

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

**ITEM: 3.69
(ID # 28529)**

MEETING DATE:
Tuesday, August 26, 2025

FROM : TLMA-TRANSPORTATION

SUBJECT: TRANSPORTATION AND LAND MANAGEMENT AGENCY/TRANSPORTATION:
Approval of the Plans and Specifications and Authorization to Advertise for Bid for the Construction for the Cajalco Road, Cajalco Expressway, and Ramona Expressway Resurfacing Projects, in the Community of Mead Valley. CEQA Exempt per State CEQA Guidelines Section 15301. District 1. [\$2,879,938 Total Cost - Local Funds 100%] (Clerk to Advertise)

RECOMMENDED MOTION: That the Board of Supervisors:

1. Find that the Cajalco Road, Cajalco Expressway, and Ramona Expressway Resurfacing Projects are categorically exempt from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Section 15301 (c) - Existing Facilities;
2. Approve the plans and specifications for the construction of the Cajalco Road, Cajalco Expressway, and Ramona Expressway Resurfacing Projects, in the Community of Mead Valley;
3. Authorize the Clerk of the Board to advertise for bids to be received by the office of the Director of Transportation and Land Management at the Transportation Annex located at 3525 14th Street, Riverside, CA 92501. All bids must be received up to the hour of 2:00 p.m., Wednesday, September 17, 2025, at which time bids will be opened; and
4. Direct the Clerk of the Board of Supervisors to file the Notice of Exemption with the County Clerk and the State Clearinghouse for posting within five (5) working days.

ACTION:Policy

Dennis Acuna, Director of Transportation 8/6/2025

MINUTES OF THE BOARD OF SUPERVISORS

On motion of Supervisor Gutierrez, seconded by Supervisor Medina and duly carried by unanimous vote, IT WAS ORDERED that the above matter is received and filed as recommended.

Ayes: Medina, Spiegel, Washington, Perez and Gutierrez
Nays: None
Absent: None
Date: August 26, 2025

C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

The County of Riverside Transportation Department is proposing to resurface an approximately 0.65-mile segment of Cajalco Road, a 0.29-mile segment of Cajalco Expressway, and a 0.26-mile segment of Ramona Expressway in the Community of Mead Valley of Riverside County.

The road segments included are as follows:

Road	From	To
Cajalco Road	200-feet west of Wood Road	50-feet east of Carpinus Drive
Cajalco Expressway	90-feet west of Harvill Avenue	I-215 south-bound ramps
Ramona Expressway	I-215 south-bound ramps	200-feet east of Nevada Road

The projects are combined to bid as one project in order to gain cost efficiencies by eliminating multiple bidding and administrative procedures and to seek more favorable proposed costs associated with larger bid quantities.

The areas in the immediate vicinity of Cajalco Road include residential areas with single family dwellings and vacant parcels areas. The areas in the immediate vicinity of Ramona Expressway and Cajalco Expressway include business centers and commercial properties.

Roadway resurfacing is needed due to the deteriorated pavement conditions. Mainly, the Cajalco Road, Cajalco Expressway, and Ramona Expressway Resurfacing Projects will consist of cold planing existing asphalt concrete pavement, sealing existing cracks, and overlaying with Hot Mix Asphalt (HMA). Additionally, sections of each road segment will require removing the existing asphalt concrete pavement and underlying material and placing HMA.

Additional improvements include construction of asphalt concrete driveways, construction of asphalt concrete dike, placement of safety edge to protect the outside edge of pavement and

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

shoulder backing, and construction of new asphalt concrete overside drains. Safety features include placing of traffic stripes, thermoplastic crosswalk and pavement marking, roadside signs, and other associated work.

The submitted plans and specifications have been approved as to form by County Counsel.

The bid documents include the following bid schedule of work:

Base Bid Schedule: Cajalco Road, Cajalco Expressway, Ramona Expressway Resurfacing
Alternate Bid Schedule 1: Western Municipal Water District (WMWD) Facilities Adjustment

The adjustment of the facilities owned by WMWD is also included in the bid package as an alternative bid schedule. If WMWD approves the award of their alternative bid schedule, as bid by the apparent low bidder, the cost for the work will be funded by WMWD through a reimbursement letter Agreement that will be executed by the Director of Transportation. The Director of Transportation has the authority to sign reimbursement Agreements up to \$100,000 per Minute Order dated November 19, 2019 (Agenda Item 3.25).

The Transportation Department will select the contractor based upon the lowest responsive and responsible bid.

Project Nos. D2-0098 – Cajalco Road Resurfacing,
 D4-0059 – Cajalco Expressway Resurfacing, and
 D4-0060 – Ramona Expressway Resurfacing

Environmental Findings

The proposed projects are exempt from CEQA under Section 15301 (c) – Existing Facilities exemption because Cajalco Road, Cajalco Expressway, and Ramona Expressway Resurfacing Projects do not create additional traffic lanes and involve negligible or no expansion of existing or former use of the existing roadway and associated facilities.

Impact on Citizens and Businesses

The purpose of these projects are to replace existing deteriorated pavement with new hot mix asphalt for approximate 1.2-mile of combined segments of Cajalco Road, Cajalco Expressway, and Ramona Expressway in the Community of Mead Valley to provide the public with a smooth paved roadway that will improve the safety and efficiency of vehicular traffic.

