Most undocumented immigrants are law abiding citizens that come here because of job opportunities specifically targeted towards them. I would support a law targeting employers who knowingly hire undocumented workers. Schools, hospitals, church's should not be subject to raids

I am absolutely opposed to being a sanctuary city. There is rampant crime, and allowing undocumented, unvetted and/or people awaiting a trial or who've already committed a crime stay in our community is not acceptable or safe. It is already unsafe to be out alone, at night or even walk anymore. I see drug deals, attempted robberies and assaults weekly and the streets are horrendous. This will not help.

**Comments**

This is about the stupidest thing I have ever seen or heard. The people of Riverside (your employers) should have a say in this issue. It should not be up to the Board of Directors to decide. Why don't you focus on cleaning up Riverside, before you add more of a mess! We have homeless all over the city, everywhere you go they are they there. It is so out of control, it's scary! They walk in front of cars with their shopping carts, they yell and curse at anybody and nobody, they steal and shut businesses down. Do something productive with our tax dollars! Stop catering to the idiot governor!

To the Riverside board of supervisors I urge you to vote against having Riverside become a sanctuary city! As a woman who grew up in Riverside and have most of my family still living there I am greatly opposed to this motion. Having now made my home for many years in Huntington Beach I urge you as well to look at

how our council and city attorney listened to the people and voted against being a sanctuary city even going a step above to sue the state over it! Just last week in Boston a rapist was arrested by ICE who was earlier arrested for rape yet let go due to the city's sanctuary laws. Is that really the way we want our town to go? I visit Riverside often and typically feel safe when I do. I want to be able to continue that feeling and I do not believe becoming a sanctuary city will be in the best interest of anyone, especially women. Thank you.

Riverside county is already in a position where it cannot provide the supports needed for its LEGAL, LAW ABIDING, and TAX PAYING residents. As a resident who also works for the county this is observed on a daily basis. We cannot refer clients/residents to the services they need because they do not exist or are already over extended. Until the county can get its own affairs in order and can generate enough resources to support its current residents it is fiscally irresponsible and morally improper for the county to make such a declaration of being a “sanctuary city”.

I'm proud to call Riverside County my home. As a UCR graduate who has spent years living in Riverside, San Bernardino, and now Jurupa Valley, I've seen firsthand the hardworking spirit of our community. That's why I believe we need to focus on practical priorities—investing in infrastructure and developing

our cities to better serve the citizens who already call this county home.

Riverside County is humble in its resources and doesn't have the financial surplus that counties like Orange or Los Angeles enjoy. Pushing to become a sanctuary county would place an enormous strain on our already tight budget. The administrative and legal costs of implementing such a policy, combined with the potential financial impact of providing services to undocumented immigrants, would inevitably result in higher taxes. This burden would fall on our working-class families and elderly homeowners—many of whom are already struggling to make ends meet.

While I understand and respect the passion some may feel about this issue, bringing such a contentious and costly initiative to a county where residents are working hard just to balance their own budgets feels shortsighted. Let's focus our efforts on strengthening our community and supporting the people who are already here.

Attention Riverside County Board of Supervisors. If you pass this, you are interfering with Federal agencies authorized, by Congress through legislation, with the apprehension of people who have violated immigration law. If so, you will face legal penalties per Title 8 of the United States Code

Subsection 1324(a)(1)(A)(iii) which makes it an offense for any person who -- knowing or in reckless disregard of the fact that an alien has come to, entered, or remains in the United States in violation of law, conceals harbors, or shields from detection, or attempts to conceal, harbor, or shield from detection. I rise in opposition to this violation of Federal law.

Sanctuary city

**State your position below**

Oppose

**Comments**

My family, four voters, would vote no on a sanctuary city. I think that we do need immigrants here to do the jobs that Americans refuse to do at a salary that Americans will not work for you. Keep our food down. However, we should not be protecting illegals and cannot afford to continue to financially support them.

