BACKGROUND:

Summary

The March Joint Powers Authority (March JPA) was established in 1993 via a Joint Powers Agreement between the Cities of Moreno Valley, Perris, Riverside, and the County of Riverside, to ensure the effective reuse of the former March Air Force Base, which was realigned from an active-duty base to a reserve base. Among the primary objectives for forming the March JPA was to prevent the loss of thousands of jobs and millions of dollars, ensure the long-term viability of the airport, and facilitate economic development within the region. The former air base served as a critical economic generator for the region and to preserve its function as an operational, joint use airfield, the March JPA was granted land use and public utility authority and designated as the Successor Agency and March Inland Port Authority. The March JPA was also tasked with the provision of municipal services to the March JPA area.

On Tuesday, April 18, 2023, as Agenda Item 3.10, the Board of Supervisors approved the Fourteenth Amendment to the Joint Powers Agreement among the Member Agencies relating to the March Joint Powers Authority; Approval of the Tax and Revenue Sharing Agreement among the Cities of Moreno Valley, Perris, Riverside and the County of Riverside through August 1, 2041; and Approval of the Amended Restated Municipal Services Agreement between the County of Riverside and the March JPA for the Provision of Governmental Municipal Services from July 1, 2023, through June 30, 2025.

Pursuant to the Fourteenth Amended JPA Agreement, the March JPA transferred its land use authority to the County on July 1, 2025. As a part of the transfer of land use authority to the County, the March JPA desires to transfer jurisdiction of the March CFD No. 2013-01 (March LifeCare Campus), or "March CFD 2013-01" to the County as allowed under Senate Bill ("SB") 994. SB 994 allows the March JPA to transfer jurisdiction over any community facilities districts, established pursuant to the Mello-Roos Community Facilities Act of 1982 (Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5), to the County of Riverside pursuant to the requirements of that act and in the same manner as a county may transfer the authority for the governance of those districts to a city under that act. The requirements are inclusive of a signed and recorded Amended Boundary Map, a signed and recorded Amended Notice of Special Tax, and a mailed notice to each property owner.

On the June 24, 2025, Board of Supervisors Agenda Item 3.80, the Clerk of the Board was directed to sign and record an Amended Boundary Map, to sign and record an Amended Notice of Special Tax, and mail notice to each property owner. On June 30, 2025, as Agenda Item No. 7 (3) the March JPA adopted Resolution 25-23, A Resolution of the March Joint Powers Commission of the March Joint Powers Authority to Approve the Transfer of Community Facilities District No. 2013-01 From the March Joint Powers Authority to the County of Riverside.

Impact on Residents and Businesses

The approval of this action allows the County of Riverside to continue the services of the March CFD 2013-01 including improvements to be serviced and maintained located within public easements and rights-of-way dedicated for public use, including street lights, pedestrian lighting within the public realm, traffic signals, landscaping within parkways and the public realm, drainage facilities (catch basins, inlets, outlets, swales, box culverts, storm drain, three bridge overcrossings, various lots and detention basins), street sweeping, graffiti control, signage (monuments and directional kiosks) at major access points, transit facilities, seating area/trash cans, and appurtenances. The costs associated with this service comes from a Special Tax on property only within the Boundary of the March CFD 2013-01 as noted on the attached CFD formation documents.

Additional Fiscal Information

March CFD No. 2013-01 was formed by the March JPA Commission on May 15, 2013. Only parcels developed under the March Lifecare Campus Specific Plan with facilities and services provided under March CFD 2013-01 have been taxed and proposed to be taxed in the upcoming year. Each year, the maximum annual tax is increased by 3%. The Fiscal Year 2025/2026 Maximum Annual Special Tax for developed property and developed realigned property is \$6,138.18 per acre. To meet funding needs for Fiscal Year 2025/2026, staff is recommending an effective tax rate of 100%, or \$6,138.18 per acre. The tax levy proposed for Fiscal Year 2025/2026 totals \$83,356.56. Last year the special tax levied totaled \$80,928.70.

On June 11, 2025, as Agenda Item No. 9 (18) the March JPA adopted Resolution 25-18, A Resolution of the Commission of the March Joint Powers Authority, Establishing Fiscal Year 2025/26 Annual Special Tax For CFD No. 2013-01, County of Riverside, State of California. The County of Riverside Transportation Department will be responsible for the submittal of the special tax with the ACO for FY2025/26.

RESOLUTION #JPA 13 -07

RESOLUTION OF THE COMMISSION OF THE MARCH JOINT POWERS AUTHORITY, CALIFORNIA, FORMING AND ESTABLISHING THE MARCH JOINT POWERS AUTHORITY COMMUNITY FACILITIES DISTRICT NO. 2013-01 (MARCH LIFECARE CAMPUS) AND AUTHORIZING SUBMITTAL OF LEVY OF SPECIAL TAXES TO THE QUALIFIED ELECTORS

WHEREAS, the Commission (the "Commission") of the March Joint Powers Authority (the "Authority") has, by the adoption of Resolution #JPA 13-03 (the "Resolution of Intention"), previously declared its intention to form a Community Facilities District (CFD) pursuant to the terms and provisions of the "Mello-Roos Community Facilities Act of 1982", being Chapter 2.5, Part 1, Division 2, Title 5 of the Government Code of the State of California (the "Act") for the purpose of financing the services and facilities described hereinbelow; such CFD referred to as the March Joint Powers Authority Community Facilities District No. 2013-01 (March LifeCare Campus) (the "CFD No. 2013-01"); and,

WHEREAS, notice of a public hearing relating to the establishment of CFD No. 2013-01, the extent of CFD No. 2013-01, the financing of certain types of public services and all other related matters has been given, and the Engineer's Report for March Joint Powers Authority Community Facilities District No. 2013-01 (March LifeCare Campus) (the "Report"), as ordered by this Commission in the Resolution of Intention, has been prepared by Habib M. Motlagh, the designated Engineer of Work, and presented to this Commission and has been made a part of the record of the hearing to establish CFD No. 2013-01; and,

WHEREAS, all communications relating to the establishment of CFD No. 2013-01, the financing of certain types of public services and the proposed rate and method of apportionment of special taxes have been presented, and it has further been determined that a majority protest as defined by law has not been received against these proceedings; and,

WHEREAS, inasmuch as there have been less than twelve (12) registered voters residing within the territory of CFD No. 2013-01 for at least the preceding ninety (90) days, the Act provides that the authorization to levy special taxes within CFD No. 2013-01 shall be submitted to the landowner or landowners of CFD No. 2013-01, such landowner or landowners being the qualified elector or electors as authorized by law.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED BY THE COMMISSION OF THE MARCH JOINT POWERS AUTHORITY AS FOLLOWS:

SECTION 1. Recitals. The above recitals are all true and correct.

SECTION 2. Determinations. It is hereby determined by this Commission that:

- A. All prior proceedings pertaining to the formation of CFD No. 2013-01 were valid and taken in conformity with the requirements of the law, and specifically the

provisions of the Act, and that this finding and determination is made pursuant to the provisions of Government Code Section 53325.1.

