<b>FINANCIAL DATA</b>	<b>Current Fiscal Year:</b>	<b>Next Fiscal Year:</b>	<b>Total Cost:</b>	<b>Ongoing Cost</b>
<b>COST</b>	\$0	\$0	\$0	\$0
<b>NET COUNTY COST</b>	\$0	\$0	\$0	\$0
<b>SOURCE OF FUNDS: N/A</b>			<b>Budget Adjustment: No</b>	
			<b>For Fiscal Year: 2025/2026</b>	

**C.E.O. RECOMMENDATION:** Approve

**BACKGROUND:**

**Summary**

In accordance with the provisions of Board Policy A-43, the Records Management and Archives Program (RMAP) worked with appropriate departments to review the Records Retention Schedule attached. Approval will authorize the disposal of certain records following mandatory retention requirements, thereby enabling the County to reduce the cost of storage for obsolete materials while ensuring that administrative, fiscal, legal, and other recordkeeping responsibilities are met. Prior agenda references are noted on the appropriate cover page. Per Government Code Section 26202, this item requires a 4/5 vote.

The department is updating several record series citation / rationale, title and description.

**Impact on Residents and Businesses**

The citizens of Riverside County benefit from the efficiencies gained through the application of generally accepted recordkeeping principles.

### Introduction

This Departmental Records Retention Schedule (DRRS) for the Department of Environmental Health (DEH) is adopted as per the recommendations of Board Policy A-43 and supersedes the DRRS adopted January 14, 2025, as Item #3.18.

This schedule is written with general titles and descriptions rather than identifying specific individual documents or forms. A record with content and function that is substantially the same as an item described in this schedule should be considered covered by that series. This retention schedule indicates the length of time that listed records, regardless of media or format, must be retained by the department before disposition may be implemented. These retention requirements are recommended in order to reduce the costs for the storage and maintenance of records while ensuring that administrative, fiscal, legal and other recordkeeping responsibilities are met.

Records, including copies held for convenience or reference, must be disposed of as directed herein at the close of the official retention period. Retention schedule changes apply to all documents unless they have been digitally uploaded into a Trusted System. The regulatory requirements include the immutability standards for objects in a Trusted System. This includes the initial retention applied to the digital file per RMAP management. A full justification for any request to extend the retention period for a particular group of records must be submitted in writing to the Records Management and Archives Program (RMAP) as stated by Board Policy A-43, Section D.5.

If a federal or state statute or regulation specifies a longer retention period for any records series received, created, or maintained by the department, the statute or regulation override this schedule, and the department must amend its records retention schedule as soon as practicable. In addition, a record may not be destroyed if notice of litigation, audit, public records request, etc. is received prior to the expiration of the retention period. For records held for audit purposes, the Auditor Controller's Office, or appropriate auditing authority, will notify the department once the audit is complete. In the event a lawful claim or a lawsuit is made against the county of Riverside, the department will suspend destruction of the subject records until all issues of the matter are resolved. Further, if the department is notified by County Counsel or Human Resources to put documents on hold due to a claim or other legal proceeding, the department will suspend any records destruction of the identified documents. (Board Policy A-43 § D.9)

The department will maintain the requested records until the close of litigation or proceedings plus an additional ten (10) years. The department is responsible for ascertaining the correct date of closure in order to establish this ten (10) year retention period. Furthermore, the department is responsible for establishing appropriate procedures to ensure that records are retained for the period of time mandated and that the records remain accessible as required.

### Explanation of Fields

**Record Series Codes:** The Record Series Code is assigned by RMAP. The code is alphanumeric and uniquely identifies the Record Series Title regardless of the schedule it occupies enabling the Record Series to be tracked within the master index system.

**Record Series Title:** The Record Series Title identifies a group of similar records generally produced or utilized for similar business needs allowing them to be evaluated as a group for retention scheduling purposes.

**Record Series Description:** A description of the Record Series Title that includes examples, not an exhaustive list, of the record types found within the group.

**Official Record Retention:** The length of time that the official record must be kept based upon the legal minimum requirement as well as any operational or business need. All other copies must be disposed of at the end of the retention period. For example, departmental copies held for convenience or reference must be destroyed at the close of the retention period or when no longer needed to support normal business operations, whichever is earlier.

**Citation / Rationale:** The legal citation or operational/business reason for retaining the official record for the period specified.

**Final Disposition:** The recommended final status or arrangement for the official record, usually disposed of by confidential shredding or transfer to the County of Riverside Archives as determined through best practice.

### Explanation of Codes

**Best Practice** = Best Practice determined through business and government agency benchmarks.

**CY** = Calendar year end

**GC** = California Government Code

**CCP** = California Code of Civil Procedure

**HSC** = California Health and Safety Code

**CCR** = California Code of Regulations

**P** = Permanent

**CFC** = California Fire Code

**PRC** = Public Resource Code

**CFR** = Code of Federal Regulations

**RTC** = California Revenue and Tax Code

**CL** = Closed, which will also mean after final resolution (as in an inquiry or litigation) after expiration (as in a contract) after final payment, upon completion of participation in a program, etc. A record is considered "closed" when no further action is pending or required.

**CU** = Current

## COUNTY OF RIVERSIDE RECORDS RETENTION SCHEDULE

Department / Agency: Department of Environmental Health (DEH)

Schedule Type: Departmental Records Retention Schedule (DRRS)

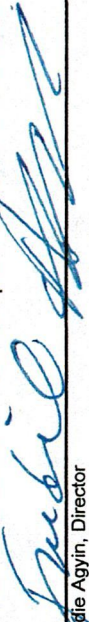

Division: All

Schedule #: **DRRS\_DEH\_2025\_REV07**

Section: All

With full consideration given to the preservation of the historic records of the County, the undersigned hereby certifies that this retention schedule was developed in compliance with countywide standards and policies and conforms with accepted records and information management practices.

Department Head: \_\_\_\_\_

  
 Freddie Agyin, Director

Date: 4/20/2026
