

MINUTES OF THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

PUBLIC COMMENT:

24.1

During the oral communication section of the agenda for Tuesday, April 14, 2026, Chani Beeman, Asher Jones, Nathan Kemp, Levonzo Gray, Ernest Cornish, Luis Nolasco, Alexander McBride, Violet Graham, and Doris Foreman spoke regarding Closed Session items concerning the Riverside County Sheriff, opposition to the County paying for the Sheriff's legal fees and transparency for closed session items.

**ATTACHMENTS FILED WITH
CLERK OF THE BOARD**

**AGENDA NO.
24.1**

Riverside County Board of Supervisors
Request to Speak

Submit request to the Clerk of the Board (right of podium), individual speakers are limited to a maximum of three (3) minutes, subject to Board Rules listed on the reverse side of this form. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board.

SPEAKER'S NAME: Chani Beeman

Address: 4428 Houghton Ave

_____ Support _____ Oppose _____ Neutral

I give my 3 minutes to: _____

Do you need a Spanish translator? Yes _____ No _____

(Revised: 2/20/2026)

BOARD RULES

Requests to Address Board on "Agenda" items:

You may request to be heard on a published agenda item. Requests to be heard must be submitted to the Clerk of the Board before the scheduled meeting time.

Requests to Address Board on items that are "NOT" on the Agenda:

Notwithstanding any other provisions of these rules, member of the public shall have the right to address the Board during the mid-morning "Oral Communications" segment of the published agenda. Said purpose for address must pertain to issues which are under the direct jurisdiction of the Board of Supervisors. YOUR TIME WILL BE LIMITED TO THREE (3) MINUTES. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board.

Power Point Presentations/Printed Material:

Speakers who intend to conduct a formalized Power Point presentation or provide printed material must notify the Clerk of the Board's Office by 12 noon on the Monday preceding the Tuesday Board meeting, ensuring that the Clerk's Office has sufficient copies of all printed materials and at least one (1) copy of the Power Point CD. Copies of printed material given to the Clerk (by Monday noon deadline) will be provided to each Supervisor. If you have the need to use the overhead "Elmo" projector at the Board meeting, please ensure your material is clear and with proper contrast, notifying the Clerk well ahead of the meeting, of your intent to use the Elmo. **Speakers are prohibited from bringing signs, placards, or posters into the hearing room.**

Individual Speaker Limits:

Individual speakers are limited to a maximum of three (3) minutes. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board. Please step up to the podium when the Chair calls your name and begin speaking immediately. Pull the microphone to your mouth so that the Board, audience, and audio recording system hear you clearly. Once you start speaking, the "green" podium light will light. The "yellow" light will come on when you have one (1) minute remaining. When you have 30 seconds remaining, the "yellow" light will begin flash, indicating you must quickly wrap up your comments. Your time is up when the "red" light flashes. The Chair adheres to a strict three (3) minutes per speaker. ***Note: If you intend to give your time to a "Group/Organized Presentation", please state so clearly at the very bottom of the reverse side of this form.***

Group/Organized Presentations:

Group/organized presentations with more than one (1) speaker will be limited to nine (9) minutes at the Chair's discretion. The organizer of the presentation will automatically receive the first three (3) minutes, with the remaining six (6) minutes relinquished by other speakers, as requested by them on a completed "Request to Speak" form, and clearly indicated at the front bottom of the form.

Addressing the Board & Acknowledgement by Chair:

The Chair will determine what order the speakers will address the Board and will call on all speakers in pairs. The first speaker should immediately step to the podium and begin addressing the Board. The second speaker should take up a position in one of the chamber aisles to quickly step up to the podium after the preceding speaker. This is to afford an efficient and timely Board meeting, giving all attendees the opportunity to make their case. Speakers are prohibited from making personal attacks, and/or using coarse, crude, profane or vulgar language while speaking to the Board members, staff, the public and/or meeting participants. Such behavior, at the discretion of the Board Chair may result in removal from the Board Chambers by Sheriff Deputies.

Riverside County Board of Supervisors
Request to Speak

Submit request to the Clerk of the Board (right of podium), individual speakers are limited to a maximum of three (3) minutes, subject to Board Rules listed on the reverse side of this form. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board.

NO TAXPAYER FUNDS FOR BIANCO!!!