- B. The written protests received, if any, do not represent a majority protest as defined by the applicable provisions of the Act and, therefore, the special tax proposed to be levied within CFD No. 2013-01 has not been precluded by majority protest pursuant to Section 53324 of the Government Code of the State of California.
- C. CFD No. 2013-01 as proposed conforms with the Authority statement of goals and policies regarding the establishment of CFD's (the "Goals and Policies").
- D. Less than twelve (12) registered voters have resided within the territory of proposed CFD No. 2013-01 for each of the ninety (90) days preceding the close of the public hearing, therefore, pursuant to the Act the qualified elector or electors of CFD No. 2013-01 shall be the landowner or landowners of CFD No. 2013-01 as such term is defined in Government Code Section 53317(f) and each such landowner who is the owner of record as of the close of the public hearing pertaining to the formation of CFD No. 2013-01, or the authorized representative thereof, shall have one vote for each acre or portion of an acre of land that such owner owns within CFD No. 2013-01 that is not exempt from the special tax.
- E. The territory of proposed CFD No. 2013-01 is owned by Authority and Government Code Section 53317(f) provides that a public agency is not a "landowner" for purposes of the Act unless one of four circumstances identified in Section 53317(f) exists. One of such circumstances set forth in clause (4) of Section 53317(f) is that the land owned by a public agency is within the territory of a military base that was realigned pursuant to Federal Base Realignment and Closure actions of 1996. The territory of proposed CFD No. 2013-01 owned by Authority is located within the former territory of March Air Force Base, a military base that was realigned pursuant to a Federal Base Realignment and Closure action of 1996. As a result, Authority is the "landowner" of the territory of proposed CFD No. 2013-01 for purposes of the Act including being the qualified elector of proposed CFD No. 2013-01.
- F. Government Code Section 53326(a) provides that the legislative body of the local agency undertaking proceedings to form a CFD shall submit the levy of any special taxes to the qualified electors of the proposed CFD in the next general election or in a special election to be held, notwithstanding any other requirement, including any requirement that elections be held on specified dates, contained in the Elections Code, at least 90 days, but not more than 180 days, following the adoption of the resolution of formation of such CFD. However, any time limit specified by Section 53326 or requirement pertaining to the conduct of the election may be waived with the unanimous consent of the qualified electors of the proposed district and the concurrence of the election official conducting the election.

The Commission has determined that it shall waive the time limit specified by the Act for conducting an election to submit the levy of the special taxes to the qualified electors of CFD No. 2013-01 and the requirements for impartial analysis and ballot arguments.

SECTION 3. The Report. The Report, as prepared pursuant to the Act and the Resolution of Intention and now submitted and received by this Commission, shall stand as the Report for all future proceedings and all terms and contents are approved as set forth therein.

SECTION 4. Name of CFD No. 2013-01. This legislative body does hereby establish and declare the formation of CFD No. 2013-01 to be known and designated as " March Joint Powers Authority CFD No. 2013-01 (March LifeCare Campus)."

SECTION 5. Boundaries of CFD No. 2013-01. The boundaries of CFD No. 2013-01 are generally described as follows:

All property within the boundaries of CFD No. 2013-01, as shown on a boundary map approved by this legislative body, said boundary map designated as "Boundaries of Community Facilities District No. 2013-01 (March LifeCare Campus). March Joint Powers Authority, County of Riverside, State of California," a copy of which is on file in the Office of the Clerk of the Commission (the "Boundary Map). A copy of the Boundary Map was recorded in the office of the Recorder of the County of Riverside on March 22, 2013 as Document No. 2013-0139405.

SECTION 6. Description of Authorized Services. The types of public services authorized to be financed by CFD No. 2013-01 (the "Authorized Services") are in addition to those provided in or required for the territory within CFD No. 2013-01 and will not be replacing services already available. A general description of the services (collectively, the "Authorized Services"), whether provided directly by the Authority or by a third party contracting with the Authority or CFD No. 2013-01, to be financed is set forth in Exhibit "A" to the Resolution of Intention and is incorporated herein by this reference.

For a further description of the public services and the public facilities, reference is made to the Report, a copy of which is on file in the Office of the Clerk of the Commission.

The Commission finds that the Authorized Services described in this Section 6 hereof are necessary to meet increased demands placed upon the Authority as a result of new development occurring within the boundaries of the proposed CFD No. 2013-01.

SECTION 7. Special Taxes. Except where funds are otherwise available, a Special Tax as such term is as defined in the rate and method of apportionment of such Special Tax as set forth in Exhibit B to the Resolution of Intention (the "Rate and Method") and which is incorporated herein by this reference sufficient to fund the Authorized Services and related incidental expenses authorized by the Act, secured by recordation of a continuing lien against all non-exempt real property in CFD No. 2013-01, will be levied annually within the boundaries of such CFD No. 2013-01. The Rate and Method sets forth the rates of the Special Tax and method

of apportionment thereof in sufficient detail to allow each landowner or resident within CFD No. 2013-01 to clearly estimate the maximum amount that such person will have to pay. The Special Tax may not be prepaid.

The Special Taxes herein authorized, to the extent possible, shall be collected in the same manner as *ad valorem* property taxes or in such other manner as this Commission or its designee shall determine, including direct billing of the affected property owners. Such Special Taxes shall be subject to the same penalties, procedure, sale and lien priority in any case of delinquency as applicable for ad valorem taxes. Any Special Taxes that may not be collected on the County tax roll shall be collected through a direct billing procedure by the Authority.

Pursuant to Government Code Section 53340 and except as provided in Government Code Section 53317.3, properties of entities of the state, federal, and local governments shall be exempt from the levy of the Special Tax.

Upon recordation of a Notice of Special Tax Lien pursuant to Section 3114.5 of the Streets and Highways Code of the State of California, a continuing lien to secure each levy of the Special Taxes shall attach to all non-exempt real property in CFD No. 2013-01 and this lien shall continue in force and effect until collection of the special taxes by the legislative body ceases.

SECTION 8. Special Tax Accountability Measures. Pursuant to and in compliance with the provisions of Government Code Section 50075.1, this Commission hereby establishes the following accountability measures pertaining to the levy by CFD No. 2013-01 of the Special Taxes described in Section 7 above:

- A. Each Special Tax shall be levied for the specific purposes set forth in Section 7 above.
- B. The proceeds of the levy of such Special Tax shall be applied only to the specific applicable purposes set forth in Section 7 above.
- C. CFD No. 2013-01 shall establish a separate account into which the proceeds of such special taxes shall be deposited.
- D. The Executive Director or his or her designee, acting for and on behalf of CFD No. 2013-01, shall annually file a report with the Commission as required pursuant to Government Code Section 50075.3.

SECTION 9. Preparation of Annual Tax Roll. The name, address and telephone number of the official, office, department, or bureau who or which will be responsible for preparing annually a current roll of Special Tax levy obligations by Assessor's parcel number and which shall be responsible for estimating future Special Tax levies pursuant to Section 53340.1 of the Government Code of the State of California, are as follows:

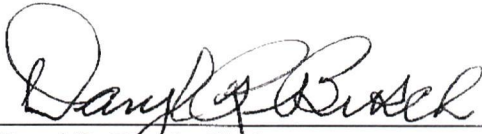

Assistant Director
March Joint Powers Authority
23555 Myer Drive
Riverside, California 92518
(951) 656-7000

SECTION 10. Election. This legislative body herewith submits the levy of the Special Taxes to the qualified elector of CFD No. 2013-01, said elector being the landowner of CFD No. 2013-01, with such landowner having one (1) vote for each acre or portion thereof of land owned within CFD No. 2013-01 that is not exempt from the levy of such Special Taxes.

