BACKGROUND:

Summary

Purchasing and Fleet Services with input from the Transportation Department issued a formal Request for Quote (RFQ) TLARC–RFQ-764 on October 8, 2024 through publicpurchase.com and County Purchasing Website for landscape maintenance services. The RFQ was reviewed and/or downloaded by no less than 29 potential vendors through 55 unique notifications on the public purchase.com website. Six (6) vendors met with County of Riverside Transportation Department Staff onsite for a mandatory pre-bid meeting. The RFQ closed on October 31, 2024 and Six (6) responses were received with a cost range of \$25,757 to \$49,884 monthly (\$309,084 to \$598,608 annually).

Softscapes Corporation (Contractor) was selected to provide landscape maintenance services, estimated at a not to exceed amount of \$417,264 annually, including all expenses and contingencies. The agreement is inclusive of a 35% contractual contingency amount for costs outside the scope of regular landscape maintenance services, including but not limited to irrigation improvements to decrease water waste and increase irrigation efficiency, minimizing irrigation runoff, broken sprinklers, plant replacement, and damage due to vandalism and auto accidents. The Contractor shall submit a written request to the County for any costs outside regular maintenance described in Exhibit A and B of the Professional Services Agreement (PSA). The Contractor understands and agrees that costs shall not be incurred against the contingency without prior written authorization from the County.

The period of performance shall be for five (5) years with a final completion date of December 31, 2029. The County may, upon five (5) days written notice to the Contractor, terminate the agreement due to default (with cause). The County is not obligated to purchase any specified amount of services and has the option to terminate this agreement without cause upon thirty (30) days written notice to the Contractor.

Impact on Residents and Businesses

This agreement allows for the continuation of parkway and streetscape landscape maintenance services that help maintain and improve the appearance and aesthetics of the community. The costs associated with this service comes from property tax assessments through the Transportation Department’s Landscaping and Lighting Maintenance District (L&LMD) 89-1-C, zone specific or Community Facilities District (CFD) Mello-Roo’s special taxes administered by the Office of Economic Development (OED), tract and CFD specific. The Transportation

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Department has an agreement with the Office of Economic Development (OED) to perform landscape functions on behalf of OED where they are adjacent and in close proximity to existing Transportation Department L&LMD's for economies of scale to both funding mechanisms.

Additional Fiscal Information

Each L&LMD Zone or OED CFD project is coded separately to track costs associated with each independent project. Extra costs are summarized on invoices to document repairs or replacements as needed and approved by L&LMD Administrator.

Contract History and Price Reasonableness

Active L&LMD landscape zones countywide are bid within groups based on geographical location to increase economies of scale and overall efficiency. By combining these L&LMD zones under a single contract, County resources are saved by reducing the number of contracts overall. Having a single landscape contractor in the area will reduce response time to landscape maintenance concerns, irrigation/water issues, and allow additional work on the sites as needed. The current prices are reasonable and within budget.

The parties agree as follows:

1. Description of Services

1.1 CONTRACTOR shall provide all services as outlined and specified in Exhibit A, Scope of Services, at the prices stated in Exhibit B, Payment Provisions.

1.2 CONTRACTOR represents that it has the skills, experience, and knowledge necessary to perform under this Agreement and the COUNTY relies upon this representation. CONTRACTOR shall perform to the satisfaction of the COUNTY and in conformance to and consistent with the highest standards of firms/professionals in the same discipline in the State of California.

1.3 CONTRACTOR affirms that it is fully apprised of all of the work to be performed under this Agreement; and the CONTRACTOR agrees it can properly perform this work at the prices stated in Exhibit B. CONTRACTOR is not to perform services or provide products outside of the Agreement.

1.4 Acceptance by the COUNTY of the CONTRACTOR's performance under this Agreement does not operate as a release of CONTRACTOR's responsibility for full compliance with the terms of this Agreement.

2. Period of Performance

2.1 This Agreement shall be effective upon signature of this Agreement by both parties (herein referred to as "Effective Date") and continues in effect through December 31, 2029, unless terminated earlier. CONTRACTOR shall commence performance upon the Effective Date and shall diligently and continuously perform thereafter. The Riverside County Board of Supervisors is the only authority that may obligate the COUNTY for a non-cancelable multi-year agreement.

