BACKGROUND:

Summary

The Foundation Component General Plan Amendment No. 240054 (GPA240054) is a proposal to amend the site's Foundation Component from Agricultural (AG) and Rural Community (RC) to Community Development (CD) and amend its Land Use Designation from Agriculture (AG) and Very Low Density Residential (VLDR) to Low Density Residential (LDR) and Commercial Retail (CR), on four parcels totaling 64 gross acres, in order to allow for the submittal of an application for a LDR development of detached single family residential dwelling units and CR development for local and regional serving retail and service uses.

The four (4) parcels are located north of Brookside Ave, east of Union St, south of Cherry Valley Blvd, and west of Nancy Ave in the Cherry Valley Policy Area and within The Pass Area Plan.

The proposed Foundation Component General Plan Amendment (FC-GPA) is an initiation procedure per the General Plan which occurs in eight (8) year cycles, most recently occurring in 2024. All property owners and applicants wanting to change their Foundation Components are required to submit their proposals for land use designation changes to the County of Riverside for consideration and possible initiation by the Board of Supervisors.

Further determination of zoning classifications, neighborhood compatibility, and other development factors or findings shall be made if the proposed FC-GPA (GPA240054) is initiated by the Board of Supervisors. Any FC-GPA initiated by the Board of Supervisors will require the submittal of an implementing project within six (6) months from initiation.

Applicant Proposal

FC-GPA240054 is a proposal to change the Foundation Component Land Use Designation. It is a proposal to amend the site's Foundation Component from Agricultural (AG) and Rural Community (RC) to Community Development (CD) and amend its Land Use Designation from Agriculture (AG) and Very Low Density Residential (VLDR) to Low Density Residential (LDR) and Commercial Retail (CR). The LDR development of detached single family residential dwelling units would be on large parcels of 0.5 to 1 acre with limited agriculture and animal keeping. The density range would allow for up to 1 dwelling unit per 0.5 acre. The CR development for local and regional serving retail and service uses. The parcels are located in a policy or overlay within the Cherry Valley Policy Area and within The Pass Area Plan.

If FC-GPA240054 is initiated by the Board of Supervisors, the applicant intends to apply for an implementing project consisting of Community Development: Low Density Residential (CD: LDR) and Community Development: Commercial Retail (CD:CR).

Proposed Future Land Use

The proposed Community Development (CD) Foundation encompasses many underlying land use designations.

The proposed Low Density Residential (LDR) Land Use designation is intended to allow for the development of detached single-family residential dwelling units on large parcels of 0.5 to 1 acre. Limited agriculture and animal keeping is permitted; however, intensive animal keeping is discouraged. The density range allows for up to 1 dwelling unit per 0.5 acre.

The proposed Commercial Retail (CR) Land Use Designation allows for local and regional serving retail and service uses.

Changes to Applicant Proposal

The original application proposed an FC-GPA request to change the General Plan Foundation Component and Land Use Designation to Community Development: Low Density Residential (CD: LDR) and Community Development: Commercial Retail (CD: CR).

After the General Plan Advisory Committee meeting, the applicant updated the FC-GPA request to exchange one of the requested CD: LDR parcels in favor of keeping the Rural Community foundation component (RC) with a land use change from Very Low Density Residential to Low Density Residential (RC: LDR).

At the Planning Commission meeting, it was noted that the proposed foundation changes did not coincide with the Cherry Valley district of the Pass Area plan. During the meeting the applicant restated to keep three parcels designated as Rural Community with a land use change from Very Low Density Residential to Low Density Residential. This was reflected in the presentation to the Planning Commission.

Since the Planning Commission meeting, this FC-GPA has returned to its original proposal of CD: LDR and CD: CR for consistency with the neighboring parcels.

PUBLIC HEARING NOTIFICATION AND COMMUNITY OUTREACH

This FC-GPA was advertised on the Riverside County Planning Department website. Additionally, public hearing notices in English and Spanish, pursuant to department policy and in accordance with the requirements of Ordinance 348, were mailed to property owners within 600 feet of the FC-GPA site for the General Plan Advisory Committee, Planning Commission, and Board of Supervisors public hearings.

One additional comment was received as of the drafting of this staff report. The comment was a request for any available information regarding this GPA240054 and confirmation that the BOS meeting is scheduled for September 22nd.

General Plan Advisory Committee Proceedings

A duly noticed public hearing to discuss FC-GPA240054 was held before the General Plan Advisory Committee on March 10, 2025. Two (2) comments were submitted before the General Plan Advisory Committee meeting. At that public hearing, the applicant presented their request for the proposal, the Committee opened the hearing for public comments, and three (3) members of the public provided public testimony.

Of the public comments received, three (3) were against the initiation of a General Plan Amendment, and none were in support. Comments against the initiation of the GPA cited traffic concerns, getting away from one-acre minimum lots, density, losing their country-style living/Cherry Valley lifestyle, and the effect on wildlife.

The Committee discussed the FC-GPA. Issues that were discussed included density concerns about the proposed 4,000 sq ft lot sizes not fitting in with the surrounding area. The result of the Committee's discussion of the initiation is provided below. After the General Plan Advisory Committee meeting, the applicant updated the FC-GPA request to exchange one of the requested CD: LDR parcels in favor of keeping the Rural Community foundation component (RC) with a land use change from Very Low Density Residential to Low Density Residential (RC: LDR).