SECTION 11. Designation of Authorized Representative. The Commission hereby appoints the Executive Director and the Assistant Director, alternatively, as the duly authorized representative of the Authority for the purpose of voting in the election to authorize the levy of the Special Taxes and the establishment of an appropriations limit for CFD No. 2013-01 and directs such representatives to vote in favor of authorizing the levy of the Special Taxes and the establishment of such appropriations limit.

SECTION 12. Effective Date. The Chairman shall sign and the Clerk of the Commission shall certify to the passage and adoption of this Resolution and thereupon the same shall take effect and be in force.

ADOPTED this 1st day of May, 2013.

**Engineer's Report for March Joint Powers Authority
Community Facilities District No. 2013-01 (March Lifecare Campus)
County of Riverside, State of California**

INTRODUCTION

WHEREAS, the Commission of the March Joint Powers Authority, County of Riverside, State of California, did, pursuant to the provisions of the Mello-Roos Community Facilities Act of 1982 (Act), being Chapter 2.5 of Part 1, of Division 2, of Title 5 of the Government Code of the State of California, and specifically Section 53321.5 thereof, expressly order, by adoption of Resolution #JPA 13-03, the filing of a written Community Facilities District (CFD) Report ("Report") with said Commission for a proposed CFD, which District shall hereinafter be referred to as CFD 2013-01 (March Lifecare Campus); and

WHEREAS, the Report generally contains the following:

- a. A brief description of the Services and Facilities which are required to adequately meet the needs of CFD 2013-01;
- b. An estimate of the cost of annually funding the Services and Facilities and incidental expenses. Incidental expenses include engineering, inspection, insurance, legal counsel, administration, and finance expenses incurred by CFD 2013-01, including the processing of payments and the submittal of taxes to the Riverside County Auditor-Controller for placement on the tax roll; and
- c. The Rate and Method of Apportionment of Special Tax in sufficient detail to allow each property owner within the proposed CFD 2013-01 to estimate the maximum annual amount of payment.

For Particulars, reference is made to Resolution #JPA 13-03, the Resolution of Intention as approved by the Commission on March 20, 2013.

NOW THEREFORE, Habib M. Motlagh, the appointed Engineer of Work, hereby submits this Report for the formation of CFD 2013-01. The annual services and maintenance funded by this District are necessary for the development and sustainability of the area within the boundaries of CFD 2013-01. Further it is my opinion that the Rate and Method of Apportionment of Special Taxes under CFD 2013-01 is equitable and is not discriminatory or arbitrary and permits a purchaser of property subject to the special tax a fair means of determining the tax obligation.

**Engineer's Report for March Joint Powers Authority
Community Facilities District No. 2013-01 (March Lifecare Campus)
County of Riverside, State of California**

INTRODUCTION

WHEREAS, the Commission of the March Joint Powers Authority, County of Riverside, State of California, did, pursuant to the provisions of the Mello-Roos Community Facilities Act of 1982 (Act), being Chapter 2.5 of Part 1, of Division 2, of Title 5 of the Government Code of the State of California, and specifically Section 53321.5 thereof, expressly order, by adoption of Resolution #JPA 13-03, the filing of a written Community Facilities District (CFD) Report ("Report") with said Commission for a proposed CFD, which District shall hereinafter be referred to as CFD 2013-01 (March Lifecare Campus); and

WHEREAS, the Report generally contains the following:

- a. A brief description of the Services and Facilities which are required to adequately meet the needs of CFD 2013-01;
- b. An estimate of the cost of annually funding the Services and Facilities and incidental expenses. Incidental expenses include engineering, inspection, insurance, legal counsel, administration, and finance expenses incurred by CFD 2013-01, including the processing of payments and the submittal of taxes to the Riverside County Auditor-Controller for placement on the tax roll; and
- c. The Rate and Method of Apportionment of Special Tax in sufficient detail to allow each property owner within the proposed CFD 2013-01 to estimate the maximum annual amount of payment.

For Particulars, reference is made to Resolution #JPA 13-03, the Resolution of Intention as approved by the Commission on March 20, 2013.

NOW THEREFORE, Habib M. Motlagh, the appointed Engineer of Work, hereby submits this Report for the formation of CFD 2013-01. The annual services and maintenance funded by this District are necessary for the development and sustainability of the area within the boundaries of CFD 2013-01. Further it is my opinion that the Rate and Method of Apportionment of Special Taxes under CFD 2013-01 is equitable and is not discriminatory or arbitrary and permits a purchaser of property subject to the special tax a fair means of determining the tax obligation.

Executed this 1st day of May, 2013.

HABIB M. MOTLAGH, ENGINEER
MARCH JOINT POWERS AUTHORITY
COUNTY OF RIVERSIDE
STATE OF CALIFORNIA

**Engineer's Report for March Joint Powers Authority
Community Facilities District No. 2013-01 (March Lifecare Campus)
County of Riverside, State of California**

DESCRIPTION OF SERVICES AND FACILITIES

In response to the realignment of March Air Force Base, there was a determination by the March Joint Powers Authority (MJPA) that a plan was required to provide for areas declared surplus and available for disposal actions. The March LifeCare Campus Specific Plan (SP) was prepared, approved and amended by the MJPA as a means to mitigate the losses associated with the base realignment.

Implementation of the SP required the formation of Community Facilities District (CFD) No. 2013-01 to provide certain services and for the on-going maintenance of certain facilities. The intent of CFD 2013-01 is to provide funding for the annual services and continued maintenance of these facilities in perpetuity.

The public facilities to be maintained and serviced under CFD 2013-01 have been constructed in accordance with the SP and the Conditions of Approval for March LifeCare Campus, as amended. General descriptions of the public services to be provided and facilities to be maintained and serviced under CFD 2013-01 are presented in the following paragraphs. It is noted that the constructed location of these facilities may differ from these general descriptions.

Signage and Lighting Facilities

The work to be performed consists of the energy, servicing, operation, and maintenance of the directional signage at major access points and street lights installed along and within the public streets and easements. The location of the signage and lighting facilities are further identified on Page 3. Pedestrian lighting along and within the Public Realm identified on Page 5 will also be maintained.

