On July 1, 2025, the Board of Supervisors approved the conduct of election services for the Assembly District 63 Special Primary Election.

The election was successfully held on June 24, 2025, with a voter turnout of 18.43%. Staff recommends that the Board receive and file the certified statement of results of the election for this Assembly District 63 Special Primary Election.

**RE: 25/26 Budget objectives, outcomes, measures and insights
lack of correlation with mission statement and description
FINDINGS or lack of findings**

Public Works and Community Services - Registrar of Voters please clarify justification of budget for:

Objective 1:

→ **“Achieve transparent and fair elections through equal access for all eligible citizens”**

Using Performance Measure: increase LEP (Limited English Proficiency) poll workers by 1%.

Objective 2:

→ **“Maintain voter confidence by administering accurate and efficient elections”**

Using Performance measure: customer service satisfaction survey.

QUESTION: What is the justification for the budget?

The years were changed on columns but the Actuals/Estimate/Target/Goal are the same numbers reflecting no improvement in performance between 24/25 and 25/26 or laziness in writing the report.

24/25 Budget information Vol 1 (page 316)

increase LEP poll workers by 1% *and* the customer satisfaction survey
compared to

25/26 Budget information Vol 1 (page 315)

increase LEP poll workers by 1% *and* the customer satisfaction survey

Where are the customer service satisfaction surveys accessible to the customers? Please release the access points for the survey – is it heavier on access to employed poll workers and emailed to local jurisdictions and selected candidates and limited access to the general public/citizens?

QUESTION: Why are taxpayer funded report recommendations not cited and used for setting objectives and measured outcomes along with previous year goals and results?

California Secretary of State Supplementary Report: UCLA Voter's Choice Act (VCA) Report on Race and Ethnicity in the 2022 Primary Election University of California, Los Angeles Voting Rights Project Utilizing Bayesian Improved Surname Geocoding (BISG) on the 2022 Primary Election Voter File

While the rate of mail ballots deemed undeliverable or rejected by county election officials remains under 1.0%, there is a slight disparity against Black voters across the State, non-VCA counties, and VCA counties (page 118).

California had over 21 million registered voters in the 2022 Primary Election. This is an increase of over one million since the 2020 Primary Election (a Presidential Primary) and three million since the 2018 Primary Election. 38 39 As California's diverse electorate continues to grow, it will be imperative for election officials to continue to address the turnout gap described at the beginning of this report. Culturally appropriate and frequent outreach, accessible voting methods, and increased investment on infrequent voters are all recommended to counter the cycle of under- mobilization (page 119).

Office of Inspector General United States Postal Service: Election Mail Readiness for the 2024 General Election Audit Report Number 24-016-R24 July 30, 2024.

“As a result of our observations and inquiries with local management at the judgmentally selected 15 mail processing facilities and 35 delivery units, we found that Postal Service personnel did not always comply with policy and procedures regarding all clear certifications, Election and Political Mail logs, and audit checklists. In addition, we identified processes and policies that could pose a risk of delays in the processing and delivery of Election and Political Mail. Further, we identified issues related to some Delivering for America operational changes that pose a risk of individual ballots not being counted. These issues may adversely affect the Postal Service brand and reputation. As a result, opportunities exist for the Postal Service to improve readiness for timely processing and delivery of Election and Political Mail for the 2024 general election.” (page 5).

Riverside County, CA Registrar of Voters (ROV) Operational Review - Final Assessment Report by Neal Kelley, ROV OC (Ret) August 2023 provided to Jeffrey Van Wagenen, CEO and Juan C. Perez, COO of Riverside County. Appendix B: Voter List Maintenance Review.

List maintenance activities are essential in jurisdictions that use mail for ballot delivery. As demonstrated by the numerous public comments during the Riverside County Board of Supervisors' meetings after the 2022 Primary and General Elections, some Riverside County residents are dissatisfied with the mail ballot processes. There is a perception that many people who are no longer living in Riverside County – or those who are deceased – are being mailed ballots. The ROV should invest significant time and resources in proactively going above and beyond the statutory requirements. In addition, once the ROV has embarked on that process they should regularly communicate to the public that it is doing that work. (page 44).

The Operational Review - Final Assessment Report has numerous recommendations focused on standard operating procedures and proactive practices that would increase effectiveness

Objective 1:

“Achieve transparent and fair elections through equal access for all eligible citizens”

Using Performance Measure: ~~increase LEP (Limited English Proficiency) poll workers by 1%.~~

Such as...

Cleaning voter rolls in an efficient manner by trained employees using SOP meeting timeline (ROV to determine the measurable task performance that is not based on one more employee but on cross-training and written procedures).

Local polling locations with familiar, trusted people and no confusing processes of signing cards, going to numerous stations to figure out what type of ballot is needed, just simple and efficient to go vote and cast ballot securely.

Objective 2:

“Maintain voter confidence by administering accurate and efficient elections”

Using Performance measure: ~~customer service satisfaction survey.~~

Polling places and drop boxes in known locations/dates/times for people to have access and are confident in chain of custody for their cast ballots. The citizens know where to go and when to go vote in a trusted location with people that are familiar to them in their community.

Voter rolls are accurate as per Neal Kelley ROV Assessment Report.

PLEASE BE SURE BUDGET IS BASED UPON FINDINGS TO MAKE DECISION.

1. **Is there evidence from year to year that goals have been achieved?**
2. **Are “performance measures” actually measurable and do those measures help to reach the stated objective?**
