C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

Riverside University Health System – Medical Center (RUHS-MC) is requesting Board of Supervisors approval to purchase technology improvements and related services from Presidio Networked Solutions Group, LLC (Presidio). This request supports necessary network infrastructure and upgrades at the RUHS Medical Center campus, including the Medical Center Building, CPC Building, Education Building, Arlington Campus, and several mobile trailers located outside the main facility.

The existing network switches are approaching their end-of-life and no longer supported or eligible for replacement. As a result, they no longer receive manufacturer firmware updates, security patches, or hardware maintenance support.

Impact on Residents and Businesses

These services are a component of RUHS’s system of care aimed at improving the health and safety of its patients and the community.

Additional Fiscal Information

There are sufficient appropriations in the Department’s FY25/26 budget. No additional County funds are required.

Contract History and Price Reasonableness

The requested purchase with Presidio Networked Solutions Group, LLC., is a combination of products and services. The total equipment cost is \$1,654,805.68 and the total service cost is \$294,000.00. This purchase is being made through the countywide awarded vendor Presidio Networked Solutions Group, LLC., leveraging off RCIT contract ITARC-PO-0004902 awarded Presidio Network Solutions Group, LLC for Cisco Products and Support Services.

RUHS-MC is seeking Board approval as the cost exceeds the authority delegated to the purchasing agent to execute purchase orders in excess of \$100,000 for professional services and goods.