3. Compensation

3.1 The COUNTY shall pay the CONTRACTOR for services performed, products provided and expenses incurred in accordance with the terms of Exhibit B, Payment Provisions. Maximum payments by COUNTY to CONTRACTOR shall not exceed four hundred seventeen thousand two hundred sixty-four dollars (\$417,264) annually, including all expenses. The COUNTY is not responsible for any fees or costs incurred above or beyond the contracted amount and shall have no obligation to purchase any specified amount of services or products. Unless otherwise specifically stated in Exhibit B,

COUNTY shall not be responsible for payment of any of CONTRACTOR's expenses related to this Agreement.

3.2 No price increases will be permitted during the first year of this Agreement (if applicable). All price decreases (for example, if CONTRACTOR offers lower prices to another governmental entity) will automatically be extended to the COUNTY. The COUNTY requires written proof satisfactory to COUNTY of cost increases prior to any approved price adjustment. After the first year of the award, a minimum of 30-days advance notice in writing is required to be considered and approved by COUNTY. No retroactive price adjustments will be considered. Any price increases must be stated in a written amendment to this Agreement. The net dollar amount of profit will remain firm during the period of the Agreement. Annual increases shall not exceed the Consumer Price Index- All Consumers, All Items - Greater Los Angeles, Riverside and Orange County areas and be subject to satisfactory performance review by the COUNTY and approved (if needed) for budget funding by the Board of Supervisors.

3.3 CONTRACTOR shall be paid only in accordance with an invoice submitted to COUNTY by CONTRACTOR within fifteen (15) days from the last day of each calendar month, and COUNTY shall pay the invoice within thirty (30) working days from the date of receipt of the invoice. Payment shall be made to CONTRACTOR only after services have been rendered or delivery of materials or products, and acceptance has been made by COUNTY. Prepare invoices in duplicate. For this Agreement, send the original and duplicate copies of invoices to:

- b) Invoices shall be rendered monthly in arrears.

3.4 The COUNTY obligation for payment of this Agreement beyond the current fiscal year end is contingent upon and limited by the availability of COUNTY funding from which payment can be made. In the State of California, government agencies are not allowed to pay excess interest and late charges, per Government Code, Section 926.10. No legal liability on the part of the COUNTY shall arise for payment

beyond June 30 of each calendar year unless funds are made available for such payment. In the event that such funds are not forthcoming for any reason, COUNTY shall immediately notify CONTRACTOR in writing; and this Agreement shall be deemed terminated, have no further force, and effect.

4. Alteration or Changes to the Agreement

4.1 The Board of Supervisors and the COUNTY Purchasing Agent and/or his designee is the only authorized COUNTY representatives who may at any time, by written order, alter this Agreement. If any such alteration causes an increase or decrease in the cost of, or the time required for the performance under this Agreement, an equitable adjustment shall be made in the Agreement price or delivery schedule, or both, and the Agreement shall be modified by written amendment accordingly.

4.2 Any claim by the CONTRACTOR for additional payment related to this Agreement shall be made in writing by the CONTRACTOR within thirty (30) days of when the CONTRACTOR has or should have notice of any actual or claimed change in the work, which results in additional and unanticipated cost to the CONTRACTOR. If the COUNTY Purchasing Agent decides that the facts provide sufficient justification, he may authorize additional payment to the CONTRACTOR pursuant to the claim. Nothing in this section shall excuse the CONTRACTOR from proceeding with performance of the Agreement even if there has been a change.

5. Termination

5.1 COUNTY may terminate this Agreement without cause upon thirty (30) days written notice served upon the CONTRACTOR stating the extent and effective date of termination.

5.2 COUNTY may, upon five (5) days written notice, terminate this Agreement for CONTRACTOR's default, if CONTRACTOR refuses or fails to comply with the terms of this Agreement or fails to make progress that may endanger performance and does not immediately cure such failure. In the event of such termination, the COUNTY may proceed with the work in any manner deemed proper by COUNTY.