Traffic Signal Facilities

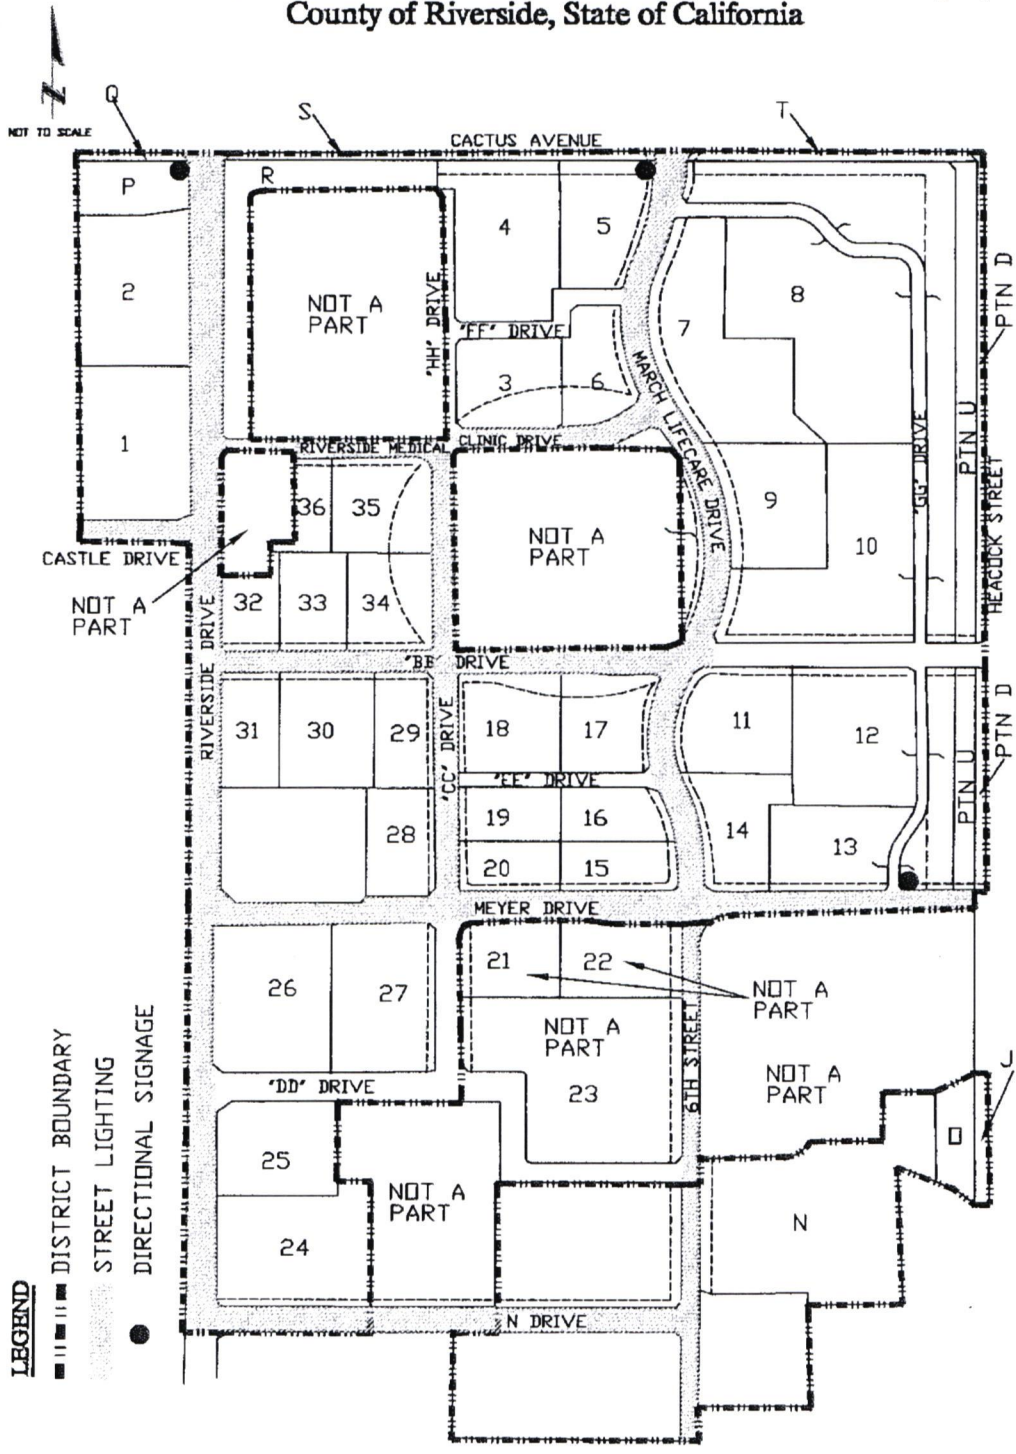

The work to be performed consists of the energy, servicing, operation, and maintenance of traffic signals, safety lighting, beacons, and other electrically operated traffic control or warning devices, including routine maintenance and emergency call-out service.

Routine maintenance includes an inspection of the signal system and cleaning the control cabinet every six weeks, with alternating day and night inspections. Additional servicing includes re-lamping and cleaning signal heads as required.

The traffic signals are located at the intersections of:

March LifeCare Drive and Meyer Drive
March LifeCare Drive and Riverside Medical Clinic Drive
March LifeCare Drive and "BB" Drive
Meyer Drive and "CC" Drive
Meyer Drive and Riverside Drive
Riverside Drive and Riverside Medical Clinic Drive
Riverside Drive and "BB" Drive

SIGNAGE AND LIGHTING FACILITIES

Certain traffic signals identified in the SP and the Supplemental Traffic Impact Analysis, appended thereto, are owned and maintained by City of Moreno Valley. Traffic signals located at the intersections of Cactus Avenue with Riverside Drive and March LifeCare Drive; and, the intersections of Heacock Street with Cactus Avenue, Meyer Drive and Delphinium Avenue are the responsibility of the City of Moreno Valley.

Landscaping Facilities

The work to be performed includes the maintenance, servicing and repair of the landscaping, multi-use trails, entry monuments at major access points, irrigation system, electrical, water, and appurtenant facilities located in public streets, rights-of-way, and the Public Realm easements (Note 19 for landscaping and pedestrian uses) set forth on Parcel Map 36035. The landscaping facilities are located along the public streets and easements identified on Page 5.

Parcel Map 36035 was recorded in Book 235 of Parcel Maps, Pages 28 through 42, as Instrument Number 2013-0137571, in the office of the Assessor-County Clerk-Recorder of the County of Riverside, State of California, on the 21st day of March, 2013.

Drainage Facilities

The work to be performed includes the video inspection, maintenance, servicing and repair of the public drainage facilities and appurtenances that convey and retain the storm drain flow within the March Lifecare Campus. The drainage facilities are further identified on Page 6.