State your position below

Oppose

Do you need a Spanish translator?

No

Comments

The CA Supreme Court has already ruled against Bianco's illegal ballot seizure. The Board must not reward that conduct with public money. ZERO dollars of my hard working tax money should go to criminal Bianco!! The even thought of this makes you all complacent with our money. This is our tax dollars not his tax dollars. If you vote yes on this, then you're just giving in to criminals. You're giving in our tax money to criminal activity and making sure he gets away with it. The Supreme Court already rolled against it him. The Board of Supervisors must hold the law in their hand and do not in any circumstances give away our tax dollars to a criminal.

You may request to be heard on a published agenda item. Requests to be heard must be submitted to the Clerk of the Board before the scheduled meeting time.

Requests to Address Board on items that are "NOT" on the Agenda:

Notwithstanding any other provisions of these rules, member of the public shall have the right to address the Board during the mid-morning "Oral Communications" segment of the published agenda. Said purpose for address must pertain to issues which are under the direct jurisdiction of the Board of Supervisors. YOUR TIME WILL BE LIMITED TO THREE (3) MINUTES. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board.

Power Point Presentations/Printed Material:

Speakers who intend to conduct a formalized Power Point presentation or provide printed material must notify the Clerk of the Board's Office by 12 noon on the Monday preceding the Tuesday Board meeting, ensuring that the Clerk's Office has sufficient copies of all printed materials and at least one (1) copy of the Power Point CD. Copies of printed material given to the Clerk (by Monday noon deadline) will be provided to each Supervisor. If you have the need to use the overhead "Elmo" projector at the Board meeting, please ensure your material is clear and with proper contrast, notifying the Clerk well ahead of the meeting, of your intent to use the Elmo. **Speakers are prohibited from bringing signs, placards, or posters into the hearing room.**

Individual Speaker Limits:

Individual speakers are limited to a maximum of three (3) minutes. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board. Please step up to the podium when the Chair calls your name and begin speaking immediately. Pull the microphone to your mouth so that the Board, audience, and audio recording system hear you clearly. Once you start speaking, the "green" podium light will light. The "yellow" light will come on when you have one (1) minute remaining. When you have 30 seconds remaining, the "yellow" light will begin flash, indicating you must quickly wrap up your comments. Your time is up when the "red" light flashes. The Chair adheres to a strict three (3) minutes per speaker. ***Note: If you intend to give your time to a "Group/Organized Presentation", please state so clearly at the very bottom of the reverse side of this form.***

Group/Organized Presentations:

Group/organized presentations with more than one (1) speaker will be limited to nine (9) minutes at the Chair's discretion. The organizer of the presentation will automatically receive the first three (3) minutes, with the remaining six (6) minutes relinquished by other speakers, as requested by them on a completed "Request to Speak" form, and clearly indicated at the front bottom of the form.

Addressing the Board & Acknowledgement by Chair:

The Chair will determine what order the speakers will address the Board and will call on all speakers in pairs. The first speaker should immediately step to the podium and begin addressing the Board. The second speaker should take up a position in one of the chamber aisles to quickly step up to the podium after the preceding speaker. This is to afford an efficient and timely Board meeting, giving all attendees the opportunity to make their case. Speakers are prohibited from making personal attacks, and/or using coarse, crude, profane or vulgar language while speaking to the Board members, staff, the public and/or meeting participants. Such behavior, at the discretion of the Board Chair may result in removal from the Board Chambers by Sheriff Deputies.

Riverside County Board of Supervisors
Request to Speak

Submit request to the Clerk of the Board (right of podium), individual speakers are limited to a maximum of three (3) minutes, subject to Board Rules listed on the reverse side of this form. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board.

TO: Riverside County Board of Supervisors (BOS)

FROM: Ronald F. Owens Jr., Retired Information Officer 2 (IO2),
California Department of Public Health (CDPH) <ronald@muzzledtruth.com>

SUBJECT: “[COVID-19] *Vaccines Are Killing People...*,” Federal Health Chief Said

DATE: July 29, 2024

United States Department of Health and Human Services Secretary Xavier Becerra said on April 14, 2022: “*We know that [COVID-19] vaccines are killing people of color, Blacks, Latinos, Indigenous People at about two times the rate of White Americans.*”

Secretary Becerra’s “*Secondly, by having better data we can do a couple things—vaccines, a year ago today, by the way we know that vaccines are killing people...*” quote appears on the White House’s official YouTube channel ([source 1](#)), and begins at the 45:50 mark. To listen to Becerra’s quote in context, scroll back to the 42:53 mark to hear the question asked of Housing and Urban Development (HUD) Secretary Marcia Fudge, as well as Secretary Becerra.