Impact on Residents and Businesses

The proposed Foundation Component General Plan Amendment is merely a request to initiate a General Plan Amendment, not the General Plan Amendment itself. Thus, the request today is not a project under the California Environmental Quality Act (CEQA) and no impact on residents will occur at this stage. If the Foundation Component General Plan Amendment request is approved as recommended, within 6 months, the applicant must submit an implementing project along with the initiated General Plan Amendment. All impacts on residents and businesses will be considered at the time the implementing project is heard.

Additional Fiscal Information

All fees are paid by the applicant. There is no General Fund obligation.

The proposed Cherry Ranch Residential Subdivision and Commercial project is in the unincorporated Cherry Valley community of Riverside County. The project site is composed of four parcels. Below are the APNs with lot identification:

- **Lot A**: APN: 405-250-004, northern most parcel along Cherry Valley Boulevard;
- **Lot B**: APN: 405-250-008, located along Brookside Ave;
- **Lot C**: APN: 407-160-016, at the northeast corner of Brookside Ave. and Union St;
- **Lot D**: APN: 405-250-011, at the northwest corner of Nancy Ave and Brookside Ave.

The site is bounded by Cherry Valley Boulevard to the north, residential and Nancy Avenue to the east, Brookside Avenue to the south, and Union Street and residential to the west. (See attached Exhibit 1)

The proposed project includes Lots A through D (APNs: 405-250-004; 405-250-008; 407-160-016; 405-250-011), totaling approximately 64 gross acres for a Single-Family Subdivision with ½ (0.5) acre lot minimums and a 5-acre commercial parcel on the northwest corner of Brookside Avenue and Nancy Avenue as shown in Exhibit 1. A Foundation Component General Plan Amendment (FGPA) is required for Lot A (APN: 405-250-004) to change the existing Foundation Component of "Agriculture" to "Rural Community" with a land use designation of Low Density Residential (RC-LDR) with ½ (0.5) acre lot minimums within the Cherry Valley policy area. Lots B (APN: 405-250-008) and Lot C (APN: 407-160-016) will have no change to the existing Foundation Component, however, the proposed General Plan land use designation is proposed to change from "Very Low Density Residential" to "Low Density Residential" to accommodate ½ acre (0.5) lot minimums. Lot D (APN: 405-250-011) has an existing Foundation Component of "Rural Community", a FGPA is required to change the Foundation Component to "Community Development" to allow for residential and commercial uses. Lot D will also require a General Plan Amendment from "Very Low Density Residential" (VLDR) to Low Density Residential" (LDR) to allow for ½ acre lot minimums. Additionally, five (5) acres located on the southeast corner of lot D have been set aside for commercial uses and will require General Plan Amendment change from "Very Low Density Residential" to "Commercial Retail to allow for a local serving retail market. The community market will service the local community and is within a ¼ mile of Brookside Elementary School, and Beaumont High School. See Exhibit 2 and Exhibit 3 for existing and proposed General Plan designations.

				Commercial Retail (CR) (5 acres on the northeast corner of Brookside/Nancy Ave.)

Existing Project Site Conditions

The border of the City of Beaumont is located along Brookside Avenue which makes up the southern border of the project site. A single-family development similar in scale and character exists south of Brookside Avenue. Union Street, Cherry Valley Boulevard, and Nancy Avenue are flanked by very low-density single-family homes and agricultural development. Cherry Valley Nursery is located to the west of Lot A at the Southeast corner of Union and Cherry Valley Boulevard.

Beaumont High School, Brookside Elementary School, and Mountain View Middle School are within an approximately 0.5-mile radius of the project site. Providing more housing opportunities in this area will benefit new residents with close proximity to a variety of nearby schools. The Oak Valley Golf Club is located about ¼ of a mile south of the project site.

The implementation of this low density residential development coupled with a small community market in Cherry Valley will bring significant benefits to the community while preserving its cherished rural aesthetic. This residential subdivision will provide much-needed housing options but also create opportunities for local businesses to thrive. Additionally, the inclusion of a local serving market will foster a sense of community engagement and serve as a convenient hub for residents to access essential goods and services locally. Overall, this development represents a balanced approach to growth, fostering economic vitality while maintaining the unique character and tranquility that define Cherry Valley.

Proposed Utility Infrastructure

Water: The project site will be serviced by the Beaumont Cherry Valley Water District, and although water is available for the site, it cannot be utilized due to being in a different pressure zone. Specifically, the subject site is within the BCVWD 2850 pressure zone. To tie into this pressure zone, the point of connection for water will be located east on Cherry Valley Blvd near Noble Street.

Sewer: Presently, the project site and the surrounding County area lack wastewater infrastructure. The nearest sewer lines are located to the south on Brookside Avenue, however, this sewer infrastructure is serving the existing single-family community directly south of the project site and within the City of Beaumont. This is not feasible as the project will not have access to Beaumont's sewer infrastructure. A sewer package treatment facility or private septic systems will be considered for wastewater.

PROJECT BACKGROUND AND ANALYSIS

Background

The proposed Foundation Component General Plan Amendment (FC-GPA) is an initiation procedure per the General Plan which occurs in eight (8) year cycles, most recently occurring in 2024. All property owners and applicants wanting to change their Foundation Components are required to submit their proposals for land use designation changes to the County of Riverside for consideration and possible initiation by the Board of Supervisors.

Further determination of zoning classifications, neighborhood compatibility, and other development factors or findings shall be made if the proposed FC-GPA (GPA240054) is initiated by the Board of Supervisors. Any initiated FC-GPA, by the Board of Supervisors, will require the submittal of an implementing project within six (6) months from initiation.

