**C.E.O. RECOMMENDATION:** Approve

**BACKGROUND:**

**Summary**

The Agreement sets forth the terms and conditions by which the District will contribute funding to the City to restore capacity of the existing University Wash Channel as part of a City administered public works construction contract. Said facility is to be inspected, operated and maintained by the City.

The existing University Wash Channel downstream of Market Street is currently full of vegetation and sediment, which causes low flows to pond upstream into the District's maintained facility. The project will improve drainage from University Wash Channel and improve the City's ability to maintain the area, control sediment and minimize impacts to existing park and trails. The project improvement will also increase capacity for low flows in the area.

County Counsel has approved the Agreement as to legal form, and the City executed the Agreement on its March 4, 2025, meeting agenda. The City's executed Agreement is forthcoming.

**Environmental Findings**

The Agreement is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3) (Common Sense Exemption), which provides, "The activity is covered by the common-sense exemption that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA." The Agreement does not authorize to any extent whatsoever actual physical development of the underlying property. Such development, if it occurs at all, will be the result of subsequent actions subject to CEQA review by the City prior to construction. The Agreement merely establishes the terms by which the District will continue funding to the City for the construction of the referenced facilities. It can be seen with certainty that there is no possibility the Agreement will have a significant effect on the environment. Therefore, nothing further is required under CEQA.

**SUBMITTAL TO THE FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD  
OF SUPERVISORS  
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

**Impact on Residents and Businesses**

The District's financial contribution toward the City's project is funded by ad valorem property tax revenue and entails no new fees, taxes nor bonded indebtedness to residents and businesses. Upon construction completion, the facilities will alleviate ongoing flooding problems and will benefit the park and trails of Fairmount Park.

**Additional Fiscal Information**

The District is providing up to \$2,000,000 in funding to the City. Sufficient funding is available in the District's Zone 1 budget for FY 2024-2025 and will be included in the proposed budget in future years as appropriate and necessary.

**Funding Summary**

Estimated Design and Administration Contribution	\$	800,000
Estimated Construction Contribution	\$	1,200,000
Maximum District Contribution to the City	\$	2,000,000

**FUNDING AGREEMENT**  
University Wash Improvements  
Project No. 1-0-10005

This Funding Agreement ("Agreement"), dated as of MAR 18 2025, is entered into by and between the RIVERSIDE COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT, a body corporate and politic ("DISTRICT"), and the CITY OF RIVERSIDE, a municipal corporation ("CITY"). DISTRICT and CITY are collectively referred to herein as "Parties" and individually as "Party". Parties hereby agree as follows:

**RECITALS**

A. DISTRICT has budgeted for, and CITY has prepared plans and specifications ("IMPROVEMENT PLANS") for the construction, operation and maintenance of University Wash Channel ("UNIVERSITY WASH"); and

B. These IMPROVEMENT PLANS generally consist of the following:

1. UNIVERSITY WASH: to improve approximately 900 linear feet channel at existing University Wash Channel outlet downstream of Market Street between Market Street and Fairmount Park. The project will improve drainage from University Wash Channel, while improving the ability for CITY to maintain the area, control sediment, and minimize impacts to existing park and trails. The improvement will also increase capacity and provide adequate capacity for low flows, as shown in blue on Exhibit "A" attached hereto and made a part hereof; and
2. Certain inlets, catch basin and connector pipes associated with UNIVERSITY WASH within CITY-held easements or rights of way ("APPURTENANCES"); and

C. Together, UNIVERSITY WASH and APPURTENANCES are hereinafter called "PROJECT"; and

D. CITY plans to advertise, award and administer a public works construction contract for PROJECT during Fiscal Year 2024/2025; and

E. CITY desires that DISTRICT include certain unavoidable utility relocations as part of DISTRICT's financial contribution to construct PROJECT. ("UTILITY RELOCATIONS") is defined as the unavoidable relocation of utilities not owned by CITY that (a) conflict with the construction of PROJECT and (b) cannot be relocated by others under CITY's franchise authority; and

