BACKGROUND:

Summary

The District owns, operates and maintains the Cathedral Canyon Channel – East and West, Stage 2 facility, which provides flood protection and drainage improvements to the area. As part of Encroachment Permit No. 4150, the City is proposing to widen the Date Palm Drive bridge approximately 11 feet to (i) widen a bike lane to 8 feet by adding four additional feet of 3-inch asphalt concrete pavement, (ii) add a 6-foot wide sidewalk with integral curb, (iii) construct a concrete barrier with architectural treatments and metal railing, retaining wall and traffic signage and signals and (iv) extend the existing storm drain pipes ranging in diameter from 24-inch to 36-inch. The primary objective is to provide residents north of the channel with better connectivity to the downtown area through the installation of sidewalks and bicycle lanes.

This License Agreement sets forth the terms and conditions by which the District will allow the City to construct, inspect, operate and maintain the widened Date Palm Drive Bridge at Cathedral Canyon Channel and associated appurtenances within District held easements.

The widened Date Palm Drive Bridge will not conflict with the primary function of the Cathedral Canyon Channel – East and West, Stage 2 or the District's continued operation and maintenance of said facility. The District, in accordance with the terms of the License Agreement, will grant the dual use of the right of way to the City. Upon completion of construction by the City, the City will assume ownership and responsibility for the operation and maintenance of the widened Date Palm Drive Bridge and associated appurtenances located within the District's easements.

County Counsel has approved the License Agreement as to legal form, and the City intends to execute the License Agreement on its August 13th Meeting Agenda. The City's executed agreement is forthcoming.

Environmental Findings

As the CEQA lead agency, the City of Cathedral City has prepared and adopted a Final Mitigated Negative Declaration ("MND") for the project, which contains mitigation measures to reduce the potential of significant impacts resulting from the project, and is responsible for the implementation of the measures addressed in the MND. Pursuant to Section 15096 of the CEQA Guidelines, the District, acting as a responsible agency, has considered the MND and has determined that the MND provided by the lead agency covers the proposed work within the

OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

District's right of way and with mitigation no impacts beyond those already evaluated would occur. No further consideration is required under CEQA.

Impact on Residents and Businesses

The proposed action entails no new fees, taxes or bonded indebtedness to residents or businesses. This project is required by the City to provide residents with connections to the downtown area through the installation of sidewalks and bicycle lanes. The residents and businesses within the City are the primary beneficiaries of the proposed bridge project.

Additional Fiscal Information

The City is funding the operation and maintenance costs associated with the public use components of the bridge within its rights of way. The operation and maintenance of the existing flood control facility will continue to be a District responsibility.

11. Provide LICENSOR with a reproducible duplicate copy of final record drawings.

Said obligation shall not include any inverse condemnation liability of LICENSOR by reason of the location of CATHEDRAL CANYON CHANNEL or NORTH CATHEDRAL CANYON CHANNEL BRIDGE improvements thereto unless such liability is the result of LICENSEE's operations or use of the property by the public pursuant to LICENSEE's actual or tacit consent.

15. Protect the safety of the public who may utilize LICENSOR EASEMENTS by conducting periodic safety inspections of NORTH CATHEDRAL CANYON CHANNEL BRIDGE and promptly making repairs that are necessary to safeguard the public and its use thereof.

Waive any claim against LICENSOR for damages to NORTH CATHEDRAL CANYON CHANNEL BRIDGE resulting from LICENSOR's operation and maintenance activities performed within LICENSOR EASEMENTS or its appurtenant works, including any natural calamity, act of God or any cause or conditions beyond the control of LICENSOR, save and except damages resulting from LICENSOR's active negligence or willful misconduct.

19. Immediately remove, upon written request by LICENSOR's General Manager-Chief Engineer, any improvements and/or equipment not previously approved by LICENSOR or cease use where LICENSEE has installed said improvements and/or equipment or LICENSEE has used or allowed use of LICENSOR EASEMENTS in a manner which, in the sole opinion of LICENSOR's General Manager-Chief Engineer, would be detrimental to the operation of CATHEDRAL CANYON CHANNEL. If LICENSOR invokes this provision, it shall be required to communicate a detailed explanation of the basis for its determination that NORTH CATHEDRAL CANYON CHANNEL BRIDGE has become detrimental to the operation of CATHEDRAL CANYON CHANNEL in writing to LICENSEE and shall be required to meet and confer with LICENSEE's designated representatives prior to finalizing such opinion.

LICENSOR reserves the right to require remediation and, if remediation is unsuccessful, to terminate this License Agreement.