Applicant Proposal

FC-GPA240054 is a proposal to change the Foundation Component Land Use Designation from Agriculture: Agriculture (AG: AG) and Rural Community: Very Low Density Residential (RC: VLDR) to Community Development: Medium High Density Residential (CD: MHDR), Community Development: Commercial Retail (CD: CR), and Rural Community: Low Density Residential (RC: LDR).

The parcel is located in the Cherry Valley Policy Area policy area. The Cherry Valley Policy Area includes policies to regulate lot sizes, encourage local serving development, and support the creation and maintenance of multi-purpose trails.

If FC-GPA240054 is approved by the Board of Supervisors, the applicant intends to apply for an implementing project consisting of a Single-Family Subdivision and a Commercial parcel.

Proposed Future Land Use

The proposed Community Development (CD) Foundation encompasses many underlying land use designations. The most intensive land use designation permitted within the CD Foundation is the Heavy Industrial (CD: HI) land use designation, which allows for more intense industrial activities that generate greater effects such as excessive noise, dust, and other nuisances.

The proposed Rural Community (RC) Foundation encompasses many underlying land use designations. The most intensive land use designation permitted within the RC Foundation is the Low Density Residential (RC: LDR) land use designation, which allows for single-family detached residences on large parcels of one to two acres, limited agriculture, and intensive equestrian and animal keeping uses.

The proposed Medium High Density Residential (CD: MHDR) land use designation is intended to allow for single-family attached and detached residences with a density range of 5 to 8 dwelling units per acre, which allows for lot sizes to range from 4,000 to 6,500 sq. ft.

The proposed Commercial Retail (CD: CR) land use designation allows for local and regional serving retail and service uses.

The proposed Cherry Ranch Residential Subdivision and Commercial project is in the unincorporated Cherry Valley community of Riverside County. The project site is composed of four parcels. Below are the APNs with lot identification:

- **Lot A**: APN: 405-250-004, northern most parcel along Cherry Valley Boulevard;
- **Lot B**: APN: 405-250-008, located along Brookside Ave;
- **Lot C**: APN: 407-160-016, at the northeast corner of Brookside Ave. and Union St;
- **Lot D**: APN: 405-250-011, at the northwest corner of Nancy Ave and Brookside Ave.

The site is bounded by Cherry Valley Boulevard to the north, residential and Nancy Avenue to the east, Brookside Avenue to the south, and Union Street and residential to the west. (See attached Exhibit 1)

The proposed project includes Lots A through D (APNs: 405-250-004; 405-250-008; 407-160-016; 405-250-011), totaling approximately 64 gross acres for a Single-Family Subdivision with varying densities ranging from 2-8 du/ac and a 5-acre commercial parcel on the northwest corner of Brookside Avenue and Nancy Avenue as shown in Exhibit 1. A Foundation Component General Plan Amendment (FGPA) is required for Lot A (APN: 405-250-004) to change the existing Foundation Component of "Agriculture" to "Community Development" with a land use designation of Medium High Density Residential (MHDR) to accommodate lot sizes from 4,000 to 6,500 sq. ft. (5-8 du/ac) within the Cherry Valley policy area. Lot C will have no change to the existing Foundation Component, however, the proposed General Plan land use designation is proposed to change from "Very Low Density Residential" to "Low Density Residential" to accommodate ½ acre (0.5) lot minimums. Lots B, and D have an existing Foundation Component of "Rural Community", a FGPA is required to change the Foundation Component to "Community Development" with a General Plan land use designation of "Medium High Density Residential" to accommodate single family residential lots 5-8 du/acre. Additionally, 5-acres located on the southeast corner of Lot D has been set aside for commercial uses and will require a General Plan Amendment to change the existing land use designation from Very Low Density Residential (RC-VLDR) to Commercial Retail (CR) to allow for a local serving retail market. The community market will service the local community and is within a ¼ mile of Brookside Elementary School, and Beaumont High School. See Exhibit 2 and Exhibit 3 for existing and proposed General Plan designations.

				Commercial Retail (5 acres on the northwest corner of Brookside/Nancy Ave.)

Existing Project Site Conditions

The border of the City of Beaumont is located along Brookside Avenue which makes up the southern border of the project site. A single-family development similar in scale and character exists south of Brookside Avenue. Union Street, Cherry Valley Boulevard, and Nancy Avenue are flanked by very low-density single-family homes and agricultural development. Cherry Valley Nursery is located to the west of Lot A at the Southeast corner of Union and Cherry Valley Boulevard.

Beaumont High School, Brookside Elementary School, and Mountain View Middle School are within an approximately 0.5-mile radius of the project site. Providing more housing opportunities in this area will benefit new residents with close proximity to a variety of nearby schools. The Oak Valley Golf Club is located about ¼ of a mile south of the project site.

The implementation of this medium high density residential development coupled with a small community market in Cherry Valley will bring significant benefits to the community while preserving its cherished rural aesthetic. This residential subdivision will provide much-needed housing options but also create opportunities for local businesses to thrive. Additionally, the inclusion of a local serving market will foster a sense of community engagement and serve as a convenient hub for residents to access essential goods and services locally. Overall, this development represents a balanced approach to growth, fostering economic vitality while maintaining the unique character and tranquility that define Cherry Valley.