5.3 After receipt of the notice of termination, CONTRACTOR shall:

- (a) Stop all work under this Agreement on the date specified in the notice of termination; and
- (b) Transfer to COUNTY and deliver in the manner as directed by COUNTY any materials, reports or other products, which, if the Agreement had been completed or continued, would have been required to be furnished to COUNTY.

5.4 After termination, COUNTY shall make payment only for CONTRACTOR's performance up to the date of termination in accordance with this Agreement.

5.5 CONTRACTOR's rights under this Agreement shall terminate (except for fees accrued prior to the date of termination) upon dishonesty or a willful or material breach of this Agreement by CONTRACTOR; or in the event of CONTRACTOR's unwillingness or inability for any reason whatsoever to perform the terms of this Agreement. In such event, CONTRACTOR shall not be entitled to any further compensation under this Agreement.

5.6 If the Agreement is federally or State funded, CONTRACTOR cannot be debarred from the System for Award Management (SAM). CONTRACTOR must notify the COUNTY immediately of a debarment. 7.1 The CONTRACTOR covenants that it presently has no interest, including, but not limited to, other projects or contracts, and shall not acquire any such interest, direct or indirect, which would conflict in any manner or degree with CONTRACTOR's performance under this Agreement. The CONTRACTOR further covenants that no person or subcontractor having any such interest shall be employed or retained by CONTRACTOR under this Agreement. The CONTRACTOR agrees to inform

the COUNTY of all the CONTRACTOR's interests, if any, which are or may be perceived as incompatible with the COUNTY's interests.

7.2 The CONTRACTOR shall not, under circumstances which could be interpreted as an attempt to influence the recipient in the conduct of his/her duties, accept any gratuity or special favor from individuals or firms with whom the CONTRACTOR is doing business or proposing to do business, in accomplishing the work under this Agreement.

7.3 The CONTRACTOR or its employees shall not offer gifts, gratuity, favors, and entertainment directly or indirectly to COUNTY employees.

8. Inspection of Service; Quality Control/Assurance

8.1 All performance (which includes services, workmanship, materials, supplies and equipment furnished or utilized in the performance of this Agreement) shall be subject to inspection and test by the COUNTY or other regulatory agencies at all times. The CONTRACTOR shall provide adequate cooperation to any inspector or other COUNTY representative to permit him/her to determine the CONTRACTOR's conformity with the terms of this Agreement. If any services performed or products provided by CONTRACTOR are not in conformance with the terms of this Agreement, the COUNTY shall have the right to require the CONTRACTOR to perform the services or provide the products in conformance with the terms of the Agreement at no additional cost to the COUNTY. When the services to be performed or the products to be provided are of such nature that the difference cannot be corrected; the COUNTY shall have the right to: (1) require the CONTRACTOR immediately to take all necessary steps to ensure future performance in conformity with the terms of the Agreement; and/or (2) reduce the Agreement price to reflect the reduced value of the services performed or products provided. The COUNTY may also terminate this Agreement for default and charge to CONTRACTOR any costs incurred by the COUNTY because of the CONTRACTOR's failure to perform.

8.2 CONTRACTOR shall establish adequate procedures for self-monitoring and quality control and assurance to ensure proper performance under this Agreement; and shall permit a COUNTY representative or other regulatory official to monitor, assess, or evaluate CONTRACTOR's performance under this Agreement at any time, upon reasonable notice to the CONTRACTOR.

9. Independent Contractor/Employment Eligibility

11. Disputes

11.1 The parties shall attempt to resolve any disputes amicably at the working level. If that is not successful, the dispute shall be referred to the senior management of the parties. EXHIBIT C PREVAILING WAGE REQUIREMENTS

All or a portion of the Scope of Services in this Agreement or Purchase Order (as applicable) requires the payment of prevailing wages and compliance with the following requirements. In the event there is a conflict between this Exhibit and current applicable law, current applicable law shall prevail and the below shall be automatically amended to read accordingly.

