BACKGROUND:

Summary

The District's cubicle system is over 30 years old and no longer supported. Broken components can no longer be replaced, and modifications to support operational needs can no longer be made. This Agreement will allow for on-call services to support the transition to a new cubicle system on as-needed basis. The approach allows the District to limit disruptions to work while also ensuring growth and operational needs are met. The Agreement is limited to a period that spans three fiscal years and a not to exceed amount of \$3,000,000.

The Agreement sets forth the terms and conditions by which GoForth & Marti dba G/M Business Interiors will provide assistance to and on behalf of the District to support its ongoing operational needs and improve workplace efficiency.

County Counsel has approved the Agreement as to legal form, and GoForth & Marti dba G/M Business Interiors has executed the Agreement.

Impact on Residents and Businesses

Costs incurred under this Agreement will be funded by ad valorem property tax revenue and entail no new fees, taxes or bonded indebtedness.

Additional Fiscal Information

Sufficient funding is available in the District's Budget for Fiscal Year 2025/2026 and will be included in the recommended budget(s) for Fiscal Years 2026/2027 through 2027/2028, as appropriate and necessary.

Contract History and Price Reasonableness

In February 2023, the County of Riverside utilized Regional Cooperative Agreement #RCA-017-22010154 ("RCA") established between the County of Orange and GoForth & Marti dba G/M Business Interiors for the purchase and assembly of various office and lodge furniture. This RCA was properly solicited and complies with the County's governing laws and requirements. As a Special District, the District now seeks to take advantage of the existing County of Orange contract and enter into a direct agreement with Goforth & Marti dba G/M Business Interiors to acquire the same services to support effective and efficient procurement process, ensuring the prudent use of local government funds.

21.4 The specified insurance limits required in this Agreement shall in no way limit or circumscribe CONTRACTOR's obligations to indemnify and hold harmless the Indemnitees herein from third party claims.

21.5 In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with California Civil Code 2782. Such interpretation shall not relieve CONTRACTOR from indemnifying the Indemnitees to the fullest extent allowed by law. The obligations reflected in this section shall survive the discharge or other termination of this Agreement.

Each worker of the CONTRACTOR, or any subcontractor, engaged in the Scope of Services, shall be paid not less than the general prevailing wage rate, regardless of any contractual relationship which may be alleged to exist between the CONTRACTOR or any subcontractor, and such worker.

C3.0. Prevailing Rate Penalty

The CONTRACTOR shall, as a penalty, forfeit two hundred dollars (\$200.00) to the DISTRICT for each calendar day or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of the DIR for such work or craft in which such worker is employed by the CONTRACTOR or by any subcontractor in connection with the Scope of Services. Pursuant to California Labor Code section 1775, the difference between such prevailing wage rates and the amount paid to each worker for each calendar day, or portion thereof, for which each worker was paid less than the prevailing wage rate, shall be paid to each worker by the CONTRACTOR.

C4.0. Ineligible Contractors:

Pursuant to the provisions of Labor Code section 1777.1, the Labor Commissioner publishes and distributes a list of contractors ineligible to perform work as a contractor or subcontractor on a public works project. This list of debarred contractors is available from the DIR website at <http://www.dir.ca.gov/Public-Works/PublicWorks.html>. Any contract entered into between a contractor and a debarred subcontractor is void as a matter of law. A debarred subcontractor may not receive any public money for performing work as a subcontractor on a public works contract, and any public money that may have been paid to a debarred subcontractor by a CONTRACTOR on the project shall be returned to the DISTRICT. The CONTRACTOR shall be responsible for the payment of wages to workers of a debarred subcontractor who has been allowed to work on the Scope of Services.

C5.0. Payroll Records:

Pursuant to California Labor Code section 1776, the CONTRACTOR and each subcontractor, shall keep accurate certified payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker or other employee employed by them in connection with the Scope of Services. The payroll records enumerated herein shall be verified by a written declaration made under penalty of perjury that the information contained in the payroll record is true and correct and that the CONTRACTOR or subcontractor has complied with the requirements of the California Labor Code sections 1771, 1811, and 1815 for any Scope of Services performed by his or her employees. The payroll records shall be available for inspection at all reasonable hours at the principal office of the CONTRACTOR on the following basis:

- (1) A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his/her authorized representative on request;
- (2) A certified copy of all payroll records shall be made available for inspection or furnished upon request to the DISTRICT, the Division of Labor Standards Enforcement of the DIR;
- (3) A certified copy of payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either the DISTRICT or the Division of Labor Standards Enforcement. If the requested payroll records have not been previously provided to the DISTRICT or the Division of Labor Standards Enforcement, the requesting Party shall, prior to being provided the records, reimburse the cost of preparation by the CONTRACTOR, subcontractor and the entity through which the request was made; the public shall not be given access to such records at the principal office of the CONTRACTOR;

(4) The CONTRACTOR shall file a certified copy of the payroll records with the entity that requested such records within ten (10) days after receipt of a written request; and

