Impact on Citizens and Businesses

The proposed Limonite Avenue Interchange Fencing Project will improve an existing drainage issue located at the previously completed Limonite Ave / I-15 Interchange project in the City of Eastvale. All work is outside the shoulder allowing the interchange to remain open without any interruption during construction.

Construction is anticipated to begin in early 2025 and will take approximately one month to complete.

SUPPLEMENTAL:

Additional Fiscal Information

The construction contract is estimated to cost approximately \$284,500.00. This project will be funded with Mira Loma RBBB funds.

There are no General Funds used in this project.

NOTICE OF EXEMPTION

October 9, 2024

Project Name: Santa Rosa Peak Communication Site License Agreement with State of California, Department of Transportation

Project Number: FM047165000200

Project Location: Approximately 2.25 miles south of State Highway 74, western end of Santa Rosa Mountain Road, Santa Rosa Mountains, Assessor's Parcel Number (APN) 636-210-010

Description of Project: The County of Riverside owns certain real property located in the County of Riverside, located at the Santa Rosa Peak Communication Site, California, identified by Assessor Parcel Number 636-210-010 (Property). The Property is part of the County's Public Safety Enterprise Communications (PSEC) and the rent is determined by Board of Supervisor approved rates. The California State Department of Transportation (DOT) has occupied the Santa Rosa Peak communication site and had a license agreement which previously commenced March 1, 1995. This License Agreement expired on June 30, 2012, but has since continued on a month-to-month tenancy. Facilities Management requests approval of a new License Agreement between the County and DOT that will be for a five-year period, commencing on approval of the agreement, with four, one-year options to extend.

The License Agreement with DOT is defined as the proposed project under the California Environmental Quality Act (CEQA). The project is the letting of property involving existing facilities; no substantial expansion of the existing facility will occur. The operation of the facility will continue to provide communication services. No additional direct or indirect physical environmental impacts are anticipated.

Name of Public Agency Approving Project: Riverside County

Name of Person or Agency Carrying Out Project: Riverside County Facilities Management

Exempt Status: State CEQA Guidelines Section 15301, Class 1, Existing Facilities Exemption; Section 15061(b) (3), General Rule or "Common Sense" Exemption. Codified under California Code of Regulations Title 14, Article 5, Section 15061.

Reasons Why Project is Exempt: The proposed project is categorically exempt from the provisions of CEQA specifically by the State CEQA Guidelines as identified below. The project will not result in any specific or general exceptions to the use of the categorical exemption as detailed under State CEQA Guidelines Section 15300.2. The project will not cause an impact to an environmental resource of hazardous or critical concern nor would the project involve unusual circumstances that could potentially have a significant effect on the environment. The project would not result in impacts to scenic highways, hazardous waste sites, historic resources, or other sensitive natural environments, or have a cumulative effect to the environment. No significant environmental impacts are anticipated to occur with the License Agreement.