C1.0. Determination of Prevailing Rates:

Pursuant to Labor Code sections 1770, et seq., the COUNTY has obtained from the Director of the Department of Industrial Relations (DIR) pursuant to the California Labor Code, the general prevailing rates of per diem wages and the prevailing rates for holiday and overtime work in the locality in which the Scope of Services is to be performed. Copies of said rates are on file with the COUNTY, will be made available for inspection during regular business hours, may be included elsewhere in the specifications for the Scope of Services, and are also available online at www.dir.ca.gov. The wage rate for any classification not listed, but which may be required to execute the Scope of Services, shall be commensurate and in accord with specified rates for similar or comparable classifications for those performing similar or comparable duties. In accordance with Labor Code section 1773.2, the CONTRACTOR shall post, at appropriate and conspicuous locations on the jobsite, a schedule showing all applicable prevailing wage rates and shall comply with the requirements of Labor Code sections 1773, et seq.

C2.0. Payment of Prevailing Rates

Each worker of the CONTRACTOR, or any subcontractor, engaged in the Scope of Services, shall be paid not less than the general prevailing wage rate, regardless of any contractual relationship which may be alleged to exist between the CONTRACTOR or any subcontractor, and such worker.

C3.0. Prevailing Rate Penalty

The CONTRACTOR shall, as a penalty, forfeit two hundred dollars (\$200.00) to the COUNTY for each calendar day or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of the DIR for such work or craft in which such worker is employed by the CONTRACTOR or by any subcontractor in connection with the Scope of Services. Pursuant to California Labor Code section 1775, the difference between such prevailing wage rates and the amount paid to each worker for each calendar day, or portion thereof, for which each worker was paid less than the prevailing wage rate, shall be paid to each worker by the CONTRACTOR.

C4.0. Ineligible Contractors:

Pursuant to the provisions of Labor Code section 1777.1, the Labor Commissioner publishes and distributes a list of contractors ineligible to perform work as a contractor or subcontractor on a public works project. This list of debarred contractors is available from the DIR website at <http://www.dir.ca.gov/Public-Works/PublicWorks.html>. Any contract entered into between a contractor and a debarred subcontractor is void as a matter of law. A debarred subcontractor may not receive any public money for performing work as a subcontractor on a public works contract, and any public money that may have been paid to a debarred subcontractor by a CONTRACTOR on the project shall be returned to the COUNTY. The CONTRACTOR shall be responsible for the payment of wages to workers of a debarred subcontractor who has been allowed to work on the Scope of Services.

C5.0. Payroll Records:

Pursuant to California Labor Code section 1776, the CONTRACTOR and each subcontractor, shall keep accurate certified payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker or other employee employed by them in connection with the Scope of Services. The payroll records enumerated herein shall be verified by a written declaration made under penalty of perjury that the information contained in the payroll record is true and correct and that the CONTRACTOR or subcontractor has complied with the requirements of the California Labor Code sections 1771, 1811, and 1815 for any Scope of Services performed by his or her employees. The payroll records shall be available for inspection at all reasonable hours at the principal office of the CONTRACTOR on the following basis:

(1) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his/her authorized representative on request;

(2) A certified copy of all payroll records shall be made available for inspection or furnished upon request to the COUNTY, the Division of Labor Standards Enforcement of the DIR;

(3) A certified copy of payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the COUNTY or the Division of Labor Standards Enforcement. If the requested payroll records have not been previously provided to the COUNTY or the Division of Labor Standards Enforcement, the requesting Party shall, prior to being provided the records, reimburse the cost of preparation by the

CONTRACTOR, subcontractor and the entity through which the request was made; the public shall not be given access to such records at the principal office of the CONTRACTOR;

(4) The CONTRACTOR shall file a certified copy of the payroll records with the entity that requested such records within ten (10) days after receipt of a written request; and

(5) Copies provided to the public, by the COUNTY or the Division of Labor Standards Enforcement shall be marked or obliterated in such a manner as to prevent disclosure of an individual's name, address and social security number. The name and address of the CONTRACTOR or any subcontractor, performing a part of the Scope of Services shall not be marked or obliterated. The CONTRACTOR shall inform the COUNTY of the location of payroll records, including the street address, city and COUNTY and shall, within five (5) working days, provide a notice of a change of location and address. The CONTRACTOR shall have ten (10) days from receipt of the written notice specifying in what respects the CONTRACTOR must comply with the above requirements. In the event CONTRACTOR does not comply with the requirements of this section within the ten (10) day period, the CONTRACTOR shall, as a penalty to the COUNTY, forfeit one-hundred dollars (\$100.00) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Labor Standards Enforcement, such penalty shall be withheld from any portion of the payments then due or to become due to the CONTRACTOR.