Immigration law needs to be reformed for easier access by individuals who're looking to better their life's and contribute to our Republic. That said it is a federal issue in the hands of Congress and cannot be resolved at a local level. Illegal aliens have committed felonies as their first act on our soil. Trying to conceal them under a broad blanket protects those who intend to do harm just as much as those who do not.

“Attention Riverside County Board of Supervisors. If you pass this, you are interfering with Federal agencies authorized, by Congress through legislation, with the apprehension of people who have violated immigration law. If your board votes for sanctuary status you will face legal penalties per Title 8 of the United States Code Subsection 1324(a)(1)(A)(iii) which makes it an offense for any person who -- knowing or in reckless disregard of the fact that an alien has come to, entered, or remains in the United States in violation of law, conceals harbors, or shields from detection, or attempts to conceal, harbor, or shield from detection. I rise in opposition to this violation of Federal law.”

I do not agree with funding a website to aid in informing or gathering info on any people residing in riverside county illegally. I would not like my tax dollars funding services to illegals. I disagree with further aid to those who haven't kept up with their visas or what ever their situation is. I believe there is a legal way to be in this country; these are the only people that should receive services through our tax dollars.

Sanctuary County/City

**State your position below**

Oppose

**Comments**

The issue with designating a city or county as a sanctuary is that it essentially supports policies that enable illegal activity. Breaking the law is breaking the law, and there is no justification for individuals entering our country illegally when legal avenues for immigration exist. I strongly oppose this stance and urge decision-makers to respect the will of the voters, who want our laws upheld. I fully support the Trump administration's position on the deportation of individuals who are in the country illegally. The recent poll's overwhelmingly supported Trump and his policies I hope you do as well.

Sanctuary

**Message**

You guys are bordering on treason if you think you can do anything that is against the will of the people. We want law abiding citizens next to us. We fear for our kids and grandkids. This is not racist, it's common sense. Sacramento is wrong to implement what they have.. My husband was rear ended by an illegal who was on his phone, no license. He was going 60 mph down an off ramp, my husband was stopped. No insurance and they couldn't arrest the guy. This is wrong. Riverside is no place to harbor immigrants that we have to support. No!

27066 SUPERVISOR V. MANUEL PEREZ AND SUPERVISOR YXSTIAN GUTIERREZ:

**State your position below**

Oppose

**Comments**

The phrase "law-abiding undocumented immigrants" is absurd. You cannot legally be in the United States and be law abiding. They have broken the law and skirted the due process that millions of others have followed to gain citizenship in this country. Riverside county should not be a sanctuary county, this has been a disaster for other counties and we should not follow suit.

It's unfortunate it has to be this way but every undocumented or illegal immigrant should not migrate to riverside because it has become a "sanctuary city". The crime rate will sky rocket and it won't help the

economy, taxes, jobs, etc. Definitely not a good idea so im opposed to it. I'm a tax paying legal citizen (not Hispanic) and I don't support the idea of making riverside a sanctuary city.

**Do you need a Spanish translator?**

No

**Comments**

#2 I have proof Teri Beincardi lied on a federal form, completely redacted a form in a public records request, and more. She should not be a public official, appointed or otherwise.

#35 There has already been too much US citizen blood spilled by the illegal aliens, the young nursing student, and the fires in LA being started by an illegal alien who had contact with authorities 17 times, and the state would not allow officials to deport him. How much more damage and heartbreak do the US citizens have to bear when our elected officials who pay their salaries choose to protect them and not us? No on this, or the blood will be on your hands.

I urge the Riverside County Board of Supervisors to not make Riverside County a sanctuary county because this may cause a bigger influx of undocumented immigrants to move into the county from other

cities etc. There is not the systems in place to handle a increase of people. USIC/CBP/ICE need to their job and not be hindered. Please vote in opposition to #35

I strongly oppose designating Riverside County as a sanctuary county. Our country is a country of laws, and we cannot pick and choose which laws we would like to follow. As we all know, President Trump ran his campaign on the premise that he was going to overhaul the immigration policies of the country starting with the removal of convicted criminals who are in the country illegally. President Trump won the popular vote, including in Riverside County, due to this issue, and has started cleaning up our cities by removing the threats of criminals that should not be here. There is plenty of evidence on social media that law abiding immigrants are not being targeted however, designating Riverside County as a sanctuary county could provide further refuge for criminals trying to prevent being apprehended. Combined with the lack of resources and some of the highest taxes and homelessness in the country, our state cannot afford to add yet another sanctuary county to what was once a great state. Sadly, this is one of the many reasons thousands of Californians moved out of the state in 2024.

