BACKGROUND:

Summary

The annual Riverside County Agricultural Production Report is produced in accordance with Section 2279 of the California Department of Food and Agricultural Code and summarizes the acreage, production, and valuation of our county’s agricultural commodities. The Agricultural Commissioner is privileged to submit to the Board of Supervisors the 2024 Crop Report.

The gross value of all agricultural crops produced in 2024 is \$1,768,506,000 reflecting an increase of \$228 million—approximately 14.8%—over last year’s total value. The most significant growth was observed in Nursery Stock production (38.7%), followed by Vegetables (15%), and Tree and Vine crops (10.1%). In contrast, Apiculture experienced a decline of 11.5% in value. Riverside County’s agricultural strength lies in both the diversity of crops produced and the dedication of the people who cultivate them. This year’s report highlights more than 70 different commodities, with 55 exceeding \$1 million in gross value. The high-quality crops grown here continue to provide food and fiber to 48 countries worldwide, underscoring the global impact of our local industry.

It is my privilege to present the 2024 Riverside County Agricultural Production Report. This report is prepared in accordance with Section 2279 of the California Food and Agricultural Code and provides a comprehensive summary of the acreage, production, and valuation of our County's agricultural commodities.

The gross value of all agricultural crops produced in 2024 is **\$1,768,506,000** reflecting an increase of \$228 million—approximately 14.8%—over last year's total value. The most significant growth was observed in Nursery Stock production (38.7%), followed by Vegetables (15%), and Tree and Vine crops (10.1%). In contrast, Apiculture experienced a decline of 11.5% in value.

The Riverside County's agricultural strength lies in both the diversity of crops produced and the dedication of the people who cultivate them. This year's report highlights more than 70 different commodities, with 55 exceeding \$1 million in gross value. The high-quality crops grown here continue to provide food and fiber to 48 countries worldwide, underscoring the global impact of our local industry.

This annual report also serves as an opportunity to recognize the growers, shippers, ranchers, and businesses whose contributions are vital to the success of agriculture in Riverside County. I extend my sincere gratitude to the industry for their continued efforts in supplying the essential information that makes this report possible. Special recognition is also due to our dedicated staff for their hard work in compiling and producing the 2024 report.

Respectfully submitted,

Delia Jimenez Cioc

Agricultural Commissioner

Subject: 12-16-2025 Agriculture 2.2, 2.3, 2.4 pull

December 13, 2025

To the Honorable Board of Supervisors of Riverside County
Jose Medina, District 1
Karen Spiegel, District 2
Chuck Washington, District 3
V. Manuel Perez, District 4, Chairman
Yxtian Gutierrez, District 5

Please pull items 2.2, 2.3, 2.4 from the consent calendar for discussion at BOS meeting on December 16, 2025.

These local emergencies are eight years and twenty-six years in existence -- what is the course of action, annual data, and is there a plan if this is still an emergency or is it a declaration? What does it mean to property owners wishing to plant citrus trees or grape vines?

Item 2.3 renewal of Local Emergency in Riverside County due to discovery of Citrus Greening Disease, or Huanglongbing, all districts which was initially declared/adopted on August 29, 2017 (resolution number 2017-196)... what is plan for eradication, and status based on annual data? The HLB Detection Maps posted on the Agricultural Commissioner's Website would benefit from explanation. The quarantine boundaries - please explain which cities/communities are impacted.

Item 2.4 renewal of Local Emergency in Riverside County due to spread of Pierce's Disease in the Local Vineyards, District 3 which was initially declared/adopted on August 10, 1999 (resolution number 99-369)... what is plan for eradication, and status based on annual data?

I trust the Agricultural Commissioner or Office representative will refer to the 2025 Crop Report (item 2.2) and other documentation to provide clarity to their course of action, historic data, and how to eradicate this long-standing "emergency" related to items 2.3 and 2.4.

Thank you in advance for providing public transparency on this long-standing concern for our locally grown produce. We lift a glass of local wine, orange juice, or other preferred citrus beverage to you...

Respectfully,

Veronica Langworthy
A fan of locally grown, sustainable agriculture

BOARD RULES

Requests to Address Board on "Agenda" Items:

You may request to be heard on a published agenda item. Requests to be heard must be submitted to the Clerk of the Board before the scheduled meeting time.

Requests to Address Board on items that are "NOT" on the Agenda:

Notwithstanding any other provisions of these rules, member of the public shall have the right to address the Board during the mid-morning "Oral Communications" segment of the published agenda. Said purpose for address must pertain to issues which are under the direct jurisdiction of the Board of Supervisors. YOUR TIME WILL BE LIMITED TO THREE (3) MINUTES. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board.

Power Point Presentations/Printed Material:

Speakers who intend to conduct a formalized Power Point presentation or provide printed material must notify the Clerk of the Board's Office by 12 noon on the Monday preceding the Tuesday Board meeting, ensuring that the Clerk's Office has sufficient copies of all printed materials and at least one (1) copy of the Power Point CD. Copies of printed material given to the Clerk (by Monday noon deadline) will be provided to each Supervisor. If you have the need to use the overhead "Elmo" projector at the Board meeting, please ensure your material is clear and with proper contrast, notifying the Clerk well ahead of the meeting, of your intent to use the Elmo. Speakers are prohibited from bringing signs, placards, or posters into the hearing room.

Individual Speaker Limits:

Individual speakers are limited to a maximum of three (3) minutes. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board. Please step up to the podium when the Chair calls your name and begin speaking immediately. Pull the microphone to your mouth so that the Board, audience, and audio recording system hear you clearly. Once you start speaking, the "green" podium light will light. The "yellow" light will come on when you have one (1) minute remaining. When you have 30 seconds remaining, the "yellow" light will begin flash, indicating you must quickly wrap up your comments. Your time is up when the "red" light flashes. The Chair adheres to a strict three (3) minutes per speaker. ***Note: If you intend to give your time to a "Group/Organized Presentation", please state so clearly at the very bottom of the reverse side of this form.***

Group/Organized Presentations:

Group/organized presentations with more than one (1) speaker will be limited to nine (9) minutes at the Chair's discretion. The organizer of the presentation will automatically receive the first three (3) minutes, with the remaining six (6) minutes relinquished by other speakers, as requested by them on a completed "Request to Speak" form, and clearly indicated at the front bottom of the form.

Addressing the Board & Acknowledgement by Chair:

The Chair will determine what order the speakers will address the Board and will call on all speakers in pairs. The first speaker should immediately step to the podium and begin addressing the Board. The second speaker should take up a position in one of the chamber aisles to quickly step up to the podium after the preceding speaker. This is to afford an efficient and timely Board meeting, giving all attendees the opportunity to make their case. Speakers are prohibited from making personal attacks, and/or using coarse, crude, profane or vulgar language while speaking to the Board members, staff, the public and/or meeting participants. Such behavior, at the discretion of the Board Chair may result in removal from the Board Chambers by Sheriff Deputies.