C6.0. Limits of Hours of Work:

Pursuant to California Labor Code section 1810, eight (8) hours of labor shall constitute a legal day's work. Pursuant to California Labor Code section 1811, the time of service of any worker employed at any time by the CONTRACTOR or by a subcontractor, upon the Scope of Services or upon any part of the Scope of Services, is limited and restricted to eight (8) hours during any one calendar day and forty (40) hours during any one calendar week, except as provided for under Labor Code section 1815. Notwithstanding the foregoing provisions, work performed by employees of CONTRACTOR or any subcontractor, in excess of eight (8) hours per day and forty (40) hours during any one week, shall be permitted upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half (1½) times the basic rate of pay.

C7.0. Penalty of Excess Hours:

The CONTRACTOR shall pay to the COUNTY a penalty of twenty-five dollars (\$25.00) for each worker employed on the Scope of Services by the CONTRACTOR or any subcontractor, for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any

calendar day and forty (40) hours in any one calendar week, in violation of the provisions of the California Labor Code, unless compensation to the worker so employed by the CONTRACTOR is not less than one and one-half (1½) times the basic rate of pay for all hours worked in excess of eight (8) hours per day.

C9.1. State Public Works Apprenticeship Requirements: The CONTRACTOR is responsible for compliance with Labor Code section 1777.5 and the California Code of Regulations, title 8, sections 230 – 230.2 for all apprenticeable occupations (denoted with “#” symbol next to craft name in DIR Prevailing Wage Determination), whether employed by the CONTRACTOR, subcontractor, vendor or consultant. Included in these requirements is (1) the CONTRACTOR’s requirement to provide notification (i.e. DAS-140) to the appropriate apprenticeship committees; (2) pay training fund contributions for each apprenticeable hour employed on the Contract; and (3) utilize apprentices in a minimum ratio of not less than one apprentice hour for each five journeyman hours by completion of Contract work (unless an exception is granted in accordance with Labor Code section 1777.5) or request for the dispatch of apprentices.

Any apprentices employed to perform any of the Scope of Services shall be paid the standard wage to apprentices under the regulations of the craft or trade for which such apprentice is employed, and such individual shall be employed only for the work of the craft or trade to which such individual is registered. Only apprentices, as defined in California Labor Code section 3077, who are in training under apprenticeship standards and written apprenticeship agreements under California Labor Code sections 3070 et seq. are eligible to be employed for the Scope of Services. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which such apprentice is training.

C9.2. Compliance with California Labor Code section 1777.5 requires all public works contractors to:

C9.2.1) Submit Contract Award Information (DAS-140)

a. Although there are a few exemptions (identified below), all contractors, regardless of union affiliation, must submit contract award information when performing on a California public works project.

b. The DAS-140 is a notification “announcement” of the CONTRACTOR’s participation on a public works project—it is not a request for the dispatch of an apprentice.

c. CONTRACTOR shall submit the contract award information (you may use form DAS 140) within 10 days of the execution of the prime CONTRACTOR subcontract, but in no event later than the first day in which the CONTRACTOR has workers employed on the public work.

d. Contractors who are already approved to train apprentices (i.e. check “Box 1” on the DAS-140) shall only be required to submit the form to their approved program.

e. Contractors who are NOT approved to train apprentices (i.e. those that check either “Box 2” or “Box 3” on the DAS-140) shall submit the DAS-140 TO EACH of the apprenticeship program sponsors in the area of your public works project. For a listing of apprenticeship programs see <http://www.dir.ca.gov/Databases/das/pwaddrstart.asp>.