Hello, I was an Information Officer 2 with CDPH’s Office of Public Affairs—now Office of Communications— from March 2, 2009 to December 31, 2023. During my last eighteen months at CDPH, I shared with CDPH leadership on multiple occasions what Secretary Becerra said about the risks associated with COVID-19 vaccines. I also emailed Vaccine Adverse Events Reporting System (VAERS) data ([source 2](#)) to CDPH management. This data indicated thousands of deaths, hospitalizations, urgent care visitations and doctor office visits. This data also displayed the number of people who developed serious injuries —i.e., anaphylaxis, Bell’s Palsy, miscarriages, heart attacks, myocarditis/pericarditis, permanently disabled, thrombocytopenia/low platelet, life threatening, severe allergic reaction and shingles— as a result of being injected with COVID-19 vaccines. I noted that small pox vaccine program for healthcare workers back in 2003 was halted just after two deaths, according to an August 22, 2003, *New Scientist* article ([source 3](#)). I also noted some medical subject matter experts indicate VAERS data reflects only a small number of actual injuries and deaths. I didn’t know, until developing this memo, that *LifeSite News* reported some of this same data on June 7, 2022 ([source 4](#)).

I do not know whether my management apprised CDPH senior leadership, informed California Health and Human Services Secretary Dr. Mark Ghaly, or alerted California Gov. Gavin Newsom, as I recommended ([source 5](#).)

CDPH management told me it appears that Secretary Becerra misspoke. They said he was actually discussing deaths associated with COVID-19, not the vaccines. During my nearly thirty year California state civil service career, I have served as a Public Information Officer at the Governor’s Office of Emergency Services, the California Department of Motor Vehicles, the

California Community Colleges Chancellor's Office and CDPH. I have been involved with formulating, drafting, formatting, disseminating and posting hundreds of news releases. Anytime there's a misstatement or missing word or typographical error committed by me or by my PIO colleagues or by our subject matter experts—it's just common practice to correct the record. If he misspoke why did we not hear HUD Secretary Fudge, Domestic Policy Advisor Susan Rice and/or Office of Management and Budget Director Shalanda Young immediately ask Becerra to correct his misstatement? And why is that video still on the White House's official YouTube Channel for millions to see and hear?

Unfortunately, CDPH management did not take this alarming information I provided to them seriously. They made it about me, and not about forty million Californians. Initially I was politely ignored, threatened disciplinary action and then muzzled. I was issued a counseling memorandum for sharing with them this alarming information, which they should have shared with Californians way back in April, 2022.

Seeing there was nothing more that I could have done to alert Californians about COVID-19 vaccine health risk warnings as a CDPH IO2, I placed Californians interest over my personal pecuniary interest and retired—immediately incurring a 55 percent pay cut—so state public health officials would not muzzle this information.

Close to my December 31, 2023 retirement date, I learned that in May, 2021, the Centers for Disease Control and Prevention (CDC), the American Academy of Pediatricians and others knew that COVID-19 vaccines were injuring and killing people. But they—particularly Dr. Anthony Fauci and CDC Director Dr. Rochelle Walensky—continued to declare “vaccines are safe and effective!” (Note [source 6](#)). Now we know why Secretary Becerra said what he said nearly a year later (April 14, 2022).

