BACKGROUND:

Summary

By Minute Order dated December 9, 2025 (Agenda Item: 3.54), the County of Riverside Board of Supervisors authorized the Clerk of the Board to advertise for the construction of the Van Buren Boulevard Resurfacing Project, in the Community of Woodcrest.

The project consists of resurfacing the full width of an approximately 1-mile segment of Van Buren Boulevard from Capella Street to Washington Street in the Community of Woodcrest of Riverside County.

At the project limits, Van Buren Boulevard is a four-lane facility that travels in the East-West direction with a road width that varies between 63 feet and 88 feet wide with segments of striped and raised median, paved and dirt shoulders, asphalt concrete dike and concrete curb and gutter, and is currently classified as an urban arterial highway in the circulation element of the County of Riverside General Plan. The areas in the immediate vicinity mainly consist of hilly open spaces areas, residential areas with single family dwellings, commercial areas, and vacant parcels areas.

Roadway resurfacing is needed due to the deteriorated pavement conditions. The resurfacing project consists of grinding down a portion of the existing asphalt concrete pavement, sealing existing cracks, and overlaying with Hot Mix Asphalt (HMA). Additionally, the treatment for the approach portions of various intersecting streets will consist of removing the existing asphalt concrete pavement and underlying material and placing new HMA pavement.

Additional improvements include reconstruction of asphalt concrete dike, reconstruction of asphalt concrete driveways, construction of concrete sidewalk, reconstruction of concrete curb and gutter, cross gutters, spandrels and of Americans with Disabilities Act (ADA) compliant concrete access ramps. Project construction includes updating the traffic signal at the intersection of Van Buren Boulevard and King Avenue to video camera detection system; safety features include installation of new painted traffic striping, retroreflective pavement markers, thermoplastic crosswalk and pavement markings, roadside signs, and other associated work.

The Contract includes the following schedules of work:

Base Bid Schedule 1:	Van Buren Boulevard Resurfacing
Alternative Bid Schedule 1:	Not Selected for Award, Charter Communications Facility Adjustments

Charter Communications selected to not participate in Alternative Bid Schedule 1, for the adjustment of their facilities by Vance Corporation. Charter Communications will adjust their facilities with their own forces.

The contractor, Vance Corporation, is qualified to perform the work as outlined in the bid, has executed the Contract, and has provided bonds and insurance documents which meet the requirements of the contract documents.

Project No. D1-0060

Impact on Residents and Businesses

The purpose of this project is to replace existing deteriorated pavement with new HMA for the approximate 1-mile segment of Van Buren Boulevard, from Capella Street to Washington Street, in the Community of Woodcrest to provide the public with a smooth paved roadway that will improve the safety and efficiency of vehicular traffic.

The work is scheduled to begin in May 2026. The work will be phased to keep the road open during construction as much as possible and will take approximately two and a half months to complete.

SUPPLEMENTAL:

Additional Fiscal Information

Construction is expected to be completed in Fiscal Year 2026/2027 and will be funded with Gas Tax/SB-1 funds.

There are no General Funds used in this project.

Contract History and Price Reasonableness

A total of ten bids were received on Wednesday January 7, 2026, ranging from $2,798,569 to $3,365,585. The basis for the selection of a contractor is the lowest responsive and responsible bid. The low bidder, Vance Corporation, submitted the lowest responsive and responsible bid in the amount of $2,798,569 which is $560,205 (16.7%) below the engineer's cost estimate.

The Transportation Department recommends the award of the contract to Vance Corporation in the amount of $2,796,469. The contract amount ($2,796,469) varies from the submitted bid amount $2,798,569 because Alternative Bid Schedule 1 in the amount of $2,100 was not selected for award.