C9.2.2) Employ Registered Apprentices

a. Labor Code section 1777.5 requires that a contractor performing work in an “apprenticeable” craft must employ one (1) hour of apprentice work for every five (5) hours performed by a journeyman. This ratio shall be met prior to the contractor’s completion of work on the project. “Apprenticeable” crafts are denoted with a pound symbol “#” in front of the craft name on the prevailing wage determination.

b. All contractors who do not fall within an exemption category (see below) must request for dispatch of an apprentice from an apprenticeship program (for each apprenticeable craft or trade) by giving the program actual notice of at least 72 hours (business days only) before the date on which apprentices are required.

c. Contractors may use the “DAS-142” form for making a request for the dispatch of an apprentice.

d. Contractors who are participating in an approved apprenticeship training program and who did not receive sufficient number of apprentices from their initial request must request dispatch of apprentices from ALL OTHER apprenticeship committees in the project area in order to fulfill this requirement.

e. CONTRACTOR should maintain and submit proof (when requested) of its DAS-142 submittal to the apprenticeship committees (e.g. fax transmittal confirmation). CONTRACTOR has met its requirement to employ apprentices only after it has successfully made a dispatch request to all apprenticeship programs in the project area.

f. Only “registered” apprentices may be paid the prevailing apprentice rates and must, at all times work under the supervision of a Journeyman (Cal. Code Regs., tit 8, § 230.1).

C9.2.3) Make Training Fund Contributions

a. Contractors performing in apprenticeable crafts on public works projects, must make training fund contributions in the amount established in the prevailing wage rate publication for journeymen and apprentices.

b. Contractors may use the “CAC-2” form for submittal of their training fund contributions.

c. Contractors who do not submit their training fund contributions to an approved apprenticeship training program must submit their contributions to the California Apprenticeship Council (CAC), PO Box 420603, San Francisco, CA 94142-0603.

d. Training fund contributions to the CAC are due and payable on the 15th day of the month for work performed during the preceding month.

e. The “training” contribution amount identified on the prevailing wage determination shall not be paid to the worker, unless the worker falls within one of the exemption categories listed below.

C9.2.4) Exceptions to Apprenticeship Requirements: The following are exempt from having to comply with California apprenticeship requirements. These types of contractors do not need to submit a DAS-140, DAS-142, make training fund contributions, or utilize apprentices.

a. When the contractor holds a sole proprietor license (“Owner-Operator”) and no workers were employed by the contractor. In other words, the contractor performed the entire work from start to finish and worked alone.

b. Contractors performing in non-apprenticeable crafts. “Apprenticeable” crafts are denoted with a pound symbol “#” in front of the craft name on the prevailing wage determination.

c. When the contractor has a direct contract with the Public Agency that is under \$30,000.

d. When the project is 100% federally-funded and the funding of the project does not contain any city, COUNTY, and/or state monies (unless the project is administered by a state agency in which case the apprenticeship requirements apply).

e. When the project is a private project not covered by the definition of public works as found in Labor Code section 1720.

C9.2.5) Exceptions from Apprenticeship Ratios: The Joint Apprenticeship Committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting the CONTRACTOR from the 1-to-5 ratio set forth in this Section when it finds that any one of the following conditions are met:

a. Unemployment for the previous three-month period in such area exceeds an average of fifteen percent (15%); or

b. The number of apprentices in training in such area exceeds a ratio of 1-to-5 in relation to journeymen; or

c. The Apprenticeable Craft or Trade is replacing at least one-thirtieth (1/30) of its journeymen annually through apprenticeship training, either on a statewide basis or on a local basis; or