After analyzing 325 autopsies ([source 7](#)) medical researchers concluded there's a 73 percent of deaths related to COVID-19 vaccinations, according to a study initially published in *The Lancet*, which was pulled. I note these three other recent other studies:

- **A February, 2024 study conducted in Germany ([source 8](#)), concluded,** “contrary to what would be expected with an effective vaccination, positive instead of negative correlations were observed: the more vaccinations were administered in a federal state, the greater the increase in excess mortality.”
- **An April, 2024 study conducted in Japan ([source 9](#)) concluded,** “statistically significant increases in age-adjusted mortality rates of all cancer and some specific types of cancer, namely, ovarian cancer, leukemia, prostate, lip/oral/pharyngeal, pancreatic, and breast cancers, were observed in 2022 after two-thirds of the Japanese population had received the third or later dose of SARS-CoV-2 mRNA-LNP vaccine. These particularly marked increases in mortality rates of these ER α -sensitive cancers may be attributable to several mechanisms of the mRNA-LNP vaccination rather than COVID-19 infection itself...”
- **A June, 2024 study conducted in Italy ([source 10](#)) concluded,** “The correlation of ITB has allowed us to eliminate remarkable distortions. Due to this bias from the original study about

the effectiveness of COVID 19 vaccines carried out in the province of Pescara, Italy. Moreover, the original study showed that the group who received at least a booster dose had an unlikely significantly lower risk of all cause death versus the unvaccinated. Unlike those vaccinated with one or two doses, who had significantly higher risk than the unvaccinated. We found all cause death risks to be even higher for those vaccinated with one and two doses compared to the unvaccinated and that the lower and that the booster doses were ineffective. We also found a slight statistically significant loss of life expectancy for those vaccinated with 2 3/4 doses.”

I also note that the COVID-19 vaccine injured are being heard.

The Army acknowledged ([source 11](#)) that research has shown that a 24-year-old soldier’s debilitating heart condition (postural orthostatic tachycardia syndrome) “was linked to a lesser degree to COVID-19 [mRNA vaccine from Moderna] vaccination.” This soldier’s life-threatening and life-altering condition is representative of hundreds, possibly thousands of other COVID-19 vaccine injury cases, according to this *RealClear Politics* report. Two COVID-19 vaccine injured people sued their respective local governments and won. An Australian man who developed pericarditis after receiving his third dose of the Pfizer mRNA COVID-19 vaccine will be paid weekly compensation and medical bills ([source 12](#)). And a Tennessee woman will be paid \$148,000 for her COVID-19 vaccine injury ([source 13](#)).

Furthermore, the states of Kansas ([source 14](#)) and Texas ([source 15](#)) are suing Pfizer for knowing and concealing that COVID-19 vaccine causes myocarditis, pericarditis, failed pregnancies and deaths. It has been reported that three other states have also sued Pfizer, but at the date of this memo I have not been able to independently confirm the existence of those lawsuits.

California Health & Safety Code (H&SC) 101025 states, “The board of supervisors of each county shall take measures as may be necessary to preserve and protect the public health.”

Therefore given the fact that COVID-19 vaccines pose a serious risk to the public, according to Secretary Becerra’s statement, VAERS data, federal health officials knowledge that COVID-19 vaccines are linked to myocarditis, several studies, plus a plethora of anecdotal reports of people dying suddenly (note African-American filmmaker Jennifer Sharp’s “ANECDOTALS” documentary, [[source 16](#)]); I strongly urge the Board of Supervisors to warn residents, and pursuant to and in accordance with H&SC 101025, direct Riverside County Health Officer to stop promoting, administering and distributing COVID-19 vaccine “to preserve and protect the public health.”

Please include this document as part of the County public record. I am sending this document to California’s fifty seven other BOS’ and am blind copying residents of some counties.

Thank you.

MINUTES OF THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

PUBLIC COMMENT:

24.4

During the oral communication section of the agenda for Tuesday, April 14, 2026, Brad Anderson spoke regarding concerns with political sign placement in his city and transparency.

**ATTACHMENTS FILED WITH
CLERK OF THE BOARD**

**AGENDA NO.
24.4**

Riverside County Board of Supervisors
Request to Speak

Submit request to the Clerk of the Board (right of podium), individual speakers are limited to a maximum of three (3) minutes, subject to Board Rules listed on the reverse side of this form. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board.

SPEAKER'S NAME: BRAD ALDERSON

Address: 37043 Fern Dr.

City: Sancho Mission Zip: 92270

Phone #: 760 324-9637

Date: 4-14-2026 Agenda # 24.