(5) Copies provided to the public, by the DISTRICT or the Division of Labor Standards Enforcement shall be marked or obliterated in such a manner as to prevent disclosure of an individual's name, address and social security number. The name and address of the CONTRACTOR or any subcontractor, performing a part of the Scope of Services shall not be marked or obliterated. The CONTRACTOR shall inform the DISTRICT of the location of payroll records, including the street address, city and DISTRICT and shall, within five (5) working days, provide a notice of a change of location and address. The CONTRACTOR shall have ten (10) days from receipt of the written notice specifying in what respects the CONTRACTOR must comply with the above requirements. In the event CONTRACTOR does not comply with the requirements of this section within the ten (10) day period, the CONTRACTOR shall, as a penalty to the DISTRICT, forfeit one-hundred dollars (\$100.00) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Labor Standards Enforcement, such penalty shall be withheld from any portion of the payments then due or to become due to the CONTRACTOR.

C6.0. Limits of Hours of Work:

Pursuant to California Labor Code section 1810, eight (8) hours of labor shall constitute a legal day's work. Pursuant to California Labor Code section 1811, the time of service of any worker employed at any time by the CONTRACTOR or by a subcontractor, upon the Scope of Services or upon any part of the Scope of Services, is limited and restricted to eight (8) hours during any one calendar day and forty (40) hours during any one calendar week, except as provided for under Labor Code section 1815. Notwithstanding the foregoing provisions, work performed by employees of CONTRACTOR or any subcontractor, in excess of eight (8) hours per day and forty (40) hours during any one week, shall be permitted upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half (1½) times the basic rate of pay.

C7.0. Penalty of Excess Hours:

The CONTRACTOR shall pay to the DISTRICT a penalty of twenty-five dollars (\$25.00) for each worker employed on the Scope of Services by the CONTRACTOR or any subcontractor, for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week, in violation of the provisions of the California Labor

Code, unless compensation to the worker so employed by the CONTRACTOR is not less than one and one-half (1½) times the basic rate of pay for all hours worked in excess of eight (8) hours per day.

C8.0. Senate Bill 854 (Chapter 28, Statutes of 2014) Requirements:

C8.1. CONTRACTOR shall comply with Senate Bill 854 (signed into law on June 20, 2014). The requirements include, but are not limited to, the following:

a. No contractor or subcontractor may be listed on a bid proposal (submitted on or after March 1, 2015) for a public works project unless registered with the DIR pursuant to Labor Code section 1725.5, with limited exceptions from this requirements for bid purposes only as allowed under Labor Code section 1771.1(a).

b. No contractor or subcontractor may be awarded a contract for public work or perform work on a public works project (awarded on or after April 1, 2015) unless registered with the DIR pursuant to Labor Code section 1725.5.

c. This project is subject to compliance monitoring and enforcement by the DIR.

d. As required by the DIR, CONTRACTOR is required to post job site notices, as prescribed by regulation, regarding compliance monitoring and enforcement by the DIR.

e. CONTRACTOR and all subcontractors must submit certified payroll records online to the Labor Commissioner for all new public works projects issued on or after April 1, 2015, and for all public works projects, new or ongoing, on or after January 1, 2016.

i. The certified payroll must be submitted at least monthly to the Labor Commissioner.

ii. The DISTRICT reserves the right to require CONTRACTOR and all subcontractors to submit certified payroll records more frequently than monthly to the Labor Commissioner.

iii. The certified payroll records must be in a format prescribed by the Labor Commissioner.

C8.2. As required by Labor Code 1771.1(a) "A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded."

C9.0. STATE PUBLIC WORKS APPRENTICESHIP REQUIREMENTS

C9.1. State Public Works Apprenticeship Requirements: The CONTRACTOR is responsible for compliance with Labor Code section 1777.5 and the California Code of Regulations, title 8, sections 230 – 230.2 for all apprenticeable occupations (denoted with “#” symbol next to craft name in DIR Prevailing Wage Determination), whether employed by the CONTRACTOR, subcontractor, vendor or consultant. Included in these requirements is (1) the CONTRACTOR’s requirement to provide notification (i.e. DAS-140) to the appropriate apprenticeship committees; (2) pay training fund contributions for each apprenticeable hour employed on the Contract; and (3) utilize apprentices in a minimum ratio of not less than one apprentice hour for each five journeyman hours by completion of Contract work (unless an exception is granted in accordance with Labor Code section 1777.5) or request for the dispatch of apprentices.

Any apprentices employed to perform any of the Scope of Services shall be paid the standard wage to apprentices under the regulations of the craft or trade for which such apprentice is employed, and such individual shall be employed only for the work of the craft or trade to which such individual is registered. Only apprentices, as defined in California Labor Code section 3077, who are in training under apprenticeship standards and written apprenticeship agreements under California Labor Code sections 3070 et seq. are eligible to be employed for the Scope of Services. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which such apprentice is training.