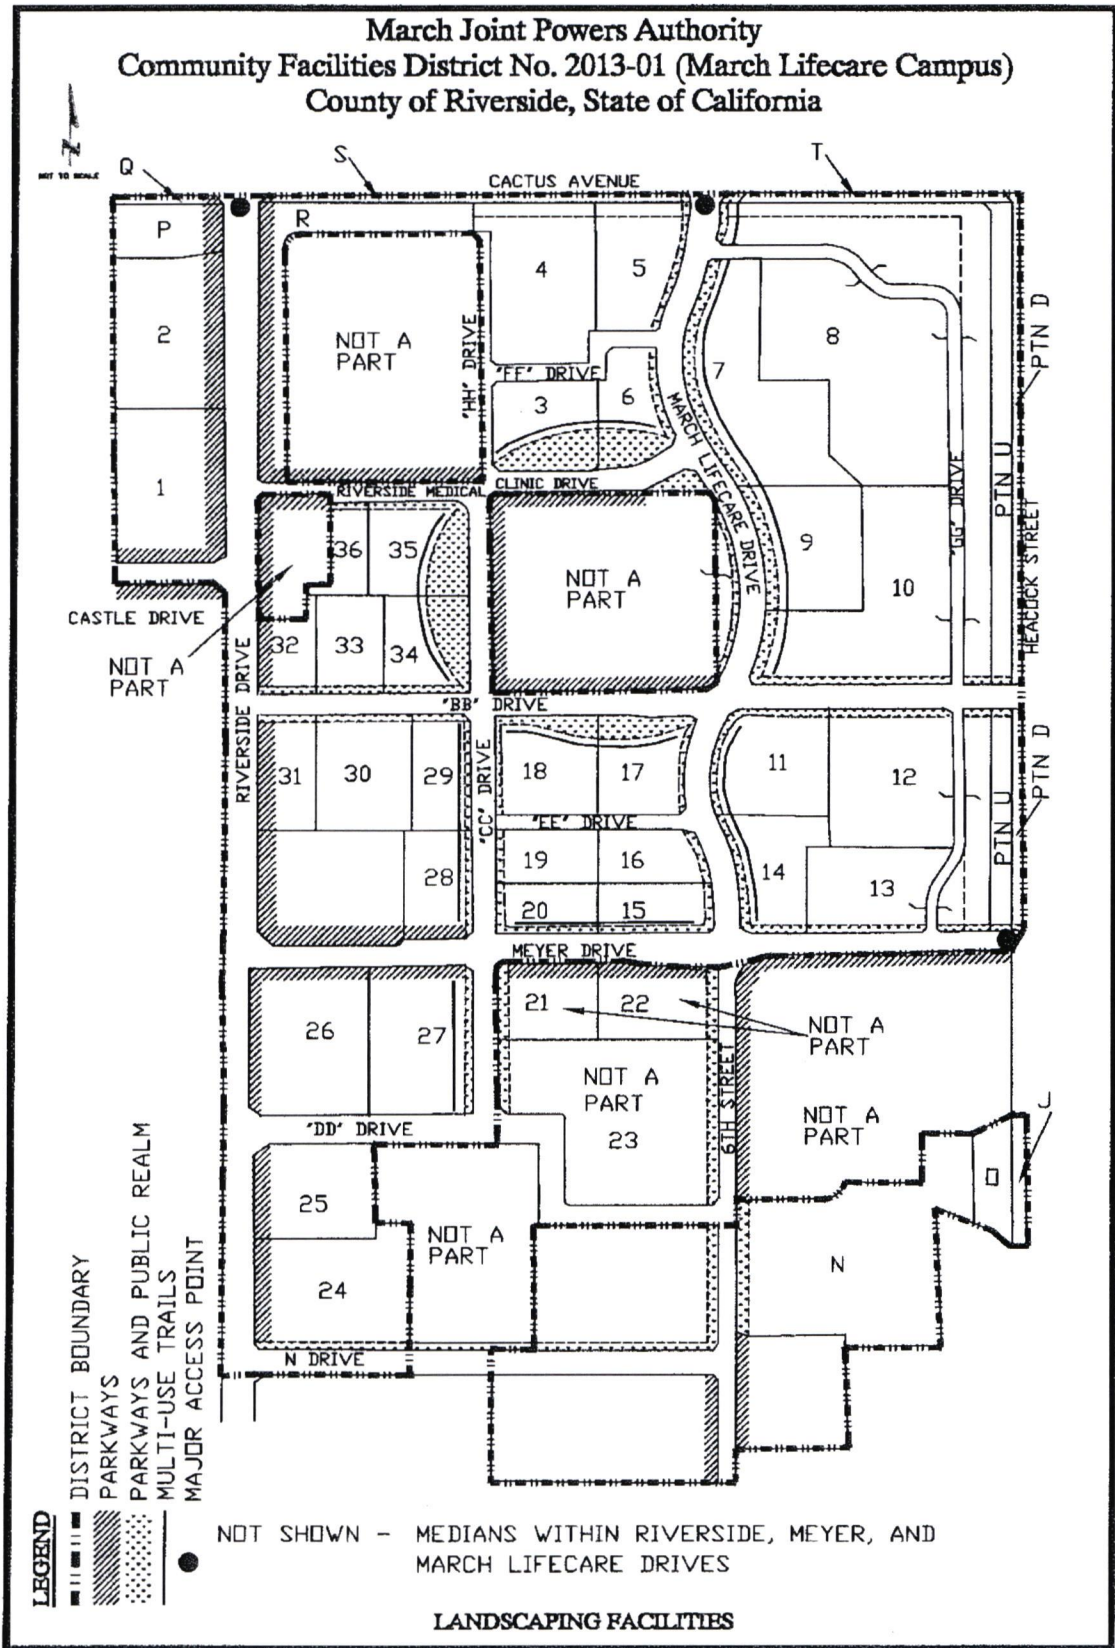

These facilities include catch basins, channel inlets and outlets, box culverts, a water quality and detention basin (Lots N and O), three bridge overcrossing over the Cactus and Heacock Flood Control Channels, storm drains located in public streets and rights-of-way, Lot R, and drainage easements (Note 20) set forth on Parcel Map 36035.

The annual maintenance, servicing and repair of the landscaping, irrigation system, electrical, water, and structures appurtenant to the drainage facilities within Lots N, O, and R and the drainage easements (Note 20) are included in the work to be performed. Annual activities also include general cleanup, debris removal, inspection, replacement and repairs. Weed abatement will also take place with a contact spray in the beginning of spring bloom and a residual spray after the first rain in fall.