- a) LICENSEE shall remove, at its sole cost and expense, any elements of NORTH CATHEDRAL CANYON CHANNEL BRIDGE (and any associated improvements within LICENSED AREA) within sixty (60) calendar days of receipt of written notice from LICENSOR should LICENSOR, in its sole discretion, determine that such elements of NORTH CATHEDRAL CANYON CHANNEL BRIDGE or their associated use are incompatible with the operation and maintenance of LICENSOR EASEMENTS. LICENSEE's obligation hereunder shall be satisfied when LICENSEE has provided to INDEMNIFIED PARTIES the appropriate form of dismissal relieving INDEMNIFIED PARTIES from any liability for the action or claim involved. The specified insurance limits required in this License Agreement shall in no way limit or circumscribe LICENSEE's obligations to indemnify and hold harmless INDEMNIFIED PARTIES herein from third party claims.

23. In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code 2782. Such interpretation shall not relieve LICENSEE from indemnifying INDEMNIFIED PARTIES to the fullest extent allowed by law.

24. This indemnification provision shall survive termination or expiration of this License Agreement until such a time as the statute of limitations shall run for any claims that may arise out of this License Agreement.

25. LICENSEE shall strictly adhere to the following restrictions:

 - d) LICENSEE shall be responsible for any repairs or cost of repairs to any damage of LICENSOR EASEMENTS caused by any malfunction of or damages caused by NORTH CATHEDRAL CANYON CHANNEL BRIDGE;
 - e) LICENSEE must exercise due diligence in the protection of LICENSED AREA against damage or destruction by fire, vandalism or other cause;

restoration is not to be done or not necessary. In no event shall LICENSEE have any claim against LICENSOR for any of the costs of constructing, installing, maintaining or removing NORTH CATHEDRAL CANYON CHANNEL BRIDGE facility. In case LICENSEE shall fail to restore LICENSED AREA as aforesaid within one hundred eighty (180) days after the effective date of termination or revocation, LICENSOR may proceed with such work at the expense of LICENSEE or remove NORTH CATHEDRAL CANYON CHANNEL BRIDGE facility and appurtenances, if any, and any other property of LICENSEE located on LICENSED AREA. No termination hereof shall release LICENSEE from any liability or obligation hereunder, whether of indemnity or otherwise, resulting from any acts, omissions or events happening prior to the date NORTH CATHEDRAL CANYON CHANNEL BRIDGE facility is removed.

- g) LICENSEE agrees not to damage LICENSED AREA in the process of performing the permitted activities.

SECTION II

5. In accordance with the terms, covenants, conditions and provisions of this License Agreement, grant LICENSEE a revocable license to utilize LICENSED AREA, as generally depicted on Exhibit "B", for public purposes, provided that LICENSEE's activities do not, in any way whatsoever, unduly compromise CATHEDRAL CANYON CHANNEL's primary flood control purpose and function or otherwise interfere with LICENSOR's ability to operate, maintain, repair or reconstruct CATHEDRAL CANYON CHANNEL or any appurtenant works. Said license may be revoked by LICENSOR in the event that said uses, in the sole discretion of LICENSOR's General Manager-Chief Engineer, unduly compromise CATHEDRAL CANYON CHANNEL's primary flood control purpose and function or interfere with LICENSOR's ability to operate and maintain CATHEDRAL CANYON CHANNEL. In the event of a dispute between LICENSEE and LICENSOR as to whether the uses unduly compromise CATHEDRAL CANYON CHANNEL's primary flood control purpose and function or interfere with LICENSOR's ability to operate and maintain CATHEDRAL CANYON CHANNEL, the Parties shall meet and confer for at least thirty (30) days in an attempt to resolve the dispute.

In the event that LICENSEE cannot correct the non-conforming use or condition within ten (10) days, LICENSEE shall promptly inform LICENSOR of the time needed to correct the condition or use, the reasons for the same. LICENSOR, in its sole discretion, may grant LICENSEE a limited and reasonable extension of time to cure the non-conforming use or condition. Any such extension shall be in writing and may be conditioned upon terms deemed appropriate by LICENSOR.

8. Continue to maintain CATHEDRAL CANYON CHANNEL's structural integrity, including, but not limited to, lines and grades, inlets, fencing and ramps, to such an extent that CATHEDRAL CANYON CHANNEL continues to function as a flood control facility at its design level.

iv. If LICENSEE refuses or fails to comply with the provisions of this License.

v. At any time during the term of this License Agreement, LICENSEE may, upon thirty (30) calendar days' written notice, terminate this License Agreement, if LICENSOR orders any remediation, pursuant to Section I.20. above, which LICENSEE, in its sole discretion, believes would render the purpose of the License Agreement moot or otherwise

diminish LICENSEES need or use of this License Agreement such that it would eliminate or significantly reduce the value of the License Agreement to LICENSEE. In the event of a dispute between LICENSEE and LICENSOR as to whether the uses are not compatible, the Parties shall meet and confer for at least thirty (30) days in an attempt to resolve the dispute.

vi. Upon the termination of this License Agreement, LICENSEE shall return LICENSED AREA to original condition in accordance with Section I.25.f.

5. NORTH CATHEDRAL CANYON CHANNEL BRIDGE shall at all times remain under the sole ownership and exclusive responsibility of LICENSEE.
