BACKGROUND:

Summary

Riverside University Health System – Public Health’s (RUHS-PH) Children’s Medical Services (CMS) branch has received funding from the California Department of Public Health (CDPH) to support the Childhood Lead Poisoning Prevention Program (CLPP) within Riverside County. As part of the CLPP, RUHS-PH will provide lead-related activities, such as providing direct case management for children of California, as well as education to the communities, families, and health care providers throughout Riverside County. Additionally, RUHS-PH will work with other local agencies and organizations to alert the Childhood Lead Poisoning Prevention Branch (CLPPB) of new sources of lead exposure and barriers in the continuum of care and prevention, and help develop creative strategies towards realizing a healthy, lead-safe environment for children.

This new funding will be directed to lowering the newly established state definition of a childhood lead poisoning case so that more children receive case management services, and to provide basic services to all children who are identified with above usual lead exposure.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Impact on Residents and Businesses

The Childhood Lead Prevention Program (CLPP) coordinates with a range of local agencies and organizations on lead-related activities, alerts the State to new sources of lead exposure and barriers in the continuum of care and prevention, and helps develop creative new strategies toward realizing a mutual vision of a health, lead-safe environment in which all children can achieve their full potential.

Additional Fiscal Information

CLPP receives 100% of its funding from the State. There is no impact on County General Funds. Funds will be distributed as follows:

Fiscal Year	Amount
26/27	\$1,750,876
27/28	\$1,750,876
Total:	\$3,501,751

*Rounded to the nearest dollar

RUHS-PH is also requesting approval to roll over unspent funds from one fiscal year to the next fiscal year as needed throughout the period of performance of the Agreement.

Board approval is being requested based on the State allocation letter and anticipated funding amount in order to expedite execution of the agreement once it is received. Due to ongoing delays in the State issuing contracts, there is a risk that the agreement may not be finalized by July 1. Without an executed agreement, services cannot continue, which could impact seven (7) FTE positions. The State has recommended obtaining advance Board approval so the agreement can be executed promptly upon receipt. Approval is also requested to authorize the Public Health Director to sign the agreement, upon approval as to form by County Counsel, to ensure continuity of services to the community.

Contract History and Price Reasonableness

RUHS-PH has been providing Lead Prevention services since March 27, 2012. The funding continues to be provided by CDPH for services related to CLPP. The Board of Supervisors last approved this funding on December 12, 2023, on Agenda Item 3.50 in the amount of \$4,520,921 for the period of performance of July 1, 2023, through June 30, 2026.