PLEASE STATE YOUR POSITION BELOW:

Position on "Regular" (non-appealed) Agenda Item:

_____ Support _____ Oppose _____ Neutral

Note: If you are here for an agenda item that is filed for "Appeal", please state separately your position on the appeal below:

_____ Support _____ Oppose _____ Neutral

I give my 3 minutes to: _____

Do you need a Spanish translator? Yes _____ No _____

BOARD RULES

Requests to Address Board on "Agenda" items:

You may request to be heard on a published agenda item. Requests to be heard must be submitted to the Clerk of the Board before the scheduled meeting time.

Requests to Address Board on items that are "NOT" on the Agenda:

Notwithstanding any other provisions of these rules, member of the public shall have the right to address the Board during the mid-morning "Oral Communications" segment of the published agenda. Said purpose for address must pertain to issues which are under the direct jurisdiction of the Board of Supervisors. YOUR TIME WILL BE LIMITED TO THREE (3) MINUTES. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board.

Power Point Presentations/Printed Material:

Speakers who intend to conduct a formalized Power Point presentation or provide printed material must notify the Clerk of the Board's Office by 12 noon on the Monday preceding the Tuesday Board meeting, ensuring that the Clerk's Office has sufficient copies of all printed materials and at least one (1) copy of the Power Point CD. Copies of printed material given to the Clerk (by Monday noon deadline) will be provided to each Supervisor. If you have the need to use the overhead "Elmo" projector at the Board meeting, please ensure your material is clear and with proper contrast, notifying the Clerk well ahead of the meeting, of your intent to use the Elmo. Speakers are prohibited from bringing signs, placards, or posters into the hearing room.

Individual Speaker Limits:

Individual speakers are limited to a maximum of three (3) minutes. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board. Please step up to the podium when the Chair calls your name and begin speaking immediately. Pull the microphone to your mouth so that the Board, audience, and audio recording system hear you clearly. Once you start speaking, the "green" podium light will light. The "yellow" light will come on when you have one (1) minute remaining. When you have 30 seconds remaining, the "yellow" light will begin flash, indicating you must quickly wrap up your comments. Your time is up when the "red" light flashes. The Chair adheres to a strict three (3) minutes per speaker. ***Note: If you intend to give your time to a "Group/Organized Presentation", please state so clearly at the very bottom of the reverse side of this form.***

Group/Organized Presentations:

Group/organized presentations with more than one (1) speaker will be limited to nine (9) minutes at the Chair's discretion. The organizer of the presentation will automatically receive the first three (3) minutes, with the remaining six (6) minutes relinquished by other speakers, as requested by them on a completed "Request to Speak" form, and clearly indicated at the front bottom of the form.

Addressing the Board & Acknowledgement by Chair:

The Chair will determine what order the speakers will address the Board and will call on all speakers in pairs. The first speaker should immediately step to the podium and begin addressing the Board. The second speaker should take up a position in one of the chamber aisles to quickly step up to the podium after the preceding speaker. This is to afford an efficient and timely Board meeting, giving all attendees the opportunity to make their case. Speakers are prohibited from making personal attacks, and/or using coarse, crude, profane or vulgar language while speaking to the Board members, staff, the public and/or meeting participants. Such behavior, at the discretion of the Board Chair may result in removal from the Board Chambers by Sheriff Deputies.

Mead Valley Trail Clark Street

How safe is it for children to walk to school in Mead Valley?

The RTA bus route includes Oleander to Clark to Martin.

All of the blue markers represent Registered Sex Offenders living in Mead Valley near our schools.

Is it safer to use the sidewalk or use the Bus?

The Sidewalk Project along Clark Street destroys the trail as it now includes the west side of Clark

In an attempt to solve drainage issues the County has installed sloped drainage grates and cement taking up the entire trail and right-of-way.

The slope, grates and cement represent dangerous obstacles within the right-of-way.

What started as a sidewalk project now includes both sides of Clark. This is dangerous for anyone walking or riding a horse along Clark Street.

This sets a precedent for the entire Trails system.

These Obstacles set a Dangerous Precedent

Each One of these 19 Area Plans include an adopted Trails System.

The right of Way and Trails in our Rural Communities need to be safe.