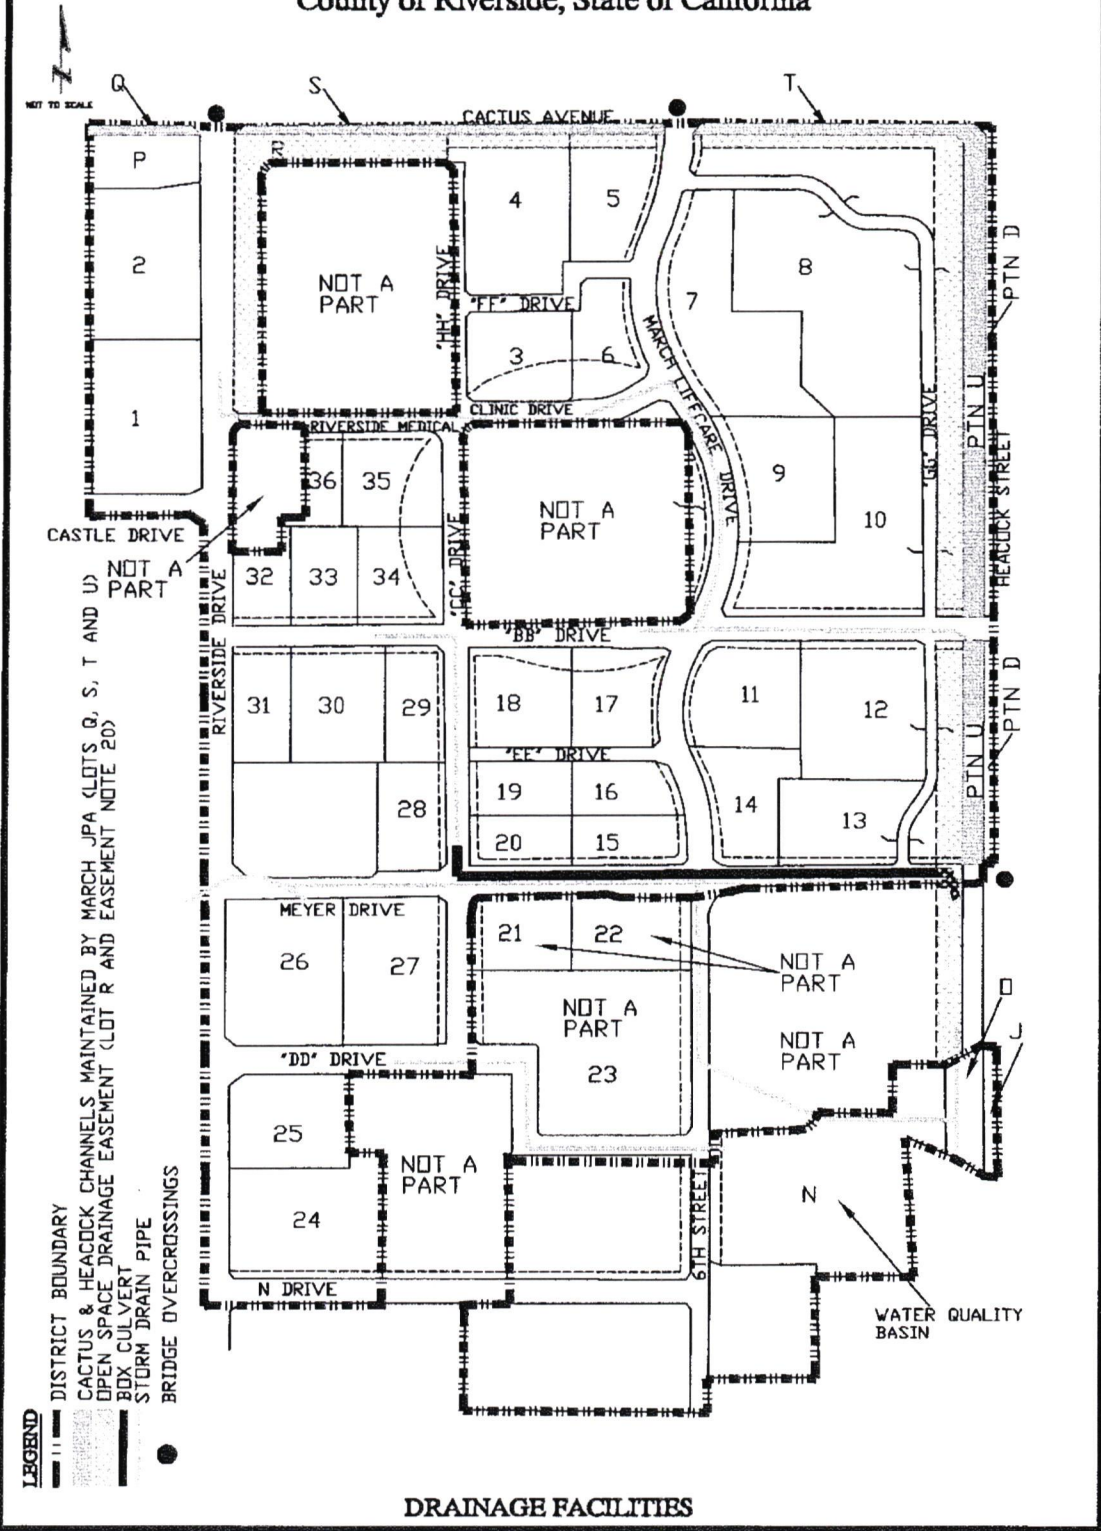

Catch basins, inlets and outlets will be cleaned on an annual basis. Depending on that year's storm drain flow and the level of debris in the flow, a cleaning of these facilities may be required after the first rain and again during or at the end of the rainy season.

Cleaning of the storm drain pipes and box culverts, along with video inspection, is scheduled to take place every three years. Approximately every six years, the bridge overcrossings will be cleaned and repaired to assure proper storm drain flow.

Street Sweeping

The service to be performed includes the monthly sweeping of public streets and easements, with bi-monthly sweeping, as may be required, during three months of the year. The public streets and easements to be serviced are identified on Page 8.

Transit Shelters

Transit shelters to be maintained are identified on Page 9. These shelters provide connection points for shuttle service to and from the Moreno Valley/March Field Metro-link Station, bus routes and van car-pools. Regular maintenance such as general cleanup, trash removal, steam cleaning and painting will be provided by the County of Riverside Rapid Transit Authority. Replacement and repairs above regular maintenance and due to accidents will be the responsibility of the CFD.

Graffiti Removal

The work to be performed is the removal of graffiti within the public streets and easements. The surface areas of the facilities may include, but not be limited to, ornamental structures, shelters, wall surfaces, signage, enclosures, and utility boxes.

The Cost Estimate which follows herein further identifies the location and extent of the improvements to be maintained, operated and serviced for the fiscal year. As future improvements are constructed, there will be a minimum of 90 days and a maximum of 365 days between the final inspection date and the date of acceptance of the improvements. Upon the completion of construction, the improvements will be shown in Atlas Maps, As-Built Maps and Specifications on file in the Office of the MJPA Public Works.

Reference is also made to the future plans and specifications for Street Improvement Plans, Mass Grading Plans, Storm Drain Plans and Landscape Plans required for the development of the March LifeCare Campus. Pending design, the improvements to be maintained, operated and serviced are as set forth in the Specific Plan for the March LifeCare Campus, as amended.

Plans and Specifications for the improvements to be maintained and/or improved for a fiscal year have been approved or are in the process of being designed for approval by the March Joint Powers Authority (MJPA). The work to be performed is under the ownership and operation of the MJPA.

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES

A Special Tax (as hereinafter defined) shall be apportioned, levied and collected on all Parcels of Taxable Property in Community Facilities District No. 2013-01 (the "CFD") of the March Joint Powers Authority (the "Authority") in each Fiscal Year in an amount determined by the Commission of the Authority, through the application of the procedures described below. All Parcels in the CFD, unless exempted by law or by the provisions hereof, shall be taxed for the purposes, to the extent and in the manner herein provided.

A. DEFINITIONS. The terms used herein have the following meanings:

"Acreage" or "Acre" means that acreage shown on the Assessor's Parcel Map for each Parcel. In the event that the Assessor's Parcel Map shows no acreage, the Acreage for any Parcel shall be that shown or computed by the District Administrator based on the applicable final map, lot line adjustment, condominium plan or other recorded parcel map.

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, Part 1 of Division 2 of Title 5 of the California Government Code of the State of California.

"Adjusted Acreage" or "Adjusted Acre" means the Acreage of a Parcel minus the acreage for the area within Easement Notes 18, 19 and 20 on Parcel Map 36035 and as identified by the District Administrator for purposes of Section C of this Rate and Method of Apportionment. In no event shall the Adjusted Acreage assigned to the land within Parcel Map 36035 be less than listed in Section D, Table 1.