I plead with you to please vote with the 463,677 (49.3%) of constituents that voted for President Trump in 2024 in favor of immigration reform and oppose voting to make Riverside County a sanctuary county.

Thank you,  
Daniel D'Alessandro

I do not support our county going against the federal government. There is a legal process in place for those who choose I'm immigrate. Illegal immigration is not fair to those who chose to follow the rules, jump through the hoops, bare the cost and endure the timeline of legal immigration. Why in the world would it ever make sense to reward those who chose to break the rules?!? As a taxpayer, this is not where I want my money spent.

Vote to make riverside county a sanctuary city

**State your position below**

Oppose

**Comments**

100% oppose that Riverside/ Riverside county become a sanctuary city/ county. If you are not here legally you are a criminal by definition..... There is a defined path to become a citizen which has been in place for decades. We are a nation of laws, so why would we want to allow people in that break the law on day one.... NO,NO, AND NO.....

Board,

Please do not declare Riverside county or city a sanctuary city. Illegals should not control our nation nor should they receive any benefits. Please choose citizens over Illegals. Deport them and they can apply to come back legally. Do not become part of the problem, but the solution . Please roll back all DEI policies in Riverside county and city as well.

As tax paying citizen of Riverside for 36 years, I do not support any funding going to "law abiding undocumented immigrants". These individuals are not law abiding. They are here illegally, which means a law was broken. Undocumented immigrants inflict great costs to our tax paying citizens. Residents of

Riverside should be here legally. No money should be given to those not respecting our laws. Riverside should not be protecting those that do not respect our laws, by being here illegally. I will not support those in office that support any funding for undocumented immigrants because that office holder does not respect our rule of law. Being a Sanctuary County is not a good thing for tax paying legal citizens. Thank you.

Dear Board of Supervisors,

I am strongly against making Riverside a Sanctuary city, for many reasons. One people Riverside should not be focusing its priorities on federal law. Immigration is the job of the federal, not the state government and sure as hell not the a local government issue. But that said, if you do decide to make Riverside a sanctuary city you are actually doing the oppose of what you want making things safer for DACA. Like what Tom Homan has been saying, you prevent law enforcement from working with ICE, you force them to do these raids, they might actually catch people who they weren't looking, some might even be DACA individuals. So let law enforcement work with them, it's safer for American citizens, DACA individuals; ICE is going after the harden criminals the gang members not DACA.

This type of mandate should be brought to a vote by the people, and not a committee that does not represent the majority. Riverside county spoke during the election, and the majority of your constituents do not vote along the Democratic Party line. I am a parent, this concerns me if we do not vet for whom we provide sanctuary status. We cannot become Aurora, Colorado!

I don't support this movement at all...this has gotten to a level that no one will ever understand, if you make riverside county a sanctuary county ...it will ~~100~~ fall to the ground. Riverside county has more drug problems & crime problems are leading back to immigration. Families that need jobs to provide for their

families will now not have job security coming cuz migrants will work for cheaper. You can't approve a policy for something that doesn't have enough income coming into a town that can't afford to fend itself. We haven't fixed the problems with American families finding homes...but we wanna make sure our county comes a sanctuary. There's not enough schools to shelter migrants there's not enough jobs to provide for everyone. A where will they go ? More poor neighborhoods that can't shelter themselves or next to people that found acceptance being poor. Riverside county is pretty sanctuary enough...we haven't casa Blanca & arlanza & people are selling there houses cuz of migrants & criminals breaking into there houses. So when will the crimes end for families that pay 3k a month living in a town that can't afford itself