2) Area Plan Volume 1

- [Eastvale Area Plan](#)
- [Jurupa Area Plan](#)
- [Highgrove Area Plan](#)
- [Temescal Canyon Area Plan](#)
- [Elsinore Area Plan](#)
- [Southwest Area Plan](#)
- [Lake Mathews / Woodcrest Area Plan](#)
- [Mead Valley Area Plan](#)
- [Sun City / Menifee Valley Area Plan](#)
- [Harvest Valley / Winchester Area Plan](#)
- [March Area Plan](#)

3) Area Plan Volume 2

- [Reche Canyon / Badlands Area Plan](#)
- [Lakeview / Nuevo Area Plan](#)
- [San Jacinto Valley Area Plan](#)
- [The Pass Area Plan](#)
- [Riverside Extended Mountain \(REMAP\) Area Plan](#)
- [Western Coachella Valley Area Plan](#)
- [Eastern Coachella Valley Area Plan](#)
- [Desert Center Area Plan](#)

Has any analysis taken place?

The Community was assured that **NOTHING** would be built along the west side of Clark and the Trail would be preserved.

Certainly this is not the case.

Three drainage basins have been constructed.

The sloped concrete and grates are dangerous.

The sidewalk Project has been Amended to Include Drainage On The West Side of Clark

Drainage across the entire right-of-way is sloped into the drain.

Residents get off the bus along Clark and equestrians ride the trails.

These drains are extremely dangerous

Where is the contract and Form 11 for this Project?

The County **MUST** take out these dangerous drains out of the right-of-way before anyone gets injured.

If you have the need to use the overhead "Elmo" projector at the Board meeting, please ensure your material is clear and with proper contrast, notifying the Clerk well ahead of the meeting, of your intent to use the Elmo. **Speakers are prohibited from bringing signs, placards, or posters into the hearing room.**

Individual Speaker Limits:

Individual speakers are limited to a maximum of three (3) minutes. The Board may limit the public input on any item, based on the number of people requesting to speak and the business of the Board. Please step up to the podium when the Chair calls your name and begin speaking immediately. Pull the microphone to your mouth so that the Board, audience, and audio recording system hear you clearly. Once you start speaking, the "green" podium light will light. The "yellow" light will come on when you have one (1) minute remaining. When you have 30 seconds remaining, the "yellow" light will begin flash, indicating you must quickly wrap up your comments. Your time is up when the "red" light flashes. The Chair adheres to a strict three (3) minutes per speaker. ***Note: If you intend to give your time to a "Group/Organized Presentation", please state so clearly at the very bottom of the reverse side of this form.***

Group/Organized Presentations:

Group/organized presentations with more than one (1) speaker will be limited to nine (9) minutes at the Chair's discretion. The organizer of the presentation will automatically receive the first three (3) minutes, with the remaining six (6) minutes relinquished by other speakers, as requested by them on a completed "Request to Speak" form, and clearly indicated at the front bottom of the form.

Addressing the Board & Acknowledgement by Chair:

The Chair will determine what order the speakers will address the Board and will call on all speakers in pairs. The first speaker should immediately step to the podium and begin addressing the Board. The second speaker should take up a position in one of the chamber aisles to quickly step up to the podium after the preceding speaker. This is to afford an efficient and timely Board meeting, giving all attendees the opportunity to make their case. Speakers are prohibited from making personal attacks, and/or using coarse, crude, profane or vulgar language while speaking to the Board members, staff, the public and/or meeting participants. Such behavior, at the discretion of the Board Chair may result in removal from the Board Chambers by Sheriff Deputies.

Subject: *Urgent Constituent Concern: Formal Request for Independent Fitness Evaluation and Constitutional Oversight*

Dear elected official,

I am writing to you as a concerned constituent to formally address the physical and cognitive stability of the current U.S. Executive Administration. I am requesting that California's leadership use its significant platform to advocate for an immediate, independent evaluation of the President's mental and physical fitness, and to urge the activation of federal oversight mechanisms to ensure the continuity of stable governance.

While political disagreements are standard in any administration, my concerns pertain to observable markers of health and judgment that directly impact national security. To ensure this request is rooted in objective transparency, I am calling for the following:

1. Observed Cognitive and Behavioral Concerns

The following patterns have become increasingly apparent and warrant professional, non-partisan scrutiny:

Persistent Historical Confabulation: During a press conference on **April 6, 2026**, the President repeated a demonstrably false claim that he predicted and called for the killing of Osama bin Laden in his 2000 book. This recurring inability to distinguish personal narrative from established historical record suggests a concerning decline in fact-based recall.