C9.2. Compliance with California Labor Code section 1777.5 requires all public works contractors to:

C9.2.1) Submit Contract Award Information (DAS-140)

a. Although there are a few exemptions (identified below), all contractors, regardless of union affiliation, must submit contract award information when performing on a California public works project.

b. The DAS-140 is a notification “announcement” of the CONTRACTOR’s participation on a public works project—it is not a request for the dispatch of an apprentice.

c. CONTRACTOR shall submit the contract award information (you may use form DAS 140) within 10 days of the execution of the prime CONTRACTOR subcontract, but in no event later than the first day in which the CONTRACTOR has workers employed on the public work.

d. Contractors who are already approved to train apprentices (i.e. check “Box 1” on the DAS-140) shall only be required to submit the form to their approved program.

e. Contractors who are NOT approved to train apprentices (i.e. those that check either “Box 2” or “Box 3” on the DAS-140) shall submit the DAS-140 TO EACH of the apprenticeship program sponsors in the area of your public works project. For a listing of apprenticeship programs see <http://www.dir.ca.gov/Databases/das/pwaddrstart.asp>.

C9.2.2) Employ Registered Apprentices

a. Labor Code section 1777.5 requires that a contractor performing work in an “apprenticeable” craft must employ one (1) hour of apprentice work for every five (5) hours performed by a journeyman. This ratio shall be met prior to the contractor’s completion of work on the project. “Apprenticeable” crafts are denoted with a pound symbol “#” in front of the craft name on the prevailing wage determination.

b. All contractors who do not fall within an exemption category (see below) must request for dispatch of an apprentice from an apprenticeship program (for each apprenticeable craft or trade) by giving the program actual notice of at least 72 hours (business days only) before the date on which apprentices are required.

c. Contractors may use the “DAS-142” form for making a request for the dispatch of an apprentice.

d. Contractors who are participating in an approved apprenticeship training program and who did not receive sufficient number of apprentices from their initial request must request dispatch of apprentices from ALL OTHER apprenticeship committees in the project area in order to fulfill this requirement.

e. CONTRACTOR should maintain and submit proof (when requested) of its DAS-142 submittal to the apprenticeship committees (e.g. fax transmittal confirmation). CONTRACTOR has met its requirement to employ apprentices only after it has successfully made a dispatch request to all apprenticeship programs in the project area.

f. Only “registered” apprentices may be paid the prevailing apprentice rates and must, at all times work under the supervision of a Journeyman (Cal. Code Regs., tit 8, § 230.1).

C9.2.3) Make Training Fund Contributions

a. Contractors performing in apprenticeable crafts on public works projects, must make training fund contributions in the amount established in the prevailing wage rate publication for journeymen and apprentices.

b. Contractors may use the “CAC-2” form for submittal of their training fund contributions.

c. Contractors who do not submit their training fund contributions to an approved apprenticeship training program must submit their contributions to the California Apprenticeship Council (CAC), PO Box 420603, San Francisco, CA 94142-0603.

d. Training fund contributions to the CAC are due and payable on the 15th day of the month for work performed during the preceding month.

e. The “training” contribution amount identified on the prevailing wage determination shall not be paid to the worker, unless the worker falls within one of the exemption categories listed below.

C9.2.4) Exceptions to Apprenticeship Requirements: The following are exempt from having to comply with California apprenticeship requirements. These types of contractors do not need to submit a DAS-140, DAS-142, make training fund contributions, or utilize apprentices.

a. When the contractor holds a sole proprietor license (“Owner-Operator”) and no workers were employed by the contractor. In other words, the contractor performed the entire work from start to finish and worked alone.

b. Contractors performing in non-apprenticeable crafts. “Apprenticeable” crafts are denoted with a pound symbol “#” in front of the craft name on the prevailing wage determination.

c. When the contractor has a direct contract with the Public Agency that is under \$30,000.

d. When the project is 100% federally-funded and the funding of the project does not contain any city, DISTRICT, and/or state monies (unless the project is administered by a state agency in which case the apprenticeship requirements apply).

e. When the project is a private project not covered by the definition of public works as found in Labor Code section 1720.

C9.2.5) Exceptions from Apprenticeship Ratios: The Joint Apprenticeship Committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting the CONTRACTOR from the 1-to-5 ratio set forth in this Section when it finds that any one of the following conditions are met:

a. Unemployment for the previous three-month period in such area exceeds an average of fifteen percent (15%); or

b. The number of apprentices in training in such area exceeds a ratio of 1-to-5 in relation to journeymen; or

c. The Apprenticeable Craft or Trade is replacing at least one-thirtieth (1/30) of its journeymen annually through apprenticeship training, either on a statewide basis or on a local basis; or

d. If assignment of an apprentice to any work performed under the Contract Documents would create a condition which would jeopardize such apprentice's life or the life, safety or property of fellow employees or the public at large, or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When such exemptions from the 1-to-5 ratio between apprentices and journeymen are granted to an organization which represents contractors in a specific trade on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local Joint Apprenticeship Committees, provided they are already covered by the local apprenticeship standards.

C9.2.6) CONTRACTOR's Compliance: The responsibility of compliance with this Section for all Apprenticeable Trades or Crafts is solely and exclusively that of the CONTRACTOR. All decisions of the Joint Apprenticeship Committee(s) under this Section are subject to the provisions of California Labor Code section 3081 and penalties are pursuant to Labor Code section 1777.7 and the determination of the Labor Commissioner.
