**BACKGROUND:**

**Summary**

Waste Collection Franchise Agreements covering unincorporated areas of Riverside County were phased in between 1997 and 1998. Within each of the existing eleven Franchise Agreements is a provision for an annual adjustment of the rates effective each July 1<sup>st</sup>. Franchise area 1 (El Cerrito/Mead Valley/Winchester - Attachment C), 3 (Lake Mathews/Reche Canyon/Highgrove - Attachment D), and 4 (Coronita/Woodcrest/Green River - Attachment E) are located in various areas within the unincorporated county.

This adjustment to the rates includes consideration of a number of indexes, detailed in Section 10.4.1 of the current Franchise Agreement:

- The Consumer Price Index (Bureau of Labor Statistics – CPI-U Series CUURS49CSA0)
- The Disposal Tipping Fee
- The Recycling Processing Fee
- The Organics Processing fee

The detailed rate calculation worksheets factoring in the CPI increase have been reviewed for accuracy by the Department of Environmental Health and a third-party waste consultant. The updated rate sheets are maintained by the Department of Environmental Health.

**Impact on Residents and Businesses**

Presently, residential customer rates vary across WMI's three Franchise Areas. The rate for three bin residential service currently ranges from \$35.73 to \$37.88 per month. The proposed rate changes would increase up to \$1.20, resulting in an adjustment range from \$36.86 to \$39.08 per month.

Business rates will also rise by varying amounts, depending on the size of the bins and the frequency of service provided.

The complete rate sheets are provided as Attachment B.

The approval of this change will result in no cost to the County; implementation expenses are borne by the franchisee.