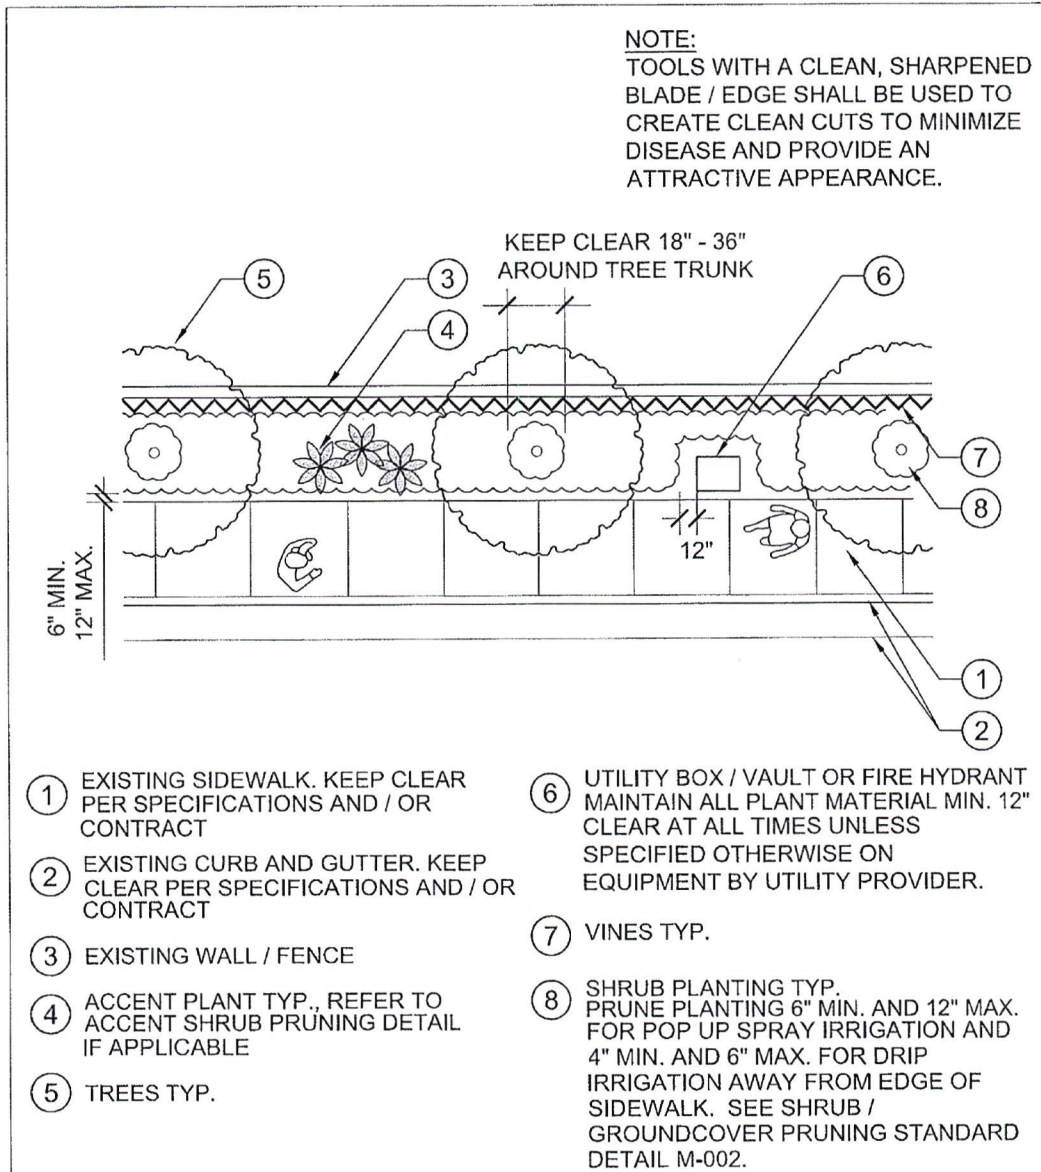

d. If assignment of an apprentice to any work performed under the Contract Documents would create a condition which would jeopardize such apprentice's life or the life, safety or property of fellow employees or the public at large, or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When such exemptions from the 1-to-5 ratio between apprentices and journeymen are granted to an organization which represents contractors in a specific trade on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local Joint Apprenticeship Committees, provided they are already covered by the local apprenticeship standards.

C9.2.6) CONTRACTOR's Compliance: The responsibility of compliance with this Section for all Apprenticeable Trades or Crafts is solely and exclusively that of the CONTRACTOR. All decisions of the Joint Apprenticeship Committee(s) under this Section are subject to the provisions of California Labor Code

section 3081 and penalties are pursuant to Labor Code section 1777.7 and the determination of the Labor Commissioner.
