WILDOMAR MDP LATERAL C STAGE 3 AND BUNDY CANYON BASIN

This is a District-led project to reduce flooding along Bundy Canyon Wash in the city of Wildomar. The project consists of a 19-acre detention basin at the southeast corner of Monte Vista Drive and Bundy Canyon Road to collect and attenuate flows, and 930 feet of reinforced concrete box storm drain (predominantly 8'Hx14'W) to convey flows from the basin southerly along Monte Vista Drive to an existing Caltrans culvert crossing underneath Interstate 15. Construction of the project is fully funded by the District, and final plans are expected by June 2023.