Proposed Utility Infrastructure

Water: The project site will be serviced by the Beaumont Cherry Valley Water District, and although water is available for the site, it cannot be utilized due to being in a different pressure zone. Specifically, the subject site is within the BCVWD 2850 pressure zone. To tie into this pressure zone, the point of connection for water will be located east on Cherry Valley Blvd near Noble Street.

Sewer: Presently, the project site and the surrounding County area lack wastewater infrastructure. The nearest sewer lines are located to the south on Brookside Avenue, however, this sewer infrastructure is serving the existing single-family community directly south of the project site and within the City of Beaumont. This is not feasible as the project will not have access to Beaumont's sewer infrastructure. A sewer package treatment facility will be considered for wastewater.

PROJECT BACKGROUND AND ANALYSIS

Background

The proposed Foundation Component General Plan Amendment (FC-GPA) is an initiation procedure per the General Plan which occurs in eight (8) year cycles, most recently occurring in 2024. All property owners and applicants wanting to change their Foundation Components are required to submit their proposals for land use designation changes to the County of Riverside for consideration and possible initiation by the Board of Supervisors.

Further determination of zoning classifications, neighborhood compatibility, and other development factors or findings shall be made if the proposed FC-GPA (GPA240054) is initiated by the Board of Supervisors. Any FC-GPA initiated by the Board of Supervisors will require the submittal of an implementing project within six (6) months from initiation.

Applicant Proposal

FC-GPA240054 is a proposal to change the Foundation Component Land Use Designation from Agriculture: Agriculture (AG: AG) and Rural Community: Very Low Density Residential (RC: VLDR) to Community Development: Low Density Residential (CD: LDR) and Community Development: Commercial Retail (CD: CR). The parcel is located in the Cherry Valley Policy Area, within The Pass Area Plan.

If FC-GPA240054 is approved by the Board of Supervisors, the applicant intends to apply for an implementing project consisting of… (the development of…) (a…) (Permit type, additional changes provided by applicant, summarized by planner)

Proposed Future Land Use

The proposed Community Development (CD) Foundation encompasses many underlying land use designations. The most intensive land use designation permitted within the CD Foundation is the Heavy Industrial (CD-HI) land use designation, which allows for more intense industrial activities that generate greater effects such as excessive noise, dust, and other nuisances.

The proposed Low Density Residential (CD-LDR) Land Use designation is intended to allow for the development of detached single family residential dwelling units on large parcels of .5 to 1 acre. Limited agriculture and animal keeping is permitted, however, intensive animal keeping is discouraged. The density range allows for up to 1 dwelling unit per .5 acre.

The proposed Commercial Retail (CD-CR) Land Use Designation allows for local and regional serving retail and service uses.

Changes to Applicant Proposal

After presentation of the project proposal to the GPAC, the Applicant submitted a change to the proposal that is reflected in this staff report. The previous applicant proposal that was considered in the GPAC public hearing was for a change to three (3) parcels from Agriculture: Agriculture (AG: AG) and Rural Community: Very Low Density Residential (RC: VLDR) to Community Development: Medium High Density Residential (CD: MHDR) and Community Development: Commercial Retail (CD: CR).

PUBLIC HEARING NOTIFICATION AND COMMUNITY OUTREACH

This project was advertised on the Riverside County Planning Department website. Additionally, public hearing notices in English and Spanish, pursuant to department policy and in accordance with the requirements of Ordinance 348, were mailed to property owners within 300 feet of the project site for both the General Plan Advisory Committee and Planning Commission public hearings.

No comments were received as of the drafting of this staff report.

XXX comments were received after the close of the GPAC public hearing and as of the writing of this staff report. Those comments indicated concerns/support for/about X

General Plan Advisory Committee Proceedings

A duly noticed public hearing to discuss FC-GPA240054 was held before the General Plan Advisory Committee on March 10, 2025. Two (2) number of comments were submitted before the General Plan Advisory Committee meeting. At that public hearing, the applicant presented their request for the proposal, the Committee opened the hearing for public comments, and three (3) members of the public provided public testimony.

Of the public comments received, three (3) were against initiation of a General Plan Amendment, and none were in support. Comments against the initiation of the GPA cited traffic concerns, getting away from one-acre minimum lots, density, losing their country style living/Cherry Valley lifestyle, and the effect on wildlife.

The Committee discussed the project. Issues that were discussed included density concerns about the proposed 4,000 sq ft lot sizes not fitting in with the surrounding area. The result of the Committee's discussion of the initiation is provided below.

The proposed Cherry Ranch Residential Subdivision and Commercial project is in the unincorporated Cherry Valley community of Riverside County. The project site is composed of four parcels. Below are the APNs with lot identification:

- **Lot A**: APN: 405-250-004, northern most parcel along Cherry Valley Boulevard;
- **Lot B**: APN: 405-250-008, located along Brookside Ave;
- **Lot C**: APN: 407-160-016, at the northeast corner of Brookside Ave. and Union St;
- **Lot D**: APN: 405-250-011, at the northwest corner of Nancy Ave and Brookside Ave.