Impulsive and Irregular Public Communications: On **April 12, 2026**, the President disseminated an AI-generated image depicting himself as a messianic figure, only to delete it hours later following widespread public outcry. This cycle of inflammatory, impulsive posting followed by deletion indicates a lack of the temperamental restraint required for the highest office in the land.

Disjointed Narrative Framing: During public appearances throughout **March 2026**, including the White House Easter event, the President's speech patterns have frequently drifted into incoherent or unrelated military anecdotes, suggesting difficulty maintaining a logical train of thought.

2. Physical Health Indicators

Observational data indicates a physical presentation that appears increasingly unsteady. Specific concerns include:

- Visible, significant swelling of the extremities (edema), particularly the ankles, which appears to have progressed since reports of a chronic venous insufficiency diagnosis last year.

- Apparent bruising on the skin, notably the hands, which may indicate underlying systemic health issues that require transparent medical disclosure.

3. Institutional Oversight and the 25th Amendment

I am deeply concerned by the apparent lack of transparent oversight from Cabinet officials, including the Secretaries of State and Defense, who appear to be enabling this presentation rather than exercising their oversight duties. I am calling for a formal inquiry into whether the standards of the **25th Amendment** or relevant **GAO** oversight protocols are being met to protect the office of the presidency.

4. Requested Action from Your Office

As a resident of Indio, California, I ask that your office:

- Forward this communication to California's Congressional delegation.
- Issue a public statement calling for federal transparency and a third-party medical evaluation agreed upon by both political parties.
- Provide a written response outlining the steps you are taking to ensure that constitutional checks on executive fitness are being monitored.

The American people deserve the assurance that the nation's leadership is demonstrably fit to execute the duties of the office. I look forward to your timely response.

Sincerely,

Paul Lorona

Public Comment to the Riverside County Sheriff's Oversight Committee

I am submitting this public comment to express serious concern regarding the conduct, accountability, and oversight of Sheriff Chad Bianco and the Riverside County Sheriff's Department.

Recent events have raised urgent questions about adherence to the rule of law and respect for state authority. Specifically, Sheriff Bianco's reported defiance of directives from the California Department of Justice and the Attorney General concerning the handling and seizure of ballots is deeply troubling. Any action by a county sheriff that appears to contradict or undermine lawful state election authority risks eroding public trust in both local law enforcement and the integrity of our democratic processes.

This concern does not exist in isolation. It must be viewed in the broader context of the department's troubling history, including repeated reports of in-custody deaths within Riverside County jails. Numerous families and community advocates have raised longstanding concerns about transparency, medical neglect, and accountability in these cases. The pattern suggests systemic issues that demand independent scrutiny and sustained oversight.

Taken together, these issues point to a potential breakdown in both internal accountability and external compliance. A sheriff's authority is significant, but it is not absolute. It must operate within the framework of state law, constitutional protections, and public accountability.

Therefore, I respectfully urge the Oversight Committee to:

1. Conduct or request an independent review of any actions taken by the Sheriff's Department relating to ballot handling or election-related enforcement.
2. Expand transparency measures regarding in-custody deaths, including public reporting, timelines, and independent investigations.
3. Evaluate whether current oversight mechanisms are sufficient to ensure compliance with state law and protection of civil rights.
4. Recommend corrective action where appropriate, including policy reform or referral to appropriate state authorities.

Public confidence in law enforcement depends on transparency, accountability, and adherence to the law at every level. The community deserves assurance that these standards are being upheld in Riverside County.

Thank you for your time and consideration.

Subject: Riverside County Budget

CAUTION: This email originated externally from the **Riverside County** email system. **DO NOT** click links or open attachments unless you recognize the sender and know the content is safe.

To the Clerk of Riverside County: I would like to register my comments for the upcoming community budget hearings in Supervisors Gutierrez, Perez, and Washington's districts:

Rather than putting so much of the County budget into criminal prosecution, probation services, and the Sheriff's Department, I believe we should be directing a portion of that money to severely underfunding critical areas such as housing and homelessness initiatives, mental health and rehabilitation, economic development and infrastructure, and programs and resources that assist community members returning from incarceration. The Sheriff's budget should not be increased for a number of reasons including:

- The Sheriff ended '24-'25 \$10M in the red
- This contributed to the County's \$38M midyear deficit
- The Sheriff claimed a \$76M shortfall for '25-'26 just to stay flat
- The Sheriff's Department is exempted from the countywide hiring freeze while other departments shrink
- \$164M have already been approved for deputy labor contracts

Thank you for considering these factors as you make difficult decisions re. the budget.