"Administrative Expenses" means the following actual or reasonably estimated costs directly related to the administration of the CFD: contract management costs for the Maintenance and Servicing of the Facilities with an allocable share of the applicable Authority staff; costs of computing the Special Taxes and of preparing the annual Special Tax Levy (whether by Authority, or an agent thereof); the fees and costs of collecting the Special Taxes (whether by the County of Riverside, the Authority, or otherwise); and the costs associated with preparing Special Tax disclosure statements and responding to public inquiries regarding the Special Taxes. Administrative Expenses shall also include engineering and attorney fees necessary for purposes of the CFD.

"Assessor Parcel Number" means a parcel of land as designated on a map of the County Assessor of the County of Riverside and which has been assigned a specific identifying number by the County Assessor.

"District Administrator" means an official of the Authority, or an agent thereof, responsible for determining the Special Tax Requirement and providing for the levy and collection of the Special Taxes.

Motions:

- 1) Open and close Public Hearing to public comment in favor of and opposed to the formation of CFD No. 2013-01,
- 2) Adopt Resolution #JPA 13-07 forming and establishing CFD No. 2013-01 and authorizing submittal of levy of special taxes to the qualified voters, and
- 3) Adopt #JPA 13-08 calling for a special election and establishing an appropriations limit.

Background:

On March 20, 2013, by Resolution JPA#13-02, the March JPA initiated proceedings for the formation of CFD 2013-01 (March LifeCare Campus) and established the boundary showing the territory to be included in the CFD. All property within the CFD is under the single ownership of the JPA.

Subsequently, by Resolution JPA#13-03, the March JPA declared the intention to establish CFD No. 2013-01 and authorize the levy of special taxes to finance certain public services and maintenance. In addition, this resolution called for this Public Hearing and other actions to be completed under statute, including an election by qualified voters within the CFD.

With the exclusion of Parcels 21, 22 and 23, in general, the boundary of the CFD is concurrent with the boundary of Parcel Map 36035. These excluded parcels will be annexed to the CFD as a condition of approval for development. Accordingly, for purposes of the Public Hearing and election to be held for the formation of the CFD, the JPA is the sole property owner and qualified voter within the CFD.

The improvements to be serviced and maintained are located within public easements and rights-of-way dedicated for public use on Parcel Map 36035. These improvements include street lights, pedestrian lighting within the Public Realm easements, traffic signals, landscaping within parkways and the Public Realm easements, drainage facilities (catch basins, inlets, outlets, storm drain, three bridge overcrossings, parallel drainage channel and detention basins, street sweeping, graffiti control, signage (monuments and directional kiosks) at major access points, transit facilities, seating area/trash cans, and appurtenances.

A maximum annual special tax in the amount of \$4,305.20 per adjusted acre is proposed to finance servicing and maintenance of these improvements. This amount may be increased each July 1st thereafter by an amount equal to three percent (3%) of the previous Fiscal Year's annual special tax.

Following the close of the Public Hearing, the resolutions to be considered by the Commission for approval, are summarized as follows:

- 1) Resolution forming and establishing CFD No. 2013-01 (the "Resolution of Formation") and authorizing submittal of levy of special taxes to the qualified electors. By adoption of this resolution, the Commission will be:
 - a. Making certain determinations including determinations that:
 1. All prior formation proceedings were valid and conformed to the requirements of the Mello-Roos Act;
 2. There was no majority protest to the special tax or any of the proposed services;
 3. CFD No. 2013-01 conforms to the Authority's goals and policies regarding the establishment of Community Facilities Districts;
 4. Less than 12 registered voters have resided within the territory of CFD No. 2013-01 for each of the 90 days preceding the close of the public hearing, therefore, the qualified electors of the CFD shall be landowners;
 5. The Authority is a "landowner" for purposes of the Mello-Roos Act;

6. The Authority is waiving the time limit for holding the election and other election requirements;
 - b. The Engineer's Report shall stand as the Report for all future proceedings and the terms and contents are approved;
 - c. Establishing and declaring the formation of the CFD;
 - d. Describing the services authorized to be financed;
 - e. Approving the levy of special taxes subject to the approval of the qualified elector, i.e., the Authority; and
 - f. Designation of the Executive Director or Assistant Director as authorized representatives of the Authority for purposes of voting in the CFD election and directing that such representative vote in favor of the levy of the special taxes and the establishment of an appropriations limit.
- 2) Resolution calling a special election within CFD No. 2013-01 ("Resolution Calling Election") and submitting propositions regarding the levy of special taxes and the establishment of an appropriations limit to the qualified electors. By adoption of this resolution, the Commission will be:
- a. Calling an election to be held on May 1, 2013 following the public hearing and the adoption of the Resolution of Formation;
 - b. Designating the Clerk of the Commission as the election official to conduct the election;
 - c. Determining that the Clerk of the Commission has consented to holding the election on May 1; and
 - d. Establishing the election procedures.

Public Hearing:

Following the open and close of the Public Hearing, these resolutions form and establish CFD No. 2013-01 and call for an election regarding the levy of the special taxes and the establishment of an appropriations limit of \$2,500,000. This amount is approximately five times the current annual maintenance expense. An election of the property owners will be required to exceed this appropriations limit. If the special tax is increased 3% annually, the appropriations limit will be reached in approximately 62 years.

EXHIBIT A
DESCRIPTION OF SERVICES AND FACILITIES TO BE MAINTAINED

In response to the realignment of March Air Force Base, there was a determination by the March Joint Powers Authority (MJPA) that a plan was required to provide for areas declared surplus and available for disposal actions. The March LifeCare Campus Specific Plan (SP) was prepared, approved and amended by the MJPA as a means to mitigate the losses associated with the base realignment.

Implementation of the SP required the formation of Community Facilities District (CFD) No. 2013-01 to provide certain services and for the on-going maintenance of certain facilities. The intent of CFD 2013-01 is to provide funding for the annual services and continued maintenance of these facilities in perpetuity.

The public facilities to be maintained and serviced under CFD 2013-01 have been constructed in accordance with the SP and the Conditions of Approval for March LifeCare Campus, as amended. General descriptions of the public services to be provided and facilities to be maintained and serviced under CFD 2013-01 are presented in the following paragraphs. It is noted that the constructed location of these facilities may differ from these general descriptions.

Signage and Lighting Facilities

The work to be performed consists of the energy, servicing, operation, and maintenance of the directional signage at major access points and street lights installed along and within the public streets and easements. The location of the signage and lighting facilities are further identified on Page 4. Pedestrian lighting along and within the Public Realm identified on Page 6 will also be maintained.

Traffic Signal Facilities

The work to be performed consists of the energy, servicing, operation, and maintenance of traffic signals, safety lighting, beacons, and other electrically operated traffic control or warning devices, including routine maintenance and emergency call-out service.

Routine maintenance includes an inspection of the signal system and cleaning the control cabinet every six weeks, with alternating day and night inspections. Additional servicing includes re-lamping and cleaning signal heads as required

The traffic signals are located at the intersections of:

- March LifeCare Drive and Meyer Drive
- March LifeCare Drive and Riverside Medical Clinic Drive

Landscaping Facilities

The work to be performed includes the maintenance, servicing and repair of the landscaping, multi-use trails, entry monuments at major access points, bio- swales, irrigation system, electrical, water, and

appurtenant facilities located in public streets, rights-of-way, and the Public Realm easements (Note 19 for landscaping and pedestrian uses) set forth on Parcel Map 36035. The landscaping facilities are located along the public streets and easements identified on Page 6.