The site is bounded by Cherry Valley Boulevard to the north, residential and Nancy Avenue to the east, Brookside Avenue to the south, and Union Street and residential to the west. (See attached Exhibit 1)

The proposed project includes Lots A through D (APNs: 405-250-004; 405-250-008; 407-160-016; 405-250-011), totaling approximately 64 gross acres for a Single-Family Subdivision with ½ (0.5) acre lot minimums and a 5-acre commercial parcel on the northwest corner of Brookside Avenue and Nancy Avenue as shown in Exhibit 1. A Foundation Component General Plan Amendment (FGPA) is required for Lot A (APN: 405-250-004) to change the existing Foundation Component of "Agriculture" to "Rural Community" with a land use designation of Low Density Residential (RC-LDR) with ½ (0.5) acre lot minimums within the Cherry Valley policy area. Lots B (APN: 405-250-008) and Lot C (APN: 407-160-016) will have no change to the existing Foundation Component, however, the proposed General Plan land use designation is proposed to change from "Very Low Density Residential" to "Low Density Residential" to accommodate ½ acre (0.5) lot minimums. Lot D (APN: 405-250-011) has an existing Foundation Component of "Rural Community", a FGPA is required to change the Foundation Component to "Community Development" to allow for residential and commercial uses. Lot D will also require a General Plan Amendment from "Very Low Density Residential" (VLDR) to Low Density Residential" (LDR) to allow for ½ acre lot minimums. Additionally, five (5) acres located on the southeast corner of lot D have been set aside for commercial uses and will require General Plan Amendment change from "Very Low Density Residential" to "Commercial Retail to allow for a local serving retail market. The community market will service the local community and is within a ¼ mile of Brookside Elementary School, and Beaumont High School. See Exhibit 2 and Exhibit 3 for existing and proposed General Plan designations.

				Commercial Retail (CR) (5 acres on the northeast corner of Brookside/Nancy Ave.)

Existing Project Site Conditions

The border of the City of Beaumont is located along Brookside Avenue which makes up the southern border of the project site. A single-family development similar in scale and character exists south of Brookside Avenue. Union Street, Cherry Valley Boulevard, and Nancy Avenue are flanked by very low-density single-family homes and agricultural development. Cherry Valley Nursery is located to the west of Lot A at the Southeast corner of Union and Cherry Valley Boulevard.

Beaumont High School, Brookside Elementary School, and Mountain View Middle School are within an approximately 0.5-mile radius of the project site. Providing more housing opportunities in this area will benefit new residents with close proximity to a variety of nearby schools. The Oak Valley Golf Club is located about ¼ of a mile south of the project site.

The implementation of this low density residential development coupled with a small community market in Cherry Valley will bring significant benefits to the community while preserving its cherished rural aesthetic. This residential subdivision will provide much-needed housing options but also create opportunities for local businesses to thrive. Additionally, the inclusion of a local serving market will foster a sense of community engagement and serve as a convenient hub for residents to access essential goods and services locally. Overall, this development represents a balanced approach to growth, fostering economic vitality while maintaining the unique character and tranquility that define Cherry Valley.

Proposed Utility Infrastructure

Water: The project site will be serviced by the Beaumont Cherry Valley Water District, and although water is available for the site, it cannot be utilized due to being in a different pressure zone. Specifically, the subject site is within the BCVWD 2850 pressure zone. To tie into this pressure zone, the point of connection for water will be located east on Cherry Valley Blvd near Noble Street.

Sewer: Presently, the project site and the surrounding County area lack wastewater infrastructure. The nearest sewer lines are located to the south on Brookside Avenue, however, this sewer infrastructure is serving the existing single-family community directly south of the project site and within the City of Beaumont. This is not feasible as the project will not have access to Beaumont's sewer infrastructure. A sewer package treatment facility or private septic systems will be considered for wastewater.

PROJECT BACKGROUND AND ANALYSIS

Background

The proposed Foundation Component General Plan Amendment (FC-GPA) is an initiation procedure per the General Plan which occurs in eight (8) year cycles, most recently occurring in 2024. All property owners and applicants wanting to change their Foundation Components are required to submit their proposals for land use designation changes to the County of Riverside for consideration and possible initiation by the Board of Supervisors.

Further determination of zoning classifications, neighborhood compatibility, and other development factors or findings shall be made if the proposed FC-GPA (GPA240054) is initiated by the Board of Supervisors. Any initiated FC-GPA, by the Board of Supervisors, will require the submittal of an implementing project within six (6) months from initiation.

Applicant Proposal

FC-GPA240054 is a proposal to change the Foundation Component Land Use Designation from Agriculture: Agriculture (AG: AG) and Rural Community: Very Low Density Residential (RC: VLDR) to Community Development: Medium High Density Residential (CD: MHDR), Community Development: Commercial Retail (CD: CR), and Rural Community: Low Density Residential (RC: LDR).

The parcel is located in the Cherry Valley Policy Area policy area. The Cherry Valley Policy Area includes policies to regulate lot sizes, encourage local serving development, and support the creation and maintenance of multi-purpose trails.

If FC-GPA240054 is approved by the Board of Supervisors, the applicant intends to apply for an implementing project consisting of a Single-Family Subdivision and a Commercial parcel.

Proposed Future Land Use

The proposed Community Development (CD) Foundation encompasses many underlying land use designations. The most intensive land use designation permitted within the CD Foundation is the Heavy Industrial (CD: HI) land use designation, which allows for more intense industrial activities that generate greater effects such as excessive noise, dust, and other nuisances.

The proposed Rural Community (RC) Foundation encompasses many underlying land use designations. The most intensive land use designation permitted within the RC Foundation is the Low Density Residential (RC: LDR) land use designation, which allows for single-family detached residences on large parcels of one to two acres, limited agriculture, and intensive equestrian and animal keeping uses.

The proposed Medium High Density Residential (CD: MHDR) land use designation is intended to allow for single-family attached and detached residences with a density range of 5 to 8 dwelling units per acre, which allows for lot sizes to range from 4,000 to 6,500 sq. ft.

