Government Code 7283.1 (d), part of Government Code Chapter 17.2 Standards for Participation in United States Immigration and Customs Enforcement (ICE) Programs, requires that the Board of Supervisors hold a public forum to provide information to the public about ICE's access to individuals and to receive and consider public comment. The Code also specifies that local law enforcement may provide the Board with data maintained regarding the number and demographic characteristics of individuals to whom the agency has provided ICE access, the date ICE access was provided, and whether the ICE access was provided through a hold, transfer, or notification request or through other means.