The work is scheduled to begin in the fall of 2025. The work will be phased to keep the road open during construction as much as possible and will take approximately two and a half months to complete.

SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA

SUPPLEMENTAL:

Additional Fiscal Information

The construction contract is estimated to cost approximately \$2,879,938. The County improvements will be funded with Gas Tax/SB-1 and Western Municipal Water District funds.

There are no General Funds used in this project.

NOTICE OF EXEMPTION

July 1, 2025

PROJECT TITLE: **Cajalco Road, Cajalco Expressway, Ramona Expressway Resurfacing**
Work Order# D20098C, D40059C, D40060C Task Code #Z1530

PROJECT SPONSOR: County of Riverside Transportation Department

PROJECT LOCATION: Communities of Woodcrest and Mead Valley, Riverside County, CA.

PROJECT DESCRIPTION: The County of Riverside Transportation Department is proposing to resurface a total of 1.16 miles of pavement at three different locations. Cajalco Road between Wood Road and just east of Carpinus Drive, a length of 0.65 miles. Cajalco Expressway, west of Harvill Avenue to 215 Freeway, a distance of 0.29 miles, and Ramona Expressway, 215 Freeway to east of Nevada Road a distance of 0.22 miles.

Cajalco Road

The Cajalco Road portion is approximately 0.65 miles of Cajalco Road from west of Wood Road to east of Carpinus Drive. Cajalco Road is a 72-to-104-foot, four lane road with 134 to 220 feet of right of way. The Cajalco Road project will include the removal of existing asphalt concrete and aggregate base for 820 feet, the placement of geogrid layer at full width, class two aggregate base with hot mix asphalt (HMA), partial reconstruction of 370-foot asphalt concrete dike median, the rest of the road within these limits will be cold planing of the pavement and placing HMA pavement with crack seal.

Cajalco Expressway

The Cajalco Expressway portion of the project starts west of Harvill Avenue to I-215 southbound ramps, approximately 0.29 miles. Cajalco Expressway is a 74-to-106-foot wide, four lane road with 160 to 210 feet of right of way. The Cajalco Expressway project will include partial removal of asphalt concrete and the placement of HMA. The other portion of the road within these limits will be cold planing of the existing pavement and placing HMA pavement with crack seal.

Ramona Expressway

The Ramona Expressway abuts Cajalco Expressway at the 215 freeway. The Ramona Expressway portion of the project is 0.22 miles and starts at 215 freeway southbound ramps to east of Nevada Road. Ramona Expressway is a 74- to-110-foot, four lane road with 160 to 220 feet of right of way. The Ramona Expressway project will include partial removal of asphalt concrete and placement of HMA. The other portion of the road within these limits will be cold

4080 Lemon Street, 8th Floor · Riverside, CA 92501 · (951) 955-6740
P.O. Box 1090 · Riverside, CA 92502-1090 · FAX (951) 955-3198

planing of the pavement and placing HMA pavement with crack seal. Reconstruction of existing asphalt concrete dikes within these limits will also be performed.

Additional improvements include:

- Utility adjustments and cleaning
- Reconstruction of asphalt median dikes east of Wood Road
- Replace traffic loops, signing and striping of roadway
- Reconstruction of 36" corrugated metal pipe on Nevada Road South of Ramona Expressway
- Asphalt concrete overside drains
- Utility adjustments and cleaning/clearing of existing catch basins and culverts
- Reconstruct median island at Harvill Avenue and Cajalco Expressway to alleviate flooding in left turn pocket

The project improvements from the east side of bridge that goes over the railroad tracks and freeway to approximately 500 feet west of Nevada Road will require Caltrans permitting/permission. There will be no additional right-of-way or temporary construction easements (TCE) required to construct the proposed improvements. The project improvements will be within the existing footprint of the roadway and will not raise the roadway profile.

ENVIRONMENTAL ANALYSIS: The project will extend the life of the pavement of the treated roads, which is a benefit to the traveling public. The project consists of maintenance and repair of an existing public road. There is no expansion of use of the road as a result of the project.

The rehabilitation of an existing public road will be conducted by the County, who is a permittee as defined by the Western Riverside Multi-Species Habitat Conservation Plan (WRMSHCP). The project is subject to compliance within the WRMSHCP. The project is outside of designated MSHCP Criteria Cells; however, it is still subject to compliance with the WRCMSHCP. Under Section 7.1 Covered Activities Outside Criteria Area and PQP lands of the MSHCP, necessary operation and maintenance projects, are Covered Activities and are not subject to survey or mitigation requirements outside criteria area and Public/Quasi-Public Lands. These covered activities are subject to compliance with Best Management Practices as described in Appendix C of the WRMSHCP.

If tree and/or vegetation removal takes place during the migratory bird breeding season (February 1 – September 1), a preconstruction nesting survey will be conducted pursuant to the Migratory Bird Treaty Act.

The County has found that the above-described project is exempt from the provisions of the California Environmental Quality Act (CEQA), based on the following:

Section 15301 (c) – Existing Facilities – The proposed project of pulverizing pavement and paving an existing road with HMA are consistent with Section 15301(c) which exempts existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities, (this includes road grading for the purpose of public safety). Furthermore, the project does not create additional automobile lanes and involves minimal to no expansion of use of the exiting roadway and associated facilities.