The proposed Commercial Retail (CD: CR) land use designation allows for local and regional serving retail and service uses.

The proposed Cherry Ranch Residential Subdivision and Commercial project is in the unincorporated Cherry Valley community of Riverside County. The project site is composed of four parcels. Below are the APNs with lot identification:

- **Lot A**: APN: 405-250-004, northern most parcel along Cherry Valley Boulevard;
- **Lot B**: APN: 405-250-008, located along Brookside Ave;
- **Lot C**: APN: 407-160-016, at the northeast corner of Brookside Ave. and Union St;
- **Lot D**: APN: 405-250-011, at the northwest corner of Nancy Ave and Brookside Ave.

The site is bounded by Cherry Valley Boulevard to the north, residential and Nancy Avenue to the east, Brookside Avenue to the south, and Union Street and residential to the west. (See attached Exhibit 1)

The proposed project includes Lots A through D (APNs: 405-250-004; 405-250-008; 407-160-016; 405-250-011), totaling approximately 64 gross acres for a Single-Family Subdivision with varying densities ranging from 2-8 du/ac and a 5-acre commercial parcel on the northwest corner of Brookside Avenue and Nancy Avenue as shown in Exhibit 1. A Foundation Component General Plan Amendment (FGPA) is required for Lot A (APN: 405-250-004) to change the existing Foundation Component of "Agriculture" to "Community Development" with a land use designation of Medium High Density Residential (MHDR) to accommodate lot sizes from 4,000 to 6,500 sq. ft. (5-8 du/ac) within the Cherry Valley policy area. Lot C will have no change to the existing Foundation Component, however, the proposed General Plan land use designation is proposed to change from "Very Low Density Residential" to "Low Density Residential" to accommodate ½ acre (0.5) lot minimums. Lots B, and D have an existing Foundation Component of "Rural Community", a FGPA is required to change the Foundation Component to "Community Development" with a General Plan land use designation of "Medium High Density Residential" to accommodate single family residential lots 5-8 du/acre. Additionally, 5-acres located on the southeast corner of Lot D has been set aside for commercial uses and will require a General Plan Amendment to change the existing land use designation from Very Low Density Residential (RC-VLDR) to Commercial Retail (CR) to allow for a local serving retail market. The community market will service the local community and is within a ¼ mile of Brookside Elementary School, and Beaumont High School. See Exhibit 2 and Exhibit 3 for existing and proposed General Plan designations.

				Commercial Retail (5 acres on the northwest corner of Brookside/Nancy Ave.)

Existing Project Site Conditions

The border of the City of Beaumont is located along Brookside Avenue which makes up the southern border of the project site. A single-family development similar in scale and character exists south of Brookside Avenue. Union Street, Cherry Valley Boulevard, and Nancy Avenue are flanked by very low-density single-family homes and agricultural development. Cherry Valley Nursery is located to the west of Lot A at the Southeast corner of Union and Cherry Valley Boulevard.

Beaumont High School, Brookside Elementary School, and Mountain View Middle School are within an approximately 0.5-mile radius of the project site. Providing more housing opportunities in this area will benefit new residents with close proximity to a variety of nearby schools. The Oak Valley Golf Club is located about ¼ of a mile south of the project site.

The implementation of this medium high density residential development coupled with a small community market in Cherry Valley will bring significant benefits to the community while preserving its cherished rural aesthetic. This residential subdivision will provide much-needed housing options but also create opportunities for local businesses to thrive. Additionally, the inclusion of a local serving market will foster a sense of community engagement and serve as a convenient hub for residents to access essential goods and services locally. Overall, this development represents a balanced approach to growth, fostering economic vitality while maintaining the unique character and tranquility that define Cherry Valley.

Proposed Utility Infrastructure

Water: The project site will be serviced by the Beaumont Cherry Valley Water District, and although water is available for the site, it cannot be utilized due to being in a different pressure zone. Specifically, the subject site is within the BCVWD 2850 pressure zone. To tie into this pressure zone, the point of connection for water will be located east on Cherry Valley Blvd near Noble Street.

Sewer: Presently, the project site and the surrounding County area lack wastewater infrastructure. The nearest sewer lines are located to the south on Brookside Avenue, however, this sewer infrastructure is serving the existing single-family community directly south of the project site and within the City of Beaumont. This is not feasible as the project will not have access to Beaumont's sewer infrastructure. A sewer package treatment facility will be considered for wastewater.

Good morning Edward,

I understand there is a hearing regarding 64.14 acres on the the corner of Brookside and Nancy. How can I oppose the project and get more information about it without going to Riverside?

Please let me know. Thank you.

Hello Mr Lincoln

My name is Sandra Younce and I am contacting you in hopes of receiving some important information. I would like to be able to share this information with my community at Highland Springs Country Club and our "Sister" community across the street, Highland Springs Village.
So far, I've only been able to retrieve locations, purpose of rezoning and GPA's for the following:
GPA 240052 and GPA 240054.
However, I was informed that there are 2 other parcels within the Cherry Valley community that are up for possible rezoning. I think another one is GPA 240073(don't quote me on that) and one other.
Since these rezonings would effect all the citizens within Cherry Valley and not just the neighbors directly across/next to the properties, I have taken upon myself to educate the residents within HSCC and HSV as to all the parcels being considered for rezoning and their purpose for rezoning.
If you could either provide me with a layout of all properties within Cherry Valley that are up for possible rezoning with the GPA, the location and purpose, or if that is not within your scope of duties, could you please let me know who I can contact to retrieve this information or perhaps you could forward this to the appropriate individual/department.
I spent 2 hours trying to research this online at Map My County and other Riverside county websites but could not locate them.
There is a meeting on May 12, 2025 at 1:30pm with the RCPC, and I'll like to have as many people as possible either attend thru zoom or in person to voice their support or opposition to these amendments.
Thank you so very much for your time and effort.