Sincerely,

--

Please Don't Take Away My Second Chance: Support the Kratom Consumer Protection Act

Formal testimony for the public record in opposition to the prohibition of pure-leaf kratom

Dear Honorable Riverside County Clerk of the Board and Riverside County Officials,

For years, I was a ghost in my own home. I suffered from Myalgic Encephalomyelitis (M.E.), a debilitating neuro-immune condition characterized by a profound, pathological disruption in cellular energy. This silent prison of pain stripped me of everything. I spent my days in a darkened room, unable to tolerate light or sound, my body failing to produce the basic energy required for a simple conversation. Traditional pharmaceuticals offered no relief, instead bringing a carousel of severe side effects that only deepened my isolation.

There were months when my entire world was reduced to the four walls of a bedroom with the curtains taped shut. It wasn't just exhaustion; it was a physical inability to exist in a world with light or sound. The hum of the refrigerator two rooms away felt like a jackhammer against my skull, and even the weight of a bedsheet on my skin was sometimes more than I could bear. I spent years essentially buried alive, watching the clock move but unable to even lift my head to speak. I became a bystander in my own home, listening to the muffled sounds of life happening in the kitchen while I lay in the dark, wondering if I would ever again have the strength to do something as simple as sit at a table and eat a meal with my family.

That cycle of total isolation only ended when I finally found a botanical that did what years of prescriptions could not. For the first time in my life, the brain fog lifted, and the systemic neuroinflammation receded enough for me to rejoin the world. The emotional impact of this shift cannot be overstated. It allowed me to return to being a present, active husband to my wife and a functional member of society. Today, I am proud to hold a full-time supervisory position at my company, working a rigorous schedule. Without the biochemical support of unadulterated, pure-leaf kratom, this level of sustained professional output would be physically impossible.

However, this hard-won independence is currently under threat. I share your deep concerns about the unregulated marketplace. We are facing a crisis where bad actors sell unsafe, adulterated products that jeopardize the health of law-abiding citizens. Recently, the market has seen the rise of highly concentrated 7-hydroxymitragynine (7-OH) extracts. These isolated extracts pose a severe risk and do not represent the natural, leaf-form kratom that I and millions of others rely upon. Whereas natural kratom leaf contains only negligible, trace amounts of 7-OH (not exceeding 0.1%), these hazardous retail concentrates represent a massive escalation in potency, reaching levels 500% higher than the unadulterated botanical.

Banning kratom outright will not stop illicit markets; it will only punish constituents like me, forcing us back into a prison of darkness and endless suffering. For me, a ban is not a mere inconvenience; it is a forced return to a bedbound existence where I can no longer support my family or maintain my employment. We need a law-and-order approach that cracks down on fraudulent manufacturers while protecting consumers' access to safe, natural botanicals.

I respectfully urge you to support the Kratom Consumer Protection Act. This legislation will:

- 1.
- 2.
3. Strictly prohibit the sale of any kratom products to individuals under 21.
- 4.
- 5.
- 6.
7. Cap the allowable concentration of 7-OH to a fraction of a percent to eliminate dangerous, opioid-like retail
8. extracts.
- 9.
- 10.
- 11.
12. Mandate third-party laboratory testing to ban synthetic adulterants, heavy metals, and microbial contamination.
- 13.

Please do not allow the one therapeutic tool that gave me my life back to be regulated out of existence. By supporting the KCPA, you are establishing safety boundaries that penalize dangerous manufacturers while protecting the medical autonomy and lives of your constituents.

Sincerely,
Joseph Harrington

Further Reading

Research into the pharmacological and chemical properties of kratom distinguishes between the safety profile of the natural botanical and the risks posed by concentrated extracts or adulterated products. Studies suggest that many adverse health events are not caused by the plant itself, but by synthetic contaminants like O-desmethyltramadol found in unregulated mixtures. Furthermore, the medicinal chemistry of the primary alkaloids in pure leaf is being explored for its potential to provide therapeutic relief with a different safety profile than traditional opioids.