F. UTILITY RELOCATIONS shall be included in the public works construction contract for PROJECT; and

G. CITY desires that DISTRICT contribute funding toward the construction of PROJECT; and

H. DISTRICT wishes to support CITY's efforts to construct PROJECT by providing a financial contribution toward PROJECT's construction along with associated administrative and ancillary costs not to exceed amount in RECITALS K; and

I. DISTRICT's financial contributions shall be as follows:

1. One hundred percent (100%) of the design proposal cost to offset CITY's costs associated with the engineering design; hydrology and hydraulics; geotechnical analysis; potholing required to complete the design of PROJECT; California Environmental Quality Act ("CEQA") determination; preparation, application and acquisition of the environmental clearance, regulatory permits and mitigation if required for PROJECT and other typical ancillary costs related to the preparation of improvement plans are hereinafter called "DESIGN

CONTRIBUTION". However, DESIGN CONTRIBUTION shall not include the fees associated with the Western Riverside County Multiple Species Habitat Conservation Plan ("MSHCP"); and

2. In the event that CITY chooses to hire an engineering consulting firm to prepare IMPROVEMENT PLANS, DISTRICT is also willing to contribute an additional ten percent (10%) of design proposal costs to offset CITY's administrative costs associated with the design contract administration ("DESIGN ADMIN"); and
3. One hundred percent (100%) of the lowest responsive and responsible bid contract amount for the construction of PROJECT and the costs associated with UTILITY RELOCATIONS ("BID PRICE"); and
4. Up to an additional ten percent (10%) of BID PRICE to offset CITY's administrative costs associated with construction contract administration and other typical ancillary costs related to the delivery of the facility ("CONTRACT ADMINISTRATION CONTRIBUTION"); and
5. Up to an additional ten percent (10%) of BID PRICE for construction contract change orders ("CONSTRUCTION CHANGE ORDERS CONTRIBUTION"); and

J. Altogether, DESIGN CONTRIBUTION, DESIGN ADMIN, BID PRICE, CONTRACT ADMINISTRATION CONTRIBUTION and CONSTRUCTION CHANGE ORDERS CONTRIBUTION are hereinafter called "TOTAL DISTRICT CONTRIBUTION"; and

K. TOTAL DISTRICT CONTRIBUTION for PROJECT shall not exceed a total sum of Two Million Dollars (\$2,000,000). DISTRICT will only fund portions of PROJECT directly related to reducing sediment and eliminating ponding of low flows; and

L. CITY will be responsible for funding all other aspects of PROJECT including, but not limited to, pedestrian circulation analysis not related to eliminating the ponding impact to DISTRICT's existing University Wash Channel, Stage 4 facility (District Drawing No. 1-0610) such as landscaping, irrigation and pedestrian paths hereinafter called "CITY BETTERMENTS"; and

M. DISTRICT wishes to provide only financial assistance to CITY and have no other role; and

N. The purpose of this Agreement is to memorialize the mutual understandings by and between CITY and DISTRICT with respect to the design, construction, ownership, operation and maintenance of PROJECT and the payment of TOTAL DISTRICT CONTRIBUTION.

NOW, THEREFORE, in consideration of the preceding recitals and the mutual covenants hereinafter contained, Parties hereto mutually agree that the above recitals are true and correct and incorporated into the terms of this Agreement and as follows:

#### SECTION I

This Section shall survive any termination of this Agreement until the statute of limitations period has run for any claims that could be asserted under this Agreement.

6. If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions will nevertheless continue in full force without being impaired or invalidated in any way.

7. This Agreement is to be construed in accordance with the laws of the State of California. Any action at law or in equity brought by any of Parties hereto for the purpose of enforcing a right or rights provided for by this Agreement shall be tried in a court of competent jurisdiction in the County of Riverside, State of California, and Parties hereto waive all provisions of law providing for a change of venue in such proceedings to any other county.