Hello.
I was told this item was moved to a different date from the original hearing of 3-10-2025, but do not know the exact date or time of new hearing or the new item number.
Regardless of when the hearing for this item is scheduled, I am extremely opposed to any such development of this type in the Cherry Valley area or along its border whatsoever.
The area does not have the infrastructure to support such a development. There is also insufficient space in the local schools, insufficient jobs or places to shop in the area for such a large influx of new residents; the roads and freeway will not accommodate that much more traffic during morning and evening commutes; and it the complete opposite of our nice quiet rural lifestyle out here. It is bad enough that you've inflicted the giant warehouses on us that are closer to the freeway, and the housing projects west of the freeway- but by all that is decent do not ruin our neighborhoods by allowing this man-made disaster to occur. We are not Los Angeles- stop trying to turn us into it.
Thank you.

Dear Mr. Lincoln,

My name is Lacey Webb and I currently reside in Cherry Valley, CA with my family. We recently purchased our home (2023), paying more than we wanted to (and probably more than the house was worth), gambling with high interest rates, etc. because we desired to raise our boys out of the city.

Additionally, we founded a non-profit 501c3 Farm Animal Sanctuary on our property. It is a special place where people and animals can find peace and healing. Our cross street is Cherry Valley Blvd.; I can't imagine more traffic than we already experience. Our infrastructure can't handle more traffic/houses to that degree. I know this may not be a concern to most, but it would negatively impact our animals, particularly the horses, who come to us to retire peacefully. Additional stress equals very substantial vet bills for us. It also takes away from the serenity people feel when coming to our property to find respite.

The rural landscape of Cherry Valley is what draws people to it; the family produce stands, animals, grazing cows. It's something that people travel to experience for a day… and the very thing that will be lost with the rezoning and addition of high density housing. This very lot in question is where my boys and I look for the cattle and thank God for the breath of fresh air and open space. This is a rare find in California and a very strange place to put high density housing, figuring we don't even have a grocery store, laundromat, or many restaurants. We have one small gas station. Many of our neighbors on well water have experienced issues with the water table. What would high density housing do to our water supply?? Our family and animals depend on it.

I am humbly asking you to deny this rezoning request!! We are not able to move our non-profit if the current zoning is changed. We moved to Cherry Valley because of the current zoning, please protect this little gem with us.

Respectfully,

Lacey Webb

Dear Mr. Lincoln,

I am writing to STRONGLY protest the rezoning of Cherry Valley. I have lived in Cherry Valley for 3 years and have experienced an amazing increase in traffic in the past year and a half trying to get my grandson to school in the morning. Highway 10 west is at a standstill every single morning with a huge number of drivers diverting from the highway route down Cherry Valley Blvd to Calimesa Blvd or Beaumont Ave. At the same time Brookside is inundated with the high school traffic. I can't imagine what the extra traffic will be like Or how anyone will be able to navigate this area, not to mention the warehouse traffic when that finally starts happening. Cherry Valley is a rural area that people chose for this reason . When we purchased our home it was because of the reassurance of the set zoning rules already in place. I feel it is not in the best interest of the land or the people who chose to live here to allow a housing development to disrupt this area. There are many considerable factors that need very close scrutiny before making such a drastic decision for this area. I feel strongly that this is not a good fit for Cherry Valley. Thank you for your consideration of my comments
Sincerely

Hello Mr Lincoln

My name is Sandra Younce and I am contacting you in hopes of receiving some important information. I would like to be able to share this information with my community at Highland Springs Country Club and our "Sister" community across the street, Highland Springs Village.
So far, I've only been able to retrieve locations, purpose of rezoning and GPA's for the following:
GPA 240052 and GPA 240054.
However, I was informed that there are 2 other parcels within the Cherry Valley community that are up for possible rezoning. I think another one is GPA 240073(don't quote me on that) and one other.
Since these rezonings would effect all the citizens within Cherry Valley and not just the neighbors directly across/next to the properties, I have taken upon myself to educate the residents within HSCC and HSV as to all the parcels being considered for rezoning and their purpose for rezoning.
If you could either provide me with a layout of all properties within Cherry Valley that are up for possible rezoning with the GPA, the location and purpose, or if that is not within your scope of duties, could you please let me know who I can contact to retrieve this information or perhaps you could forward this to the appropriate individual/department.
I spent 2 hours trying to research this online at Map My County and other Riverside county websites but could not locate them.
There is a meeting on May 12, 2025 at 1:30pm with the RCPC, and I'll like to have as many people as possible either attend thru zoom or in person to voice their support or opposition to these amendments.
Thank you so very much for your time and effort.