Parcel Map 36035 was recorded in Book 235 of Parcel Maps, Pages 28 through 42, as Instrument Number 2013-0137571, in the office of the Assessor-County Clerk-Recorder of the County of Riverside, State of California, on the 21st day of March, 2013.

Drainage Facilities

The work to be performed includes the video inspection, maintenance, servicing and repair of the public drainage facilities and appurtenances that convey and retain the storm drain flow within the March Lifecare Campus. The drainage facilities are further identified on Page 7.

These facilities include catch basins, channel inlets and outlets, a swale, box culverts, a water quality and detention basin (Lots N and O), interim detention basins, three bridge overcrossing over the Cactus and Heacock Flood Control Channels, storm drains located in public streets and rights-of-way, Lot R, and drainage easements (Note 20) set forth on Parcel Map 36035

The annual maintenance, servicing and repair of the landscaping, irrigation system, electrical, water, and structures appurtenant to the drainage facilities within Lots N, O, and R and the drainage easements (Note 20) are included in the work to be performed. Annual activities also include general cleanup, debris removal, inspection, replacement and repairs. Weed abatement will also take place with a contact spray in the beginning of spring bloom and a residual spray after the first rain in fall.

Catch basins, inlets and outlets will be cleaned on an annual basis. Depending on that year's storm drain flow and the level of debris in the flow, a cleaning of these facilities may be required after the first rain and again during or at the end of the rainy season.

Cleaning of the storm drain pipes and box culverts, along with video inspection, is scheduled to take place every three years. Approximately every six years, the bridge overcrossings will be cleaned and repaired to assure proper storm drain flow.

Street Sweeping

The service to be performed includes the monthly sweeping of public streets and easements, with bi-monthly sweeping, as may be required, during three months of the year. The public streets and easements to be serviced are identified on Page 9.

Transit Shelters

Transit shelters to be maintained are identified on Page 10. These shelters provide connection points for shuttle service to and from the Moreno Valley/March Field Metro-link Station, bus routes and van carpools. Regular maintenance such as general cleanup, trash removal, steam cleaning and painting will be provided by the County of Riverside Rapid Transit Authority. Replacement and repairs above regular maintenance and due to accidents will be the responsibility of the CFD.

Graffiti Removal

The work to be performed is the removal of graffiti within the public streets and easements. The surface areas of the facilities may include, but not be limited to, ornamental structures, shelters, wall surfaces, signage, enclosures, and utility boxes.

The Cost Estimate which follows herein further identifies the location and extent of the improvements to be maintained, operated and serviced for the ensuing fiscal year. As future improvements are constructed, there will be a minimum of 90 days and a maximum of 365 days between the final inspection date and the date of acceptance

of the improvements. Upon the completion of construction, the improvements will be shown in Atlas Maps, As-Built Maps and Specifications on file in the Office of the MJPA Public Works.

Reference is also made to the future plans and specifications for Street Improvement Plans, Mass Grading Plans, Storm Drain Plans and Landscape Plans required for the development of the March LifeCare Campus. Pending design, the improvements to be maintained, operated and serviced are as set forth in the Specific Plan for the March LifeCare Campus, as amended.

Plans and Specifications for the improvements to be maintained and/or improved for a fiscal year have been approved or are in the process of being designed for approval by the March Joint Powers Authority (MJPA). The work to be performed is under the ownership and operation of the MJPA.

The following is the Rate and Method of Apportionment of Special Taxes included in the original notice of Special Tax Lien. Commencing Fiscal Year 2025/26, the term "Authority" referenced herein is replaced by the "Board of Supervisors of the County", as appropriate.

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES

A Special Tax (as hereinafter defined) shall be apportioned, levied and collected on all Parcels of Taxable Property in Community Facilities District No. 2013-01 (the "CFD") of the March Joint Powers Authority (the "Authority") in each Fiscal Year in an amount determined by the Commission of the Authority, through the application of the procedures described below. All Parcels in the CFD, unless exempted by law or by the provisions hereof, shall be taxed for the purposes, to the extent and in the manner herein provided.

A. DEFINITIONS. The terms used herein have the following meanings:

"Acreage" or "Acre" means that acreage shown on the Assessor's Parcel Map for each Parcel. In the event that the Assessor's Parcel Map shows no acreage, the Acreage for any Parcel shall be that shown or computed by the District Administrator based on the applicable final map, lot line adjustment, condominium plan or other recorded parcel map.

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, Part 1 of Division 2 of Title 5 of the California Government Code of the State of California.

"Administrative Expenses" means the following actual or reasonably estimated costs directly related to the administration of the CFD: annexations to the CFD; contract management costs for the Maintenance and Servicing of the Facilities with an allocable share of the applicable Authority staff; costs of computing the Special Taxes and of preparing the annual Special Tax Levy (whether by Authority, or an agent thereof); the fees and costs of collecting the Special Taxes (whether by the County of Riverside, the Authority, or otherwise); and the costs associated with preparing Special Tax disclosure statements and responding to public inquiries regarding the Special Taxes. Administrative Expenses shall also include engineering and attorney fees necessary for purposes of the CFD.

"District Administrator" means an official of the Authority, or an agent thereof, responsible for determining the Special Tax Requirement and providing for the levy and collection of the Special Taxes.

“Developed Realigned Property” means Realigned Property for which maintenance and services are to be provided and consequently expenses incurred in the ensuing Fiscal Year. “Developer Deposit” means an amount required to fund the Administrative Expenses, Maintenance and Servicing Expenses and the Tax Roll Reserve in the Fiscal Year for which the Special Taxes are to be levied and the subsequent Fiscal Year (2 years). This amount shall be deposited with the Authority and the funds made available for the Special Tax Requirement.

“Non-Realigned Property” means a parcel in the CFD and outside of Parcel Map 36035 that is further identified as Assessor Parcel Number 294-080-005, 294-080-016, 294- 660-014 and 297-260-003.

“Realigned Property” means “Non-Realigned Property” declared surplus and available for disposal actions with a development approved by the Authority as of March 1 of the Fiscal Year preceding the Fiscal Year for which the Special Taxes are being levied.

“Special Tax Requirement” means that amount, after taking into consideration available funds, required in any Fiscal Year to pay the Administrative Expenses and Maintenance and Servicing Expenses and, in addition, provides for the Tax Roll Reserve, the Operating Reserve and any reasonably anticipated delinquent Special Taxes based on the delinquency rate for Special Taxes levied in the previous Fiscal Year.

B. CLASSIFICATION OF PROPERTY. For each Fiscal Year, the Authority shall classify all Parcels within the CFD to be Developed Property, Developed Realigned Property, Non-Realigned Property, Realigned Property, Undeveloped Property or Exempt Property subject to the levy of the Special Taxes as determined pursuant to Sections C and D. Once a Parcel is classified as Developed Property or Developed Realigned Property, that parcel cannot be reclassified.