Hello.
I was told this item was moved to a different date from the original hearing of 3-10-2025, but do not know the exact date or time of new hearing or the new item number.
Regardless of when the hearing for this item is scheduled, I am extremely opposed to any such development of this type in the Cherry Valley area or along its border whatsoever.
The area does not have the infrastructure to support such a development. There is also insufficient space in the local schools, insufficient jobs or places to shop in the area for such a large influx of new residents; the roads and freeway will not accommodate that much more traffic during morning and evening commutes; and it the complete opposite of our nice quiet rural lifestyle out here. It is bad enough that you've inflicted the giant warehouses on us that are closer to the freeway, and the housing projects west of the freeway- but by all that is decent do not ruin our neighborhoods by allowing this man-made disaster to occur. We are not Los Angeles- stop trying to turn us into it.
Thank you.

Dear Mr. Lincoln,

My name is Lacey Webb and I currently reside in Cherry Valley, CA with my family. We recently purchased our home (2023), paying more than we wanted to (and probably more than the house was worth), gambling with high interest rates, etc. because we desired to raise our boys out of the city.

Riverside County Board of Supervisors
4080 Lemon Street, 1st Floor
Riverside, CA 92501
Subject: Opposition to General Plan Amendment No. 240054

Dear Members of the Riverside County Board of Supervisors,
I am writing to express my strong opposition to General Plan Amendment No. 240054, which proposes to change the property located east of Union Street, north of Brookside Avenue, south of Cherry Valley Boulevard, and east of Nancy Avenue from its current **rural** designation to **commercial and residential** (including mobile home and other high-density residential uses). This proposed change would have a deeply negative impact on our community and contradict the character, safety, and environmental integrity of the surrounding rural area. I respectfully urge you to deny this amendment for the following reasons:

1 Increased Traffic and Speeding:
The rural roads in and around Union Street and Cherry Valley Boulevard are not designed to handle the increased volume of vehicles that would accompany new commercial and high-density residential development. This project would significantly worsen congestion and speeding through residential and agricultural zones, threatening the quiet and safety of existing neighborhoods.

2 Increased Pollution:
Additional commercial activity and higher population density would inevitably bring more vehicular emissions, noise, and light pollution. This would degrade the air quality and peaceful rural environment that residents have long valued and relied upon.

3 Increased Risk of Car Accidents:
The anticipated traffic increase, combined with the narrow and winding nature of local roads, raises the likelihood of more frequent and severe traffic accidents. Local infrastructure is ill-equipped to handle such changes without significant safety risks to both drivers and pedestrians.

4 Violation of the Original Rural Land Designation and Intent:
When many property owners purchased land in this area, they did so based on the County's designation and assurance that it would remain rural. Changing the zoning now undermines the original intent of the General Plan and the trust residents placed in the County's long-term planning vision. Such a shift would erode the character and integrity of the rural community we have all worked to preserve.

In conclusion, approving this amendment would not only harm the environment and safety of our community but also break faith with the principles that guided the area's original land use planning (1 acre minimum). I strongly urge the Board to reject General Plan Amendment No. 240054 and uphold the existing rural designation for this property.
Thank you for your time and consideration of my concerns.

Respectfully,

Nertha Arroyo-Goodly

NOTICE OF PUBLIC HEARING BEFORE THE BOARD OF SUPERVISORS OF RIVERSIDE COUNTY ON AN INITIATION OF FOUNDATION COMPONENT GENERAL PLAN AMENDMENT NO. 240054 IN THE FIFTH SUPERVISORIAL DISTRICT

NOTICE IS HEREBY GIVEN that a public hearing at which all interested persons will be heard, will be held before the Board of Supervisors of Riverside County, California, on the 1st Floor Board Chambers, County Administrative Center, 4080 Lemon Street, Riverside, on **Tuesday, November 18, 2025 at 10:00 A.M.** or as soon as possible thereafter, to consider the Planning Commission's recommendation to approve **Initiation of Foundation Component General Plan Amendment No. 240054.** The applicant requests that the County of Riverside consider whether to recommend the initiation of GPA240054 to change the General Plan Foundation Component of four (4) parcels from Agriculture: Agriculture (AG: AG) and Rural Community: Very Low Density Residential (RC: VLDR) to Community Development: Low Density Residential (CD: LDR) and Community Development: Commercial Retail (CD: CR) to allow for submittal of an application for a single-family subdivision with an estimated eighty-four (84) dwelling units and a commercial parcel. Additional development applications and review by the County to confirm that the overall project complies with applicable standards, policies, findings, and other requirements will be required if the proposed GPA240054 is initiated by the Board of Supervisors. The General Plan Amendment is located on APNs: 405-250-004, 405-250-008, 405-250-011, and 407-160-016. This proposed project is located: North of Brookside Ave., East of Union St., South of Cherry Valley Blvd., and Nancy Ave. in the Fifth Supervisorial District.

The Riverside County Planning Department recommends that the Board of Supervisors **CONSIDER** whether to recommend the initiation of General Plan Amendment No. GPA240054 and, if recommended, **ADOPT** an order initiating General Plan Amendment No. GPA240054 and requiring the applicant to submit to the County a project within 6 months. **This action is not a project under CEQA (§21065), or otherwise meets the requirements of (§15061(b)(3)), and no further CEQA review is required.**

The meeting documents for the proposed project may be viewed online at: https://rivcocob.org/2025-agendas-and-proceedings or https://planning.rctlma.org/2024-general-plan-foundation-amendment-cycle when available.

Comments
This Cherry Valley area cannot be subjected to anymore housing, traffic, near schools, fire protection and emergency services, water & sewer demand on the existing system. I don't feel this is the time especially when the Cherry Valley Blvd. warehouse project has not even been completed and operational after the Cherry Valley residents opposed. It's a nightmare and the landscaping was a waste of money with water and traffic control.
